May 11, 2017

Introduced by Sen. KRUEGER -- read twice and ordered printed, and when printed to be committed to the Committee on Cities

AN ACT to amend the administrative code of the city of New York, in relation to enacting the New York city department of buildings community accountability act

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings. The legislature hereby finds and 2 declares that the health and safety of the population living in and 3 around the many construction projects within the densely populated city 4 of New York is a matter of state concern as pressure mounts to build 5 more and more while completing projects in the shortest time possible. 6 Construction is the most dangerous occupation, with death rates four 7 times the average for other workers and conditions adjacent to 8 construction sites dangerous to the public.

9 A comprehensive public reporting system for the tracking of accidents, 10 vacate orders, safety violations, and enforcement actions of the depart-11 ment of buildings is an essential component of assuring greater account-12 ability and transparency in assuring compliance with the building code 13 and the zoning resolution to improve public safety.

14 § 2. This act shall be known and may be cited as the "New York city 15 department of buildings community accountability act".

16 § 3. Section 28-103.18.1 of the administrative code of the city of New 17 York, as added by local law number 33 of the city of New York for the 18 year 2007, is amended to read as follows:

19 § 28-103.18.1 Complaint records. The department shall keep records of 20 complaints made by any person in reference to any building or other 21 matter under the jurisdiction of the department. Recorded complaints 22 shall include the name and residence of the complainant, the name of the 23 person complained of, the date of the entry of the complaint and any 24 suggested remedies. Except for entries of names and residences of the

The administrative code of the city of New York is amended by adding a new section 28-104.11 to read as follows: § 28-104.11 Community board notification of plan approval. 1. a. When an application for approval of plans submitted to the department has been approved for a new building, the department shall notify the community board and the borough president of the borough where the new building shall be located of the docket and its number for such plan, and the address where the building is to be built. Upon the request of the community board, the department shall furnish, and provide a regular update, of the complete docket of the project, including all plans and drawings, permits, amendments to the plan, audits, objections, and such other material as shall comprise the docket of said project. b. The department shall furnish the complete docket of the project within five business days of said request, and each additional document added to the docket within five days of such addition. 2. a. The community board in which any new building project is located, in consultation with the borough president in the borough of the location of such project, may request in writing and upon a vote of the board, an audit-review of up to thirty plans per year by the department, which the department shall be obligated to conduct. The department shall provide the board and the borough president the results of such audit-review including any objections to the plan provided to the applicant. The department shall furnish a preliminary report to the board and the borough president within thirty days, and a final report within sixty days, of whether the plan complies with the building code and the zoning resolution. b. Nothing in this section shall be construed to limit requests for audits, reviews, or other actions by the department, by community boards or borough presidents. 3. Where the department is auditing and reviewing any approved plan, any notice of objections to the plan shall be published on the department of buildings information website maintained by the city of New York. 4. Within ninety days of the effective date of this subdivision, the department shall promulgate standards for allowing permitted work to continue when objections to approved plans by the department occur. The adoption of such standards shall be subject to chapter forty-five of the New York city charter. 8 9. The opening paragraph of section 28-105.1 of the administrative code of the city of New York is designated subdivision 1 and a new subdivision 2 is added to read as follows: The department shall publish on its website by community board, 2. notice of permits granted for any new building, foundation and earthwork, alteration, and any demolition and removal, including the address of the project where the permit has been granted. The department shall provide access to or furnish a copy of the permit and other documents

49 provide access to or furnish a copy of the permit and other documents 50 within the docket established for the project, either electronically or 51 by other means, upon request and shall make such documents available 52 within five business days of such request. The department may withhold 53 plans for particular buildings at the request of law enforcement agen-54 cies.

55 § 10. The administrative code of the city of New York is amended by 56 adding a new section 28-110.3 to read as follows:
