AN ACT to amend the education law and the social services law, in
relation to the practice of school psychology, and establishing a
pilot program of multi-tiered system of support model of substance use
prevention and intervention

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. Legislative intent and findings. The legislature finds that
2 while significant steps have been taken through legislation to implement
3 the recommendations of executive and legislative task forces in the
4 joint effort to combat the heroin and opioid crises in New York state,
5 much more must be done to identify risk factors, develop community
6 response and support strategies and to increase access to treatment.
7 The legislature intends to build on the initial aggressive efforts of
8 the executive and legislative by recognizing the significant role mental
9 and behavioral health professionals play in identifying the warning
10 signs of heroin and opioid addiction in our children and the maladaptive
11 behaviors that lead to early drug use and ultimately abuse and
12 addiction. The legislature recognizes that certified school psychol-
13 ogists are uniquely qualified to identify the risk and protective
14 factors, coupled with adverse childhood experiences which constitute the
15 drug abuse process. However, these highly trained specialists are
16 constrained to provide vital services to the school setting only. The

EXPLANATION--Matter in italics (underscored) is new; matter in brackets

1 legislature finds that the state's mission to address the heroin and
2 opioid crises in the state will be advanced through the licensure of
3 school psychologists and the meaningful involvement of these trained
4 practitioners in the development of a school and community based strate-
5 gy of response and support.

6 § 2. The education law is amended by adding a new article 166-A to
