If no voters are challenged, the board of inspectors shall enter the words "No Challenges" across the space reserved for such names. In lieu of preparing section two of the challenge report, the board of elections may provide, next to the name of each voter on the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section two, or provide at the end of such computer generated registration list, a place for the inspectors of election to enter such information.

§ 7. Article 8 of the election law is amended by adding a new title 6 to read as follows:

TITLE VI EARLY VOTING

Section 8-600. Early voting.

8-602. State board of elections; powers and duties for early voting.

§ 8-600. Early voting. 1. Beginning the eighth day prior to any general, primary or special election for any public or party office, and ending on and including the second day prior to such general, primary or special election for such public or party office, persons duly registered and eligible to vote at such election shall be permitted to vote as provided in this title. The board of elections of each county and the city of New York shall establish procedures, subject to approval of the state board of elections, to ensure that persons who vote during the early voting period shall not be permitted to vote subsequently in the same election.

2. (a) The board of elections of each county or the city of New York shall designate polling places for early voting in each county, which may include the offices of the board of elections, for persons to vote early pursuant to this section. There shall be so designated at least one early voting polling place for every full increment of fifty thou-

1 sand registered voters in each county; provided, however, the number of
2 early voting polling places in a county shall not be required to be
3 greater than seven, and a county with fewer than fifty thousand voters
4 shall have at least one early voting polling place.

5 (b) The board of elections of each county or the city of New York may
6 establish additional polling places for early voting in excess of the
7 minimum number required by this subdivision for the convenience of
8 eligible voters wishing to vote during the early voting period.

9 (c) Notwithstanding the minimum number of early voting poll sites
10 otherwise required by this subdivision, for any primary or special
11 election, upon majority vote of the board of elections, the number of
12 early voting sites may be reduced if the board of elections reasonably
13 determines a lesser number of sites is sufficient to meet the needs of
14 early voters.

15 (d) Polling places for early voting shall be located to ensure, to the
16 extent practicable, that eligible voters have adequate equitable access,
17 taking into consideration population density, travel time to the polling
18 place, proximity to other locations or commonly used transportation
19 routes and such other factors the board of elections of the county or
20 the city of New York deems appropriate. The provisions of section 4-104
21 of this chapter, except subdivisions four and five of such section,
22 shall apply to the designation of polling places for early voting except
23 to the extent such provisions are inconsistent with this section.

24 3. Any person permitted to vote early may do so at any polling place
25 for early voting established pursuant to subdivision two of this section
26 in the county where such voter is registered to vote. Provided, however,
27 (a) if it is impractical to provide each polling place for early voting
28 all appropriate ballots for each election to be voted on in the county,
29 or (b) if permitting such persons to vote early at any polling place
30 established for early voting would make it impractical to ensure that
31 such voter has not previously voted early during such election, the
32 board of elections may designate each polling place for early voting
33 only for those voters registered to vote in a portion of the county to
34 be served by such polling place for early voting, provided that all
35 voters in each county shall have one or more polling places at which
36 they are eligible to vote throughout the early voting period on a
37 substantially equal basis.

38 4. (a) Polls shall be open for early voting for at least eight hours
39 between seven o'clock in the morning and eight o'clock in the evening
40 each week day during the early voting period.

41 (b) At least one polling place for early voting shall remain open
42 until eight o'clock in the evening on at least two week days in each
43 calendar week during the early voting period. If polling places for
44 early voting are limited to voters from certain areas pursuant to subdi-
45 vision three of this section, polling places that remain open until
46 eight o'clock shall be designated such that any person entitled to vote
47 early may vote until eight o'clock in the evening on at least two week
48 days during the early voting period.

49 (c) Polls shall be open for early voting for at least five hours
50 between nine o'clock in the morning and six o'clock in the evening on
51 each Saturday, Sunday and legal holiday during the early voting period.

52 (d) Nothing in this section shall be construed to prohibit any board
53 of elections from establishing a greater number of hours for voting
54 during the early voting period beyond the number of hours required in
55 this subdivision.

(e) Early voting polling places and their hours of operation for early voting at a general election shall be designated by May first of each year pursuant to subdivision one of section 4-104 of this chapter. Notwithstanding the provisions of subdivision one of section 4-104 of this chapter requiring poll site designation by May first, early voting polling places and their hours of operation for early voting for a primary or special election shall be made not later than forty-five days before such primary or special election.

5. Each board of elections shall create a communication plan to inform eligible voters of the opportunity to vote early. Such plan may utilize any and all media outlets, including social media, and shall publicize: the location and dates and hours of operation of all polling places for early voting; an indication of whether each polling place is accessible to voters with physical disabilities; a clear and unambiguous notice to voters that if they cast a ballot during the early voting period they will not be allowed to vote election day; and if polling places for early voting are limited to voters from certain areas pursuant to subdivision three of this section, the location of the polling places for early voting serving the voters of each particular city, town or other political subdivision.

6. The form of paper ballots used in early voting shall comply with the provisions of article seven of this chapter that are applicable to voting by paper ballot on election day and such ballot shall be cast in the same manner as provided for in section 8-312 of this article, provided, however, that ballots cast during the early voting period shall be secured in the manner of voted ballots cast on election day and such ballots shall not be canvassed or examined until after the close of the polls on election day, and no unofficial tabulations of election results shall be printed or viewed in any manner until after the close of polls on election day.

7. Voters casting ballots pursuant to this title shall be subject to challenge as provided in sections 8-500, 8-502 and 8-504 of this article.

8. Notwithstanding any other provisions of this chapter, at the end of each day of early voting, any early voting ballots that have not been scanned because a ballot scanner was not available or because the ballot has been abandoned by the voter at the ballot scanner shall be cast in a manner consistent with section 9-110 of this chapter, except that such ballots which cannot then be cast on a ballot scanner shall be held inviolate and unexamined and shall be duly secured until after the close of polls on election day when such ballots shall be examined and canvassed in a manner consistent with subdivision two of section 9-110 of this chapter.

9. The board of elections shall secure all ballots and scanners used for early voting from the beginning of the early voting period through the close of the polls on election day; provided, however, the state board of elections may by regulation duly adopted by a majority of such board establish a procedure whereby ballot scanners used for early voting may also be used on election day if the portable memory devices used during early voting containing the early voting election information and vote tabulations are properly secured apart from the scanners, and the results therefrom shall be duly canvassed after the close of polls on election day.

10. After the close of polls on election day, inspectors or board of elections employees appointed to canvass ballots cast during early voting shall follow all relevant provisions of article nine of this

chapter that are not inconsistent with this section, for canvassing, processing, recording, and announcing results of voting at polling places for early voting, and securing ballots, scanners, and other election materials. Such canvass may occur at the offices of the board of elections, at the early voting polling place or such other location designated by the board of elections.

11. Notwithstanding the requirements of this title requiring the canvass of ballots cast during early voting after the close of polls on election day, such canvass may begin one hour before the scheduled close of polls on election day provided the board of elections adopts procedures to prevent the public release of election results prior to the close of polls on election day and such procedures shall be consistent with the regulations of the state board of elections and shall be filed with the state board of elections at least thirty days before they shall be effective.

§ 8-602. State board of elections; powers and duties for early voting. Any rule or regulation necessary for the implementation of the provisions of this title shall be promulgated by the state board of elections provided that such rules and regulations shall include provisions to ensure that ballots cast early, by any method allowed under law, are counted and canvassed as if cast on election day. The state board of elections shall promulgate any other rules and regulations necessary to ensure an efficient and fair early voting process that respects the privacy of the voter. Provided, further, that such rules and regulations shall require that the voting history record for each voter be continually updated to reflect each instance of early voting by such voter.

§ 8. The state finance law is amended by adding a new section 92-t to read as follows:

§ 92-t. New York state early voting fund. 1. There is hereby established in the joint custody of the state comptroller and the commissioner of taxation and finance a fund to be known as the New York state early voting fund.

2. Such fund shall consist of all revenues received from the abandoned property fund pursuant to subdivision five of section ninety-five of this article.

3. Moneys of the fund, following appropriation by the legislature, may be expended for the purpose of making payments to the board of elections of each county and the city of New York to reimburse any actual costs incurred by such boards of elections to provide polling places for early voting, including the cost of staffing such polling places, in any general, primary, or special election in which early voting is required by the election law. Moneys shall be paid out of the fund upon audit and warrant by the state comptroller on vouchers certified or approved by the state board of elections, or its duly designated representative, in the manner prescribed by law.

4. Boards of elections seeking moneys from this fund shall submit documentation detailing the costs described in subdivision three of this section in a manner prescribed by the state board of elections.

5. The state board of elections and state comptroller shall issue any such rules and regulations necessary to implement the provisions of this section.

§ 9. Section 95 of the state finance law is amended by adding a new subdivision 5 to read as follows:

5. (a) As often as necessary, the co-chairs of the state board of elections shall certify the amount such co-chairs have determined neces-

1 sary to fund estimated payments from the New York state early voting
2 fund established by section ninety-two-t of this article.

3 (b) Notwithstanding any provision of this section authorizing the
4 transfer of any moneys in the abandoned property fund to the general
5 fund, the comptroller, after reserving amounts sufficient to pay claims
6 against the abandoned property fund, shall, based upon a certification
7 of the state board of elections pursuant to paragraph (a) of this subdi-
8 vision, and at the direction of the director of the budget, transfer the
9 requested amount from remaining available monies in the abandoned prop-
10 erty fund to the New York state early voting fund established by section
11 ninety-two-t of this article.

12 § 10. This act shall take effect on the first of January next succeed-
13 ing the date on which it shall have become a law and shall apply to any
14 election held 120 days or more after it shall have taken effect;
15 provided, however, sections eight and nine of this act shall take effect
16 on the ninetieth day after it shall have become a law; and provided,
17 further, that effective immediately, the addition, amendment and/or
18 repeal of any rule or regulation necessary for the implementation of
19 this act on its effective date are authorized and directed to be made
20 and completed on or before such effective date.
