

STATE OF NEW YORK

8066

IN SENATE

March 23, 2018

Introduced by Sen. GOLDEN -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT to amend the retirement and social security law, in relation to accidental disability retirement for deputy sheriffs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Paragraph 3 of subdivision e of section 556 of the retire-
2 ment and social security law, as added by chapter 165 of the laws of
3 1995, is amended to read as follows:

4 3. A pension of two-thirds of his or her final average salary;
5 provided, however, a deputy sheriff shall receive a pension of three-
6 quarters of his or her final average salary if such deputy sheriff is
7 employed by an employer that has elected to provide such benefit to
8 deputy sheriffs. The payment of such pension shall be subject to the
9 provisions of section three hundred sixty-four of this chapter.

10 § 2. This act shall take effect immediately.

FISCAL NOTE.-- Pursuant to Legislative Law, Section 50:

This bill would allow employers who have elected Article 14-B of the Retirement and Social Security Law to elect to provide an improved accidental disability pension to deputy sheriffs in their employ. The benefit for an accidental disability would be 75% of final average salary minus worker's compensation. The current benefit is 2/3 of final average salary minus worker's compensation.

If this bill is enacted, the estimated increase in the annual contributions of electing counties for the fiscal year ending March 31, 2019 would be 0.3% of the compensation of their deputy sheriffs.

In addition to the annual contributions discussed above, there will be a past service cost of 1.0% of the compensation of such deputy sheriffs which will be paid by such counties as a one-time payment. This estimate is based on the assumption that payment will be made on February 1, 2019.

Summary of relevant resources:

The membership data used in measuring the impact of the proposed change was the same as that used in the March 31, 2017 actuarial valu-
