certified patient of students who have been authorized for the medical use of marihuana to administer medical marihuana to the student while 3 the student is on school grounds, aboard a school bus, or attending a 4 school-sponsored event;

- d. identify locations on school grounds where medical marihuana may be administered; and
- e. prohibit the administration of medical marihuana to a student by smoking while the student is on school grounds, aboard a school bus, or attending a school-sponsored event.
- 3. Medical marihuana may be administered to a student while the student is on school grounds, aboard a school bus, or attending schoolsponsored events, provided that such administration is consistent with the requirements of the policy adopted pursuant to this section and the provisions of title five-A of article thirty-three of the public health 14
- 16 § 3. The mental hygiene law is amended by adding a new section 13.44 17 to read as follows:
- 18 § 13.44 Administration of medical marihuana at facilities.
 - 1. The chief administrator of a facility that offers services for individuals with developmental disabilities operated, licensed or certified by the office shall develop and execute a policy authorizing a parent, quardian, or primary careqiver authorized to assist a qualifying patient with the use of medical marihuana pursuant to title five-A of article thirty-three of the public health law to administer medical marihuana to a person who is receiving services for persons with developmental disabilities at the facility.
 - 2. A policy adopted pursuant to subdivision one of this section shall, at a minimum:
 - a. require the person receiving services to be a qualifying patient authorized for the use of medical marihuana and that the parent, guardian, or primary caregiver be authorized to assist the person with the medical use of marihuana pursuant to title five-A of article thirtythree of the public health law;
 - b. establish protocols for verifying the registration status and ongoing authorization concerning the medical use of marihuana pursuant to title five-A of article thirty-three of the public health law for the person and the parent, quardian, or primary caregiver;
- c. expressly authorize parents, quardians, and primary caregivers to 38 administer medical marihuana to the person receiving services for 39 persons with developmental disabilities while the person is at the 40 41 facility; and
- 42 d. identify locations at the facility where medical marihuana may be 43 <u>administered</u>.
 - 3. Medical marihuana may be administered to a person receiving services for persons with developmental disabilities at a facility that offers such services which is operated, licensed or certified by the office while such person is at the facility, provided that such administration is consistent with the requirements of the policy adopted pursuant to this section and the provisions of title five-A of article thirty-three of the public health law.
- 51 4. Nothing in this section shall be construed to authorize medical 52 marihuana to be smoked in any place where smoking is prohibited pursuant 53 to article thirteen-E of the public health law.
 - § 4. This act shall take effect immediately.
