## STATE OF NEW YORK

82

2017-2018 Regular Sessions

## IN SENATE

## (Prefiled)

January 4, 2017

Introduced by Sen. HOYLMAN -- read twice and ordered printed, and when printed to be committed to the Committee on Education

AN ACT to amend the education law, in relation to parent notification of environmental health and safety hazards in schools

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 409 of the education law is amended by adding a new 2 subdivision 3 to read as follows:

- 3. Notwithstanding any other provision of this section, the provisions of section four hundred nine-m of this article shall apply to all school districts, including city school districts regardless of population, boards of cooperative educational services and pre-kindergarten programs.
- 8 § 2. The education law is amended by adding a new section 409-m to 9 read as follows:

7

- § 409-m. Parent notification of environmental health and safety
  hazards in schools. 1. To ensure that each student, parent, person in
  parental relation and school employee has access to information about
  environmental health issues and hazards in their school environment, the
  following actions shall be required to be taken by schools:
- 15 <u>a. Every school district shall appoint an information access contact</u> 16 <u>person;</u>
- b. At the beginning of each school year, every school shall inform and educate students, parents, persons in parental relation and school employees that they have a right to all information about health and safety conditions in their school facilities as required in this section, including but not limited to hazardous substances used, stored or present in school facilities; construction and rehabilitation activities; air or water quality sampling results and problems; procedures for information access; identification of school district employees

designated to serve as information access contact persons; requirements for timely response to information requests; and other procedures that will ensure ready access to such information;

- c. All schools, boards of cooperative educational services and prekindergarten programs shall annually notify students, parents, persons in parental relation and school employees of all hazardous substances used, stored or present in facilities within their school, including activities involving hazardous substances conducted by private contractors. Each school, board of cooperative educational services and prekindergarten program shall:
- 11 <u>(i) annually inventory all hazardous substances used, stored or pres-</u>
  12 <u>ent in its facilities, which inventory shall be available for public</u>
  13 review,
  - (ii) develop written plans to eliminate or minimize the use and presence of hazardous substances in its facilities, including a timetable to accomplish the plan components, which plans have been subject to public review prior to adoption, and
  - (iii) prepare written reports of the results of all sampling, evaluation and remediation activities as appropriate, submit such reports to the school district and the department, and make available such reports to the public; and
  - d. Every school, board of cooperative educational services and prekindergarten program shall comply with the following requirements, at least two school days prior to any major facility construction, demolition, maintenance or renovation, or any other activity with the potential to result in exposures to indoor or outdoor hazards that may have a significant effect on the health of the occupants of the facilities:
  - (i) A warning notice shall be prominently posted at each entry point of each facility and school grounds, which has the following format and includes the following information:

31 <u>"NOTICE OF SCHOOL ACTIVITIES INVOLVING HAZARDOUS SUBSTANCES</u>
32 <u>The purpose of this Notice is to ensure that students, parents,</u>
33 persons in parental relation and school employees are notified that the
34 <u>following activities will be occurring in this school:</u>

35 School Name

36 <u>School Address</u>

37 Proposed Activity

- 38 Location of Proposed Activity
- 39 <u>Hazardous Substances Utilized (if applicable)</u>
- 40 Material Data Safety Sheet is available from the Contact Person listed

41 below.

- 42 Date/Time and Duration of Proposed Activity
- 43 Contact Person/Location for Further Information."
- (ii) Schools, boards of cooperative educational services and pre-kindergarten programs shall also provide a written notice to all parents and persons in parental relation of the information specified in subparagraph (i) of this paragraph.
- (iii) If there is need for an unanticipated or emergency activity, as
  defined by the commissioner, pursuant to this paragraph, the warning
  notice form and written notice may be provided immediately following the
  conduct of the activity.
- (iv) Notification shall be provided to individuals pursuant to their rights to information under the federal Americans with Disabilities Act, the Individuals with Disabilities Education Act, and Section 504 of the Rehabilitation Act.
