district shall be notified within seven days of the initial submission. Upon approval, the smart schools project or projects described in the investment plan shall be eligible for smart schools grants. A smart schools project included in a school district's smart schools investment plan shall not require separate approval of the commissioner unless it is part of a school construction project required to be submitted for approval of the commissioner pursuant to section four hundred eight of this chapter and/or subdivision six of section thirty-six hundred two of this article. Any department, agency or public authority shall provide the smart schools review board with any information it requires to fulfill its duties pursuant to this subdivision. The department, the division of the budget and the state university of New York shall develop a process for notifying districts of the status of a pending application and shall develop a process for responding to inquiries about pending applications in a time certain, but under no circumstances shall such response exceed seven days.

§ 2. Subparagraph 2 of paragraph c of subdivision 16 of section 3641 of the education law, as added by section 2 of part C of chapter 56 of the laws of 2014, is amended to read as follows:

(2) The amounts determined pursuant to this subdivision to be paid to school districts shall be certified by the commissioner in accordance with this subdivision. If, upon the option of a school district, a smart schools investment plan directs that an amount be transferred or suballocated to a department, agency, or public authority to be spent on behalf of the school district, such amounts shall be transferred or suballocated, consistent with such plan, upon the approval of the director of the budget. The amounts of money so certified or made available shall be paid by the comptroller in accordance with appropriations therefor, provided, however, that the payment schedule set forth in subdivision one of this section shall not apply to such payments, provided, further that such payments shall, to the extent practicable, be paid within thirty days of approval of such projects by the smart schools review board. Such payment shall fulfill any obligation of the state or the commissioner to apportion funds pursuant to this subdivision, and whenever a school district has been apportioned more money pursuant to this subdivision than that to which it is entitled, the commissioner may deduct such amount from the next apportionment to be made to such school district.

§ 3. This act shall take effect immediately.
