§ 1376-b. Lead screening. 1. Officers or employees of the state, a 4 school district, a board or cooperative educational services, a charter 5 school, an approved private school for the education of students with 6 disabilities approved pursuant to paragraph e, f, q or h of subdivision 7 two of section forty-four hundred one of the education law, an approved provider of preschool special education approved pursuant to section forty-four hundred ten of the education law or a state-supported school 10 operating pursuant to article forty-five of the education law, shall, prior to the beginning of the school year, obtain from the parent or 11 12 quardian of all children in pre-kindergarten, kindergarten, second or fourth grade, evidence that said child has been screened for lead. 13

- 2. Whenever there exists no evidence of lead screening as provided for in subdivision one of this section or other acceptable evidence of the child's screening for lead, such school shall provide such parent or guardian of such child with information on lead poisoning in children and lead poisoning prevention and refer such parent or quardian to a primary care provider or the local health authority.
- 20 3. (a) If any parent or guardian to such child is unable to obtain 21 lead testing, such person may present such child to the health officer 22 of the county in which the child resides, who shall then perform or 23 <u>arrange for such required screening.</u>
- 24 (b) The local public health district shall develop and implement a fee 25 schedule for households with incomes below the federal poverty level for 26 lead screening pursuant to section six hundred six of this chapter, which shall vary depending on patient household income. 27

EXPLANATION -- Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
