A local government entity shall be eligible for only one payment of funds hereunder per year. A local government entity may seek assistance under the electric generation facility cessation and tax certiorari mitigation fund (i) once a generator has submitted its notice to the federally designated electric bulk system operator (BSO) serving the state of New York of its intent to retire the facility or of its intent to voluntarily remove the facility from service subject to any return-to-service provisions of any tariff, and that the facility also is ineligible to participate in the markets operated by the BSO; or (ii) once a final judgment or settlement agreement in a tax certiorari proceeding has been filed or executed. The date of submission of a local government entity's application for assistance shall establish the order in which assistance is paid to program applicants, except that in no event shall assistance be paid to a local government entity until such time that an electric generating facility has either (i) retired or become ineligible to participate in the markets operated by the BSO, or (ii) a final judgment or settlement agreement in a tax certiorari proceeding has been filed or executed. For purposes of this section, any local government entity seeking assistance under the electric generation facility cessation and tax certiorari mitigation fund must submit an attestation to the department of public service that either (i) a facility is no longer producing electricity and is no longer participating in markets operated by the BSO, or (ii) a final judgment or settlement agreement in a tax certiorari proceeding has been filed or executed. ~~[After]~~ For facilities that have ceased operations after receipt of such attestation, the department of public service shall confirm such information with the BSO. In the case that the BSO confirms to the department of public service that the facility is no longer producing electricity and participating in markets operated by such BSO, it shall be deemed that the electric generating facility located within the local govern-

ment entity has ceased operation. The department of public service shall provide such confirmation to the urban development corporation upon receipt. ~~[The]~~ For a facility with a tax certiorari judgment or settlement, the department of public service shall submit such attestation to the urban development corporation upon receipt of the determination of the amount of such annual payment which shall be determined by the president of the urban development corporation based on the amount of the differential between the annual real property taxes and payments in lieu of taxes imposed upon the facility, exclusive of interest and penalties, during the last year of operations and either (i) the current real property taxes and payments in lieu of taxes imposed upon the facility, exclusive of interest and penalties after the cessation of operations or final judgment or settlement agreement in a tax certiorari proceeding, or (ii) the annual reduction on real property taxes or payments in lieu of taxes during the term of a settlement agreement from a tax certiorari proceeding.
