STATE OF NEW YORK

10623

IN ASSEMBLY

May 9, 2018

Introduced by M. of A. JENNE -- read once and referred to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to the regulation of live restraint cable devices to take wildlife; and providing for the repeal of such provisions upon the expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. Subdivision 5 of section 11-1101 of the environmental 2 conservation law is amended to read as follows:
- 5. <u>a.</u> Except as provided in subdivision 1 or 2 of section 11-0523 <u>of</u>
 this <u>article</u> with respect to destructive and menacing wildlife, no
 person shall (a) set or use a trap of the leg-gripping type having teeth
 in the jaws; (b) set a <u>leg hold</u> trap so that wildlife when caught is
 suspended; (c) use, locate or set a snare or a device consisting of a
 noose of any material whereby an animal may be taken.
- 9 b. Notwithstanding the provisions of paragraph a of this subdivision, 10 the department may, by regulation, authorize the use of live restraint 11 cable devices to take coyote and other species as allowed by the department in the state. The use of live restraint cable devices shall only 12 13 be permitted for a period of time specified by the department beginning 14 no earlier than December first. Such regulations shall include live 15 cable restraint devices consisting of at least one swivel, a relaxing 16 lock, a deer stop, and a break away device. Such regulations shall also require that any person using a live restraint cable shall check such 17 18 device at least once every twenty-four hours. For the purposes of this 19 provision:
- 20 (a) a swivel is a device incorporated at the end of the cable 21 restraint which allows the captured animal to freely rotate;
- 22 (b) a relaxing lock is a device that allows the cable loop to stop 23 restricting when the captured animal stops pulling;
- 24 (c) a deer stop is a device incorporated into the loop of the cable 25 restraint that keeps the cable restraint from closing beyond a specified

1 circumference to allow deer that may encounter the restraint to escape;
2 and

- 3 (d) a break away device allows the loop of the cable restraint to 4 break open when a specified amount of force is applied.
- Trappers using live cable restraint devices must complete a training course in their construction and use offered by the department.
- 7 § 2. This act shall take effect immediately and shall expire and be 8 deemed repealed February 16, 2021.
