4 names of its customers. However, upon request by a municipality, a water
5 works corporation shall provide water usage data by property address to
6 such municipality where: (a) such municipality is within the service
7 territory of such water works corporation; (b) such data shall only be
8 used for municipal purposes related to the financing of clean, storm or
9 drinking water infrastructure projects and service; and (c) the
10 provision of such data shall be pursuant to a written agreement between
11 the water works corporation and the municipality which adequately
12 provides for customer privacy safeguards and conforms with regulations
13 of the commission promulgated pursuant to this section. The water works
14 corporation may provide for reimbursement of any nominal administrative
15 costs which result from this provision of data in the written agreement.
16 Property water usage data shall be used solely for the financing of such
17 municipal purposes and such data information shall not be sold or shared
18 with any other person or corporation. If a private vendor is used by the
19 municipality in association with such municipal purposes, the
20 restrictions related to municipalities on sale or sharing of water usage
21 data shall apply to such private vendor. Upon request by a municipality,
22 the commission may commence a proceeding to: (a) establish a written
23 agreement between the municipality and a water works corporation; or (b)
24 review any written agreement entered into between the municipality and a
