Introduced by COMMITTEE ON RULES -- (at request of M. of A. Carroll) --  
read once and referred to the Committee on Transportation

AN ACT authorizing and directing the department of health to conduct a study on physicians and other licensed healthcare professionals reporting medical conditions that may impair the ability of a motorist to drive a motor vehicle

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The department of health, in consultation with the depart-  
2 ment of motor vehicles, division of state police, medical society of the  
3 state of New York, the nurse practitioner association of New York state  
4 and any other agencies or political subdivisions or parties with exper-  
5 tise it deems necessary, shall conduct a study and make recommendations  
6 regarding physicians and other licensed healthcare professionals report-  
7 ing medical conditions that may impair the ability of a motorist to  
8 drive a motor vehicle to the department of health and department of  
9 motor vehicles. Such recommendations shall include, but not be limited  
10 to: (a) methods for licensed healthcare professionals to identify condi-  
11 tions that pose a significant risk to the safe operation of a motor  
12 vehicle; (b) the use of uniform validated measures for determining the  
13 degree of impairment of the motorist; (c) a mechanism, including the use  
14 of existing mechanisms, for healthcare professionals to report such  
15 conditions to the department of motor vehicles while protecting patient  
16 confidentiality; and (d) the development of a professional standard of  
17 performance for physicians and other licensed healthcare professionals  
18 reporting conditions that may pose a significant risk to the safe opera-  
19 tion of a motor vehicle. The study shall also include recommendations  
20 for improving and expanding use of the department of motor vehicles  
21 medical review program regarding the reexamination of currently licensed  
22 motorists that may not be qualified to drive a motor vehicle due to a  
23 chronic, ongoing condition that may cause loss of consciousness, aware-  
24 ness or body control and proper reporting of accidents in which a  
25 medical condition contributed to causation. The report may also include  
26 recommendations on additional mechanisms, including without limitation
