1 4. Priority. Priority for this conditional tuition waiver shall be
2 given to applicants who are economically disadvantaged as determined by
3 the corporation.

4 5. Waiver amount determination. The corporation shall grant five thou-
5 sand conditional waivers pursuant to this subdivision in each of the
6 first ten academic years after the effective date of this subdivision.
7 Upon completion of the ten academic years after the effective date of
8 this subdivision, the corporation shall study the effectiveness of this
9 tuition waiver program. Such study shall include the success rate of
10 participants, including test scores for the students taught by program
11 participants and school administrator reviews of program participants.
12 Upon completion of the study, the corporation shall determine the number
13 of conditional waivers that shall be granted in the academic years ther-
14 eafter.

15 6. Assignment of graduates. Prior to graduation, the corporation shall
16 assign students that have been granted a conditional tuition waiver to a
17 hard to staff city school district. The assignment shall be made pursu-
18 ant to the need for teachers at such school districts. The student shall
19 be eligible to appeal the assigned district and request a specific
20 placement in the case of extenuating circumstances including, but not
21 limited to, an illness in the student's family.

22 7. Failure to comply. The conditional tuition waiver shall be voided
23 by the corporation, and such person shall owe the tuition amount for the
24 five-year accelerated program to the corporation in the form of an
25 educational loan in the event a person receiving this conditional
26 tuition waiver fails to comply with the requirements of (a) completing
27 the degree program in five academic years; or (b) teaching in their
28 assigned school district for four years.

29 8. Transfer. A student receiving a conditional tuition waiver pursuant
30 to this section shall be eligible to transfer between eligible public
31 universities without being disqualified from the conditional tuition
32 waiver program. An eligible public university shall allow a student with
33 a conditional tuition waiver pursuant to this section to transfer any
34 credits earned at a different eligible public university.

35 9. Other financial aid. A student receiving a conditional tuition
36 waiver pursuant to this section shall not be disallowed from receiving
37 any other awards, aid, or scholarships. The waiver shall apply to the
38 remaining tuition balance after any such awards, aid, or scholarships
39 are applied to the tuition balance.

40 10. Rules and regulations. The corporation is authorized to promulgate
41 rules and regulations and may promulgate emergency regulations necessary
42 for the implementation of the provisions of this section. In the event
43 that there are more applicants who have the same priority, as provided
44 in subdivision four of this section, than there are remaining condi-
45 tional tuition waivers, the corporation shall provide in regulation the
46 method of distributing the remaining number of such conditional tuition
47 waivers, which may include a lottery or other form of random selection.

48 § 3. This act shall take effect immediately.
