2. Moneys in the all terrain vehicle trail development and maintenance fund shall be kept separately from and shall not be commingled with any other moneys in the joint or sole custody of the state comptroller or the commissioner of motor vehicles.

3. The all terrain vehicle trail development and maintenance fund shall consist of the revenues required to be deposited therein pursuant to the provisions of section two thousand two hundred eighty-two of the vehicle and traffic law and all other moneys credited or transferred thereto from any other fund or source pursuant to law.

4. The moneys in such fund shall be appropriated by the legislature and paid out pursuant to section two thousand two hundred ninety-two of the vehicle and traffic law.

§ 6. The state finance law is amended by adding a new section 92-hh to read as follows:

§ 92-hh. ATV environmental restoration fund. 1. 2. Moneys in the ATV environmental restoration fund shall be kept separately from and shall not be commingled with any other moneys in the joint or sole custody of the state comptroller or the commissioner of motor vehicles.

3. The ATV environmental restoration fund shall consist of the revenues required to be deposited therein pursuant to the provisions of section two thousand two hundred ninety-four of the vehicle and traffic law and all other moneys credited or transferred thereto from any other fund or source pursuant to law.

§ 7. The vehicle and traffic law is amended by adding a new section 2292 to read as follows:
§ 2292. ATV trail development and maintenance. 1. Every county engaging and assisting in the development and maintenance of a system of ATV trails and a program with relation thereto within its boundaries in order to encourage safety, tourism and utilization and, in the event a county does not undertake such a program, or system of trails, any city, town or village within such county which undertakes the same, shall be entitled to receive, in accordance with rules and regulations to be promulgated by the commissioner, state aid as hereinafter provided.

2. Notwithstanding any other provision of law to the contrary, the commissioner shall establish a plan for the development and maintenance of ATV trails and facilities in the various counties or where applicable, cities, towns or villages of the state as may be appropriate and shall take whatever action he or she deems necessary to foster and promote the safe utilization of such trails and facilities; for these purposes, he or she may draw upon the moneys deposited in the ATV trail development and maintenance fund pursuant to section ninety-two-gg of the state finance law for expenses, including personal services, as approved by the comptroller and is hereby authorized to assign three employees of his or her office to carry out such responsibilities and to pay their salaries, benefits and expenses out of such fund.

3. Every county or, where applicable, any city, town or village within such county, shall be eligible for a grant for the development and maintenance of a system of ATV trails and a program with relation thereto within its boundaries. Such grants shall be made by the commissioner and may constitute up to one hundred percent of the cost of such program including expenditures incurred for signs and markers of ATV trails. Any county or, where applicable, any city, town or village within such county, applying for such grant shall submit to the commissioner by April first of each year an estimate of such expenditures for the current fiscal year, in such form and containing such information as the commissioner may require. No city, town or village may apply for such grant where the county within which it is contained has submitted an application for the same fiscal year. For the purpose of this section, "fiscal year" shall mean the period from April first through March thirty-first. The commissioner shall review all such applications and shall determine the amount of state aid to be allocated to each county or, where applicable, any city, town or village within such county in accordance with the provisions of subdivision five of this section. Of the amount the commissioner determines each county or, where applicable, any city, town or village within such county is eligible to receive, seventy percent shall be made available for distribution by June first and thirty percent for distribution upon demonstration of completion, submitted by December first, of the program.

4. Not more than ten percent of the ATV trail development and maintenance fund pursuant to section ninety-two-gg of the state finance law, as determined by the commissioner, shall be made available to the commissioner and the commissioner of environmental conservation for ATV trail development and maintenance on state owned lands.

5. The amount of state aid to be allocated to each county or, where applicable, any city, town or village within such county, shall be drawn upon the monies remaining in the ATV trail development and maintenance fund pursuant to section ninety-two-gg of the state finance law after withdrawal pursuant to subdivisions two and four of this section and shall be determined by the commissioner as hereinafter provided. The commissioner shall determine the percentage proportion which the authorized expenditures of each individual county or, where applicable, any
city, town or village within such county shall bear to the total author-
ized expenditures of all the counties, cities, towns or villages for ATV
trail development and maintenance pursuant to this section during the
fiscal year. Such percentage proportion shall then be applied against
the amount received in additional fees imposed by section two thousand
two hundred eighty-two of this article for registration of ATVs during
such fiscal year, to the extent only and not exceeding the balance of
such fund remaining after the payment of expenses as set forth in this
section. The amount thus determined shall constitute the maximum amount
of state aid to which each county or, where applicable, any city, town
or village within such county, shall be entitled. The commissioner shall
certify to the comptroller the amount thus determined for each county
or, where applicable, any city, town or village within such county, as
the amount of state aid to be apportioned to such county or, where
applicable, any city, town or village within such county.

§  8. The vehicle and traffic law is amended by adding a new section
2293 to read as follows:

§ 2293. Fee for ATV trail development and maintenance. 1. A fee of
seventy-seven dollars is hereby imposed upon the owner of an ATV for the
ATV trail development and maintenance fund pursuant to section ninety-
two-gg of the state finance law to be paid to the commissioner upon the
registration thereof in addition to the registration fee required by
this article, the payment of which fee hereby imposed shall be a condi-
tion precedent to such individual resident, individual nonresident or
dealer registration.

2. Notwithstanding the fee as established in subdivision one of this
section, an individual registering an ATV who provides proof at the time
of registration, that such individual is a member of an organized New
York state ATV club, that is a member of the New York state off-highway
recreational vehicle association or is a member of an organized New York
state ATV club that is a trail maintenance entity and a member of the
New York state off-highway recreational vehicle association, shall pay
thirty dollars for each ATV for the ATV trail development and mainte-
nance fund pursuant to section ninety-two-gg of the state finance law in
addition to the registration required by this article. In the event that
an individual seeking ATV club membership is unable, for any reason, to
secure such club membership, he or she may contact the New York state
off-highway recreational vehicle association, who shall secure such
membership for such person.

§  9. The vehicle and traffic law is amended by adding a new section
2294 to read as follows:

§ 2294. Disposition of penalties and fines. The commissioner shall
deposit all monies received from all penalties and fines collected
pursuant to this article and article forty-eight-c of this title or as a
result of a violation of subdivision eight of section 9-0303, paragraph

discharge for a violation of paragraph (b), (c), or (d) of subdivision
one of this section nor shall he or she impose a sentence of conditional

section 140.10 of the criminal procedure law, a police officer may,
without a warrant, arrest a person, in case of a violation of any para-

fact had been committed, though not in the police officer's presence,
when he or she has reasonable cause to believe that the violation was
committed by such person. For the purposes of this subdivision police
officer shall also include a peace officer authorized to enforce the
provisions of this chapter when the alleged violation constitutes a
crime.

(b) Breath test for operators of an ATV. Every person operating an ATV
upon a street, highway, public trails, lands, bodies of water, or
private property of another which has been involved in an accident or
which is operated in violation of any of the provisions of this chapter
which regulate the manner in which an ATV is to be properly operated
shall, at the request of a police officer, submit to a breath test to be
administered by the police officer. If such test indicates that such
operator has consumed alcohol, the police officer may request such oper-
ator to submit to a chemical test in the manner set forth in subdivision
six of this section.

6. Chemical tests. (a) Any person who operates an ATV upon a street,
highway, public trails, lands, bodies of water, or private property of
another shall be requested to consent to a chemical test of one or more
of the following: breath, blood, urine or saliva for the purpose of
determining the alcoholic or drug content of his or her blood, provided
that such test is administered at the direction of a police officer: (1)
having reasonable cause to believe such person to have been operating in
violation of this subdivision or paragraph (a), (b), (c), or (d) of
subdivision one of this section and within two hours after such person
has been placed under arrest for any such violation or (2) within two
hours after a breath test as provided in paragraph (b) of subdivision
five of this section indicates that alcohol has been consumed by such
person and in accordance with the rules and regulations established by
the police force of which the officer is a member.

(b) If such person having been placed under arrest or after a breath
test indicates the presence of alcohol in the person's system and having

been informed that the person's privilege to operate an ATV shall be
immediately suspended for refusal to submit to such chemical test or any
portion thereof, whether or not the person is found guilty of the charge
for which such person is arrested, refuses to submit to such chemical
test or any portion thereof, unless a court order has been granted
pursuant to subdivision seven of this section, the test shall not be
given and a written report of such refusal shall be immediately made by
the police officer before whom such refusal was made. Such report may be
verified by having the report sworn to, or by affixing to such report a

A misdemeanor pursuant to section 210.45 of the penal law and such form notice together with the subscription of the deponent shall constitute a verification of the report. The report of the police officer shall set forth reasonable grounds to believe such arrested person to have been operating an ATV in violation of any paragraph of subdivision one of this section, that such person had refused to submit to such chemical test, and that no chemical test was administered pursuant to the requirements of subdivision seven of this section. The report shall be presented to the court upon the arraignment of the arrested person. The privilege to operate an ATV shall, upon the basis of such written report, be temporarily suspended by the court without notice pending the determination of a hearing as provided herein. Copies of such report must be transmitted by the court to the commissioner and such transmission may not be waived even with the consent of all the parties. Such report shall be forwarded to the commissioner within forty-eight hours of such arraignment. The court shall provide such person with a hearing date schedule, a waiver form, and such other information as may be required by the commissioner. If a hearing, as provided for in paragraph (c) of this subdivision, is waived by such person, the commissioner of motor vehicles shall immediately suspend the privilege to operate an ATV, as of the date of receipt of such waiver in accordance with the provisions of paragraph (d) of this subdivision.

(c) Any person whose privilege to operate an ATV has been suspended pursuant to paragraph (b) of this subdivision is entitled to a hearing in accordance with a hearing schedule to be promulgated by the commissioner. If the department fails to provide for such hearing fifteen days after the date of the arraignment of the arrested person, the privilege to operate an ATV of such person shall be reinstated pending a hearing pursuant to this section. The hearing shall be limited to the following issues: (1) did the police officer have reasonable cause to believe that such person had been operating an ATV in violation of any paragraph of subdivision one of this section; (2) did the police officer make a lawful arrest of such person; (3) was such person given sufficient warning, in clear and unequivocal language, prior to such refusal that such refusal to submit to such chemical test or any portion thereof, would result in the immediate suspension of such person's privilege to operate an ATV whether or not such person is found guilty of the charge for which the arrest was made; and (4) did such person refuse to submit to such chemical test or any portion thereof. If, after such hearing, the hearing officer, acting on behalf of the commissioner, finds on any one of said issues in the negative, the hearing officer shall immediately terminate any suspension arising from such refusal. If, after such hearing, the hearing officer, acting on behalf of the commissioner finds all of the issues in the affirmative, such officer shall immediately suspend the privilege to operate an ATV in accordance with the provisions of paragraph (d) of this subdivision. A person who has had the privilege to operate an ATV suspended pursuant to this subdivision may appeal the findings of the hearing officer in accordance with the provisions of article three-A of this chapter. Any person may waive the right to a hearing under this section. Failure by such person to appear for the scheduled hearing shall constitute a waiver of such hearing, provided, however, that such person may petition the commissioner for a new hearing which shall be held as soon as practicable.

(d) (1) Any privilege to operate an ATV which has been suspended pursuant to paragraph (c) of this subdivision shall not be restored for six months after such suspension. However, no such privilege shall be
restored for at least one year after such suspension in any case where
the person has had a prior suspension resulting from refusal to submit
to a chemical test pursuant to this subdivision, or has been convicted
of a violation of any paragraph of subdivision one of this section not
arising out of the same incident, within the five years immediately
preceding the date of such suspension.
(2) Any person whose privilege to operate an ATV is suspended pursuant
to the provisions of this subdivision shall also be liable for a civil
penalty in the amount of two hundred dollars except that if such suspen-
sion is a second or subsequent suspension pursuant to this subdivision
issued within a five year period, or such person has been convicted of a
violation of any paragraph of subdivision one of this section within the
past five years not arising out of the same incident, the civil penalty
shall be in the amount of five hundred dollars. The privilege to operate
an ATV shall not be restored to such person unless such penalty has been
paid. The first one hundred dollars of each penalty collected by the
department pursuant to the provisions of this subdivision shall be paid
to the commissioner for deposit to the general fund and the remainder of
all such penalties shall be paid to the commissioner for deposit in the
ATV environmental restoration fund established pursuant to section nine-
ty-two-hh of the state finance law.
(e) The commissioner shall promulgate such rules and regulations as
may be necessary to effectuate the provisions of this subdivision.
(f) Evidence of a refusal to submit to such chemical test shall be
admissible in any trial, proceeding or hearing based upon a violation of
the provisions of this section, but only upon a showing that the person
was given sufficient warning, in clear and unequivocal language, of the
effect of such refusal and that the person persisted in his or her
refusal.
(g) Upon the request of the person tested, the results of such test
shall be made available to him or her.
7. Compulsory chemical tests. (a) Notwithstanding the provisions of
subdivision six of this section, no person who operates an ATV upon a
street, highway, public trails, lands, bodies of water, or private prop-
erity of another may refuse to submit to a chemical test of one or more
of the following: breath, blood, urine or saliva, for the purpose of
determining the alcoholic and/or drug content of the blood when a court
order for such chemical test has been issued in accordance with the
provisions of this subdivision.
(b) Upon refusal by any person to submit to a chemical test or any
portion thereof as described in paragraph (a) of this subdivision, the
test shall not be given unless a police officer or a district attorney,
as defined in subdivision thirty-two of section 1.20 of the criminal
procedure law, requests and obtains a court order to compel a person to
submit to a chemical test to determine the alcoholic or drug content of
the person’s blood upon a finding of reasonable cause to believe that:
(1) such person was the operator of an ATV and in the course of such
operation a person other than the operator was killed or suffered seri-
ous physical injury as defined in section 10.00 of the penal law; and
(2) (i) either such person operated the ATV in violation of any para-
graph of subdivision one of this section, or
(ii) a breath test administered by a police officer in accordance with
subdivision five of this section indicates that alcohol has been
consumed by such person; and
(3) such person has been placed under lawful arrest; and
(4) such person has refused to submit to a chemical test or any portion thereof, requested in accordance with the provisions of subdivision six of this section or is unable to give consent to such a test.

(c) For the purpose of this subdivision "reasonable cause" shall be determined by viewing the totality of circumstances surrounding the incident which, when taken together, indicate that the operator was operating an ATV in violation of any paragraph of subdivision one of this section. Such circumstances may include, but are not limited to: evidence that the operator was operating an ATV in violation of any provision of this chapter which regulates the manner in which an ATV is to be properly operated at the time of the incident; any visible indication of alcohol or drug consumption or impairment by the operator; any other evidence surrounding the circumstances of the incident which indicates that the operator has been operating an ATV while impaired by the consumption of alcohol or drugs or was intoxicated at the time of the incident.

(d) (1) An application for a court order to compel submission to a chemical test or any portion thereof, may be made to any supreme court justice, county court judge or district court judge in the judicial district in which the incident occurred, or if the incident occurred in the city of New York before any supreme court justice or judge of the criminal court of the city of New York. Such application may be communicated by telephone, radio or other means of electronic communication, or in person.

(2) The applicant must provide identification by name and title and must state the purpose of the communication. Upon being advised that an application for a court order to compel submission to a chemical test is being made, the court shall place under oath the applicant and any other person providing information in support of the application as provided in subparagraph three of this paragraph. After being sworn the applicant must state that the person from whom the chemical test was requested was the operator of an ATV and in the course of such operation a person, other than the operator, has been killed or seriously injured and, based upon the totality of circumstances, there is reasonable cause to believe that such person was operating an ATV in violation of any paragraph of subdivision one of this section and, after being placed under lawful arrest such person refused to submit to a chemical test or any portion thereof, in accordance with the provisions of this section or is unable to give consent to such a test or any portion thereof. The applicant must make specific allegations of fact to support such statement. Any other person properly identified may present sworn allegations of fact in support of the applicant’s statement.

(3) Upon being advised that an oral application for a court order to compel a person to submit to a chemical test is being made, a judge or justice shall place under oath the applicant and any other person providing information in support of the application. Such oath or oaths and all of the remaining communication must be recorded, either by means of a voice recording device or verbatim stenographic or verbatim longhand notes. If a voice recording device is used or a stenographic record made, the judge must have the record transcribed, certify to the accuracy of the transcription and file the original record and transcription with the court within seventy-two hours of the issuance of the court order. If the longhand notes are taken, the judge shall subscribe a copy and file it with the court within twenty-four hours of the issuance of the order.
(4) If the court is satisfied that the requirements for the issuance of a court order pursuant to the provisions of paragraph (b) of this subdivision have been met, it may grant the application and issue an order requiring the accused to submit to a chemical test to determine the alcoholic and/or drug content of his or her blood and ordering the withdrawal of a blood sample in accordance with the provisions of subdivision eight of this section. When a judge or justice determines to issue an order to compel submission to a chemical test based on an oral application, the applicant therefor shall prepare the order in accordance with the instructions of the judge or justice. In all cases the order shall include the name of the issuing judge or justice, the name of the applicant, and the date and time it was issued. It must be signed by the judge or justice if issued in person, or by the applicant if issued orally.

(5) Any false statement by an applicant or any other person in support of an application for a court order shall subject such person to the offenses for perjury set forth in article two hundred ten of the penal law.

(e) An order issued pursuant to the provisions of this subdivision shall require that a chemical test to determine the alcoholic and/or drug content of the operator's blood must be administered. The provisions of paragraphs (a), (b) and (c) of subdivision eight of this section shall be applicable to any chemical test administered pursuant to this section.

(f) A defendant who has been compelled to submit to a chemical test pursuant to the provisions of this subdivision may move for the suppression of such evidence in accordance with article seven hundred ten of the criminal procedure law on the grounds that the order was obtained and the test administered in violation of the provisions of this subdivision or any other applicable law.

8. Testing procedures. (a) At the request of a police officer, the following persons may withdraw blood for the purpose of determining the alcohol or drug content therein: (1) a physician, a registered professional nurse or a registered physician's assistant; or (2) under the supervision and at the direction of a physician: a medical laboratory technician or medical technologist as classified by civil service; a phlebotomist; an advanced emergency medical technician as certified by the department of health, or a medical laboratory technician or medical technologist employed by a clinical laboratory approved under title five of article five of the public health law. This limitation shall not apply to the taking of a urine, saliva or breath specimen.

(b) No person entitled to withdraw blood pursuant to paragraph (a) of this subdivision or hospital employing such person and no other employer of such person shall be sued or held liable for any act done or omitted in the course of withdrawing blood at the request of a police officer or peace officer acting pursuant to his or her special duties pursuant to this subdivision.

(c) Any person who may have a cause of action arising from the withdrawal of blood as aforesaid, for which no personal liability exists under paragraph (b) of this subdivision, may maintain such action against the state if the person entitled to withdraw blood pursuant to paragraph (a) of this subdivision acted at the request of a police officer or peace officer acting pursuant to his or her special duties, employed by the state, or against the appropriate political subdivision of the state if the person acted at the request of a police officer or peace officer acting pursuant to his or her special duties, employed by
a political subdivision of the state. No action shall be maintained
pursuant to this paragraph unless notice of claim is duly filed or
served in compliance with law.

(d) Notwithstanding the foregoing provisions of this subdivision, an
action may be maintained by the state or a political subdivision thereof
against a person entitled to withdraw blood pursuant to paragraph (a) of
this subdivision or hospital employing such person for whose act or
omission the state or the political subdivision has been held liable
under this subdivision to recover damages, not exceeding the amount
awarded to the claimant, that may have been sustained by the state or
the political subdivision by reason of gross negligence on the part of
such person entitled to withdraw blood.

(e) The testimony of any person, other than a physician, entitled to
draw blood pursuant to paragraph (a) of this subdivision in respect to
any such withdrawal of blood made by him or her may be received in
evidence with the same weight, force and effect as if such withdrawal of
blood were made by a physician.

(f) The provisions of paragraphs (b), (c) and (d) of this subdivision
shall also apply with regard to any person employed by a hospital as
security personnel for any act done or omitted in the course of with-
drawing blood at the request of a police officer pursuant to a court
order in accordance with this subdivision.

(g) The person tested shall be permitted to choose a physician to
administer a chemical test in addition to the one administered at the
direction of the police officer.

9. Chemical test evidence. (a) Upon the trial of any such action or
proceeding arising out of actions alleged to have been committed by any
person arrested for a violation of any paragraph of subdivision one of
this section, the court shall admit evidence of the amount of alcohol or
drugs in the defendant's blood as shown by a test administered pursuant
to the provisions of subdivision six or seven of this section.

(b) The following effect shall be given to evidence of blood alcohol
content, as determined by such tests, of a person arrested for a
violation of any paragraph of subdivision one of this section and who
was operating an ATV:

(1) evidence that there was .05 of one per centum or less by weight of
alcohol in such person's blood shall be prima facie evidence that the
ability of such person to operate an ATV was not impaired by the
consumption of alcohol, and that such person was not in an intoxicated
condition.

(2) evidence that there was more than .05 of one per centum but less
than .07 of one per centum of weight in such person's blood shall be
prima facie evidence that such person was not in an intoxicated condi-
tion, but such evidence shall be relevant evidence but not be given
prima facie effect, in determining whether the ability of such person to
operate an ATV was impaired by the consumption of alcohol.

(3) evidence that there was .07 of one per centum or more but less
than .08 of one per centum by weight of alcohol in such person's blood
shall be prima facie evidence that such person was not in an intoxicated
condition, but such evidence shall be given prima facie effect in deter-
mining whether the ability of such person to operate an ATV was impaired
by the consumption of alcohol.

(c) Evidence of a refusal to submit to a chemical test or any portion
thereof shall be admissible in any trial or hearing provided the request
to submit to such a test was made in accordance with the provisions of
subdivision six of this section.
10. Limitations. (a) An ATV operator may be convicted of a violation of paragraph (a), (b), (c), or (d) of subdivision one of this section, notwithstanding that the charge laid before the court alleged a violation of paragraph (b), (c), or (d) of subdivision one of this section, and regardless of whether or not such conviction is based on a plea of guilty.

(b) In any case wherein the charge laid before the court alleges a violation of paragraph (b), (c), or (d) of subdivision one of this section, any plea of guilty thereafter entered in satisfaction of such charge must include at least a plea of guilty to the violation of the provisions of one of the paragraphs of such subdivision one and no other disposition by plea of guilty to any other charge in satisfaction of such charge shall be authorized; provided, however, if the district attorney upon reviewing the available evidence determines that the charge of a violation of subdivision one of this section is not warranted, he or she may consent, and the court may allow a disposition by plea of guilty to another charge in satisfaction of such charge.

11. Suspension pending prosecution. (a) Without notice, pending any prosecution, the court may suspend the right to operate an ATV where the ATV operator has been charged with vehicular assault in the second degree or vehicular manslaughter in the second degree as defined, respectively, in sections 120.03 and 125.12 of the penal law.

(b) A suspension under this subdivision shall occur no later than twenty days after the ATV operator's first appearance before the court on the charges or at the conclusion of all proceedings required for the arraignment, whichever comes first. In order for the court to impose such suspension it must find that the accusatory instrument conforms to the requirements of section 100.40 of the criminal procedure law and there exists reasonable cause to believe that the accused operated an ATV in violation of section 120.03 or 125.12 of the penal law. At such time the operator shall be entitled to an opportunity to make a statement regarding the enumerated issues and to present evidence tending to rebut the court's findings. Where such suspension is imposed upon such pending charge and the operator has requested a hearing pursuant to article one hundred eighty of the criminal procedure law, the court shall conduct such hearing. If upon completion of the hearing, the court fails to find that there is reasonable cause to believe that the operator committed a felony under section 120.03 or 125.12 of the penal law the court shall promptly direct restoration of such operating privileges to the operator unless such operating privileges are suspended or revoked pursuant to any other provision of this chapter.

12. ATV safety course. Upon the conviction of any subdivision of this section, the court shall, in addition to any other penalties invoked under this section, require the convicted person, as a condition of the sentence, to complete an ATV safety course approved by the commissioner and show proof of successful completion of such course to the court or its designee.

§ 15. Nothing in this act shall be deemed to limit the authority of any county, city, town or village to adopt or amend any local law or ordinance which imposes stricter restrictions and conditions on the operation of all terrain vehicles than are provided or authorized by this act, so long as such local law or ordinance is consistent with the authority to protect the order, conduct, health, safety and general welfare of persons or property. Nothing in this act shall be deemed to alter or invalidate any local law or ordinance in effect on the effective date of this act.

§ 16.
