AN ACT to amend the public health law, in relation to requiring certain information pertaining to opioid overdose to be made available to the public

**The People of the State of New York, represented in Senate and Assembly, do enact as follows:**

Section 1. Section 3309 of the public health law is amended by adding a new subdivision 7 to read as follows:

**7. A version of the report required by subdivision five of this section shall be made available to the public and online in an easily searchable and viewable format that includes, at a minimum, the following information:**

**(a) information on opioid overdose deaths, including age, gender, ethnicity, and county of origin;**

**(b) data separating out, to the most accurate degree possible, deaths caused by prescription opioids, heroin, fentanyl, and other opioids as determined by the commissioner;**

**(c) data on emergency room utilization for the treatment of opioid overdose;**

**(d) data on utilization of pre-hospital services;**

**(e) data on utilization of opioid antagonists;**

**(f) historical data, as available, going back at least five years; and**

**(g) any other information necessary to ascertain the success of the program and ways to further reduce overdoses.**

§ 2. This act shall take effect immediately.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
