§ 3. Paragraph g of subdivision 1 of section 3635 of the education law is REPEALED.

§ 4. Paragraph e of subdivision 1 of section 3635 of the education law, as amended by chapter 665 of the laws of 1990, is amended to read as follows:

e. In lieu of the transportation provided pursuant to the foregoing provisions of this subdivision, a board of education may, at its discretion, provide transportation to any child four years of age and older attending grades [~~kindergarten~~] pre-kindergarten through eight between the school such child legally attends and before-and/or-after-school child care locations. For the purposes of this subdivision, a before-and/or-after-school child care location shall mean a place, other than the child's home, where care for less than twenty-four hours a day is provided on a regular basis for a child who attends school within the school district, provided that such place is situated within the school district. This definition includes, but is not limited to, a variety of child care services such as day care centers, family day care homes and in-home care by non-relatives. Such transportation may be provided for children four years of age and older attending grades [~~kindergarten~~] pre-kindergarten through eight where the distance between the school

1 they legally attend and before-and/or-after-school child care locations
2 is more than two miles, and may be provided for up to a distance of
3 fifteen miles, the distance in each case being measured by the nearest
4 available route from before-and/or-after-school child care locations to
5 the school they legally attend, except that transportation for a lesser
6 distance than two miles or a greater distance than fifteen miles may be
7 provided if transportation for such distances is provided to students
8 between home and school. Where a child receives transportation from a
9 before-school child care location to the school he or she legally
10 attends, such child shall be entitled to receive transportation from the
11 school he or she legally attends to his or her home or to an after-
12 school child care location in accordance with this subdivision. Where a
13 child receives transportation from the school he or she legally attends
14 to an after-school child care location, such child shall be entitled to
15 receive transportation from home to the school he or she legally attends
16 in accordance with this subdivision. Transportation may be provided to
17 any child four years of age or older attending grades [~~kindergarten~~
18 pre-kindergarten through eight between the school the child legally
19 attends and before-and/or-after-school child care locations upon written
20 request of the parent or legal guardian submitted not later than the
21 first day of April preceding the next school year, provided, however, a
22 parent or guardian of a child not residing in the district on such date
23 shall submit a written request within thirty days after establishing
24 residence in the district and provided further that in order to be
25 considered eligible for such transportation in the nineteen hundred
26 eighty-seven--eighty-eight school year, such request must be submitted
27 by August first, nineteen hundred eighty-seven. The provision of trans-
28 portation to or from before-and/or-after-school child care locations, if
29 provided, shall be offered equally to all children in like circumstances
30 residing in the district, provided that a board of education furnishing
31 transportation pursuant to this paragraph may limit the provision of
32 such transportation to child care locations located within the attend-
33 ance zone of the school the child attends, and to child day care centers
34 and school age child care programs licensed or registered pursuant to
35 section three hundred ninety of the social services law located anywhere
36 within the school district. The cost of providing such transportation
37 between two or three miles, as the case may be, and fifteen miles shall
38 be considered for the purposes of this chapter to be a charge upon the
39 district. Such substitute transportation expense shall be eligible for
40 state aid in accordance with clause one of paragraph b of subdivision
41 seven of section thirty-six hundred two of this chapter. Nothing in this
42 subdivision shall be construed to impose a duty upon boards of education
43 to provide transportation to or from before-and/or-after-school child
44 care locations. Nothing in this subdivision shall be construed to
45 authorize boards of education to provide to any child transportation
46 between a before-and/or-after-school day care location and that child's
47 home.

48 § 5. This act shall take effect immediately, provided that the amend-
49 ments to paragraph a of subdivision 1 of section 3635 of the education
50 law made by section one of this act shall be subject to the expiration
51 and reversion of such paragraph when upon such date the provisions of
52 section two of this act shall take effect.
