AN ACT in relation to establishing the emergency preparedness month act and to amend the tax law, in relation to exempting prefabricated go-bags and individual emergency preparedness items

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Short title. This act shall be known as the "emergency preparedness month act".

§ 2. Legislative findings. The legislature hereby finds and declares that citizens of the state of New York are not properly equipped with the requisite supplies needed in the event of a disaster or other emergency. The legislature further declares that the impacts of disasters are mitigated when individuals have the proper emergency preparedness supplies they need to be self sufficient during a disaster, and those individuals are less likely to require state and local assistance during a disaster or other emergency.

The legislature further declares that a tax free period for certain emergency preparedness items and prefabricated go-bags shall provide the needed incentive for individuals to purchase proper supplies and equipment to be used in the event of a disaster or other emergency.

Therefore, the legislature declares the month of September to be emergency preparedness month in the state of New York.

§ 3. Section 1115 of the tax law is amended by adding two new subdivisions (ll) and (mm) to read as follows:

(ll) (1) Receipts from the retail sale of prefabricated go-bags shall be exempt from taxes imposed by this article annually from September first to September thirtieth. Provided, however, no exemption shall exist under this paragraph if such prefabricated go-bags were purchased

at any entertainment locations, theme parks, toy stores, convention centers, sporting arenas, stadiums, or other tourist attractions.

(2) For purposes of this subdivision, "prefabricated go-bag" shall mean any sturdy and easily accessible bag or other similar container, which may be easily transported, containing at a minimum, the following items:

(A) a whistle;

(B) a national institute for safety and health certified N95 ("NIOSH-N95") breathing mask;

(C) a non-combustible light source; and

(D) a first aid kit, meeting or exceeding the minimum standards set forth by the United States department of labor occupational safety and health administration in its appendix to 29 C.F.R. Section 1910.151 referring to the American national standards institute standard.

(3) The exemptions provided in paragraph one of this subdivision shall not apply to prefabricated go-bags containing candles, matches or combustible fuels, or which exceed seventy-five dollars.

(mm) (1) Receipts from the retail sale of individual emergency preparedness items shall be exempt from taxes imposed by this article annually from September first through September eleventh. Provided, however, no exemption shall exist under this paragraph if such individual emergency preparedness items were purchased at any entertainment locations, theme parks, toy stores, convention centers, sporting arenas, stadiums, or other tourist attractions.

(2) Individual emergency preparedness items shall include:

(A) first aid kits meeting or exceeding the minimum standards set forth by the United States department of labor occupational safety health administration in its appendix to 29 C.F.R. Section 1910.151, provided the kit does not exceed thirty dollars;
