1 b. There is hereby established an electronic open auction public bond
2 sale pilot program authorizing municipalities to conduct open auction
3 public bond sales through any nationally recognized electronic securi-
4 ties bidding service.

5 c. The finance commissioner of a municipality may accept electronic
6 bids submitted in the form of open auctions conducted through a
7 nationally recognized electronic securities bidding service which shall
8 be deemed to be the designated receiving device. Notice of any bond
9 sale shall provide for the manner in which the bid submission period may
10 be extended and the basis for determination of the winning bidder.

11 d. Notwithstanding the provisions of section three hundred five of the
12 state technology law or any other law, the notice of sale may contain a
13 provision that bids will only be accepted electronically in the manner
14 provided in such notice of sale.

15 e. The municipality's chief fiscal officer shall administer the
16 program and shall publish its policies and procedures for the procure-
17 ment of electronic securities bidding services on the municipality's
18 internet website and in a nationally recognized publication used by
19 professionals in the bond market. Except as modified by this section,
20 each municipal program shall comply with this chapter and all other
21 applicable laws related to the sale of bonds.

22 f. The municipality's chief fiscal officer shall review the electronic
23 open auction bidding process to ensure that the bond sale was completed
24 in a timely fashion; and the sale was completed without errors.

25 g. Each municipality, or two or more municipalities acting jointly or
26 in cooperation with any entity representing municipalities, shall, on or
27 before February first, conduct annual evaluations of their pilot program
28 or programs with a summary evaluation at the end of the three year open
29 auction pilot program. The municipality or municipalities will submit
30 the evaluations to the state comptroller. Such report shall include,
31 but not be limited to, any demonstrated evidence that sale of public
32 bonds using electronic open auctions is comparable to the cost of issu-
33 ing public bonds through the current closed auction process, that the
34 use of electronic open auctions resulted in an increased number of bids
35 and whether the results achieved for public bond sales conducted through
36 electronic open auctions achieved savings compared to the previous bid
37 process used by the municipality. Annually, the state comptroller shall
38 compile all the information received from municipalities pursuant to
39 this paragraph, and, on or before April first, submit such compiled
40 information to the legislature, the temporary president of the senate,
41 the speaker of the assembly, the minority leader of the senate and the
42 minority leader of the assembly.

43 § 2. This act shall take effect immediately, and shall expire and be
44 deemed repealed 3 years after such effective date.
