The People of the State of New York, represented in Senate and Assem-  
bly, do enact as follows:

1 Section 1. The opening paragraph of section 308 of the education law  
2 is designated subdivision 1 and a new subdivision 2 is added to read as  
3 follows:

4 2. The commissioner shall commission a study on the impact of exempt-  
5 ing school districts from the separate bidding requirements of the  
6 general municipal law pursuant to the provisions of subdivision six of  
7 section one hundred one of the general municipal law. Such study shall  
8 include the impact on time frames for completing construction and  
9 improvement projects, the overall costs of such projects, the quality of  
10 work performed and the integrity of the bidding process. The commission-  
11 er shall issue such study to the governor, the state comptroller, the

1 b. Where a school district elects to provide for the assignment of a  
2 contract to a single person, firm or corporation pursuant to paragraph a  
3 of this subdivision, such school district may require the apparent low  
4 bidder and, at the discretion of the school district, the apparent  
5 second low bidder, to submit to the district the names of the bidder's  
6 proposed subcontractors for the electrical work; heating, ventilating  
7 and air conditioning work; and the plumbing work. Only one proposed  
8 subcontractor shall be named for each such trade. Such proposed subcon-  
9 tractor or subcontractors may be rejected by the school district on the  
10 basis set forth in paragraph e of this subdivision. Upon rejection of a  
11 proposed subcontractor or subcontractors, the school district may  
12 require the apparent low bidder to submit an alternate proposed subcon-  
13 tractor or subcontractors within forty-eight hours. Should the apparent  
14 low bidder fail to propose alternate subcontractors subject to approval  
15 by the school district, the school district may consider the next appar-  
16 ent low bidder and shall follow the same procedure set forth in this  
17 paragraph. Such proposed subcontractors of the bidder, approved by the  
18 school district shall be used on the work for which they were proposed  
19 and approved, and they shall not be changed except with the specific  
20 written approval of the district.

21 c. Payment to the proposed subcontractors provided in paragraph b of  
22 this subdivision, shall be in accordance with the provisions of section  
23 one hundred six-b of this article. In the event any such subcontractor  
24 is not paid by the contractor, the subcontractor shall immediately noti-  
25 fy the school district of such fact.

26 d. With the submission of the names of the proposed subcontractors as  
27 provided in paragraph b of this subdivision, the bidder shall specify  
28 the value to be paid each such subcontractor for the work to be  
29 performed by such subcontractor.

30 e. A school district may reject any or all bids or waive any informal-  
31 ity in a bid if it reasonably believes that the public interest will be  
32 promoted thereby. A school district may reject any bid if, in its judg-  
33 ment, the business organization, resources, financial standing, or expe-  
34 rience of the bidder justifies such rejection in view of the work to be  
35 performed.

36 f. The provisions of this subdivision shall not apply to the New York  
37 city school construction authority established pursuant to title six of  
38 article eight of the public authorities law.

39 § 3. This act shall take effect on the first of September next  
40 succeeding the date on which it shall have become a law, and shall apply  
41 to all contracts advertised or solicited for bid on or after such effec-  
42 tive date; provided that the provisions of this act shall expire and be  
43 deemed repealed five years after such effective date.
