2017-2018 Regular Sessions

IN ASSEMBLY

January 27, 2017

Introduced by M. of A. BRINDISI, ABINANTI, BLAKE, GALEF, GOTTFRIED, JAFFEE, MAGEE, MOSLEY, SIMON, SKOUFIS, STECK, PEOPLES-STOKES -- Multi-Sponsored by -- M. of A. COOK, DenDEKKER, GLICK, HOOPER, RICH-ARDSON -- read once and referred to the Committee on Governmental Operations

AN ACT to amend the executive law, in relation to establishing installation and maintenance standards for gas station fire suppression systems

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- Section 1. Section 378 of the executive law is amended by adding a new subdivision 17 to read as follows:
- 3 17. Standards for gas station fire suppression systems shall require:
- 4 <u>a. Automatic fire-extinguishing systems using an extinguishing agent</u> 5 <u>suitable for petroleum fires.</u>
- 6 <u>b. Automatic fire-extinguishing systems at unattended self-service</u>
 7 <u>motor fuel-dispensing facilities shall be monitored by an approved</u>
 8 <u>supervising station.</u>
- 9 <u>c. Where flammable liquid motor fuel is dispensed at an automotive</u>
 10 <u>liquid motor fuel-dispensing facility, the dispensing area shall be</u>
 11 <u>provided with a dry chemical fire-extinguishing system designed and</u>
 12 <u>installed in accordance with the following:</u>
- 13 <u>(i) the fire-extinguishing system shall be designed to provide over-</u> 14 <u>head protection of the dispenser area;</u>
- 15 <u>(ii) the extinguishing agent containers shall be equipped with indica-</u> 16 <u>tors to show whether the system is fully charged;</u>
- 17 (iii) the installation, alteration, testing and repair of the fire-ex-
- 18 tinguishing system, including any maintenance or modification of the
- 19 system, shall be performed by a technician who is trained and knowledge-
- 20 <u>able in the installation, operation and maintenance of the specific</u>
- 21 <u>fire-extinguishing system; and</u>

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

(iv) dispensers shall not be operated when the fire-extinguishing system has discharged or is inoperative, except as authorized in writing by the department.

- d. Automatic fire-extinguishing systems shall be serviced after activation of the system and at regular intervals thereafter. Inspection records shall also be kept on premises where the automatic fire-extinguishing systems are located for a minimum of five years.
- e. Systems shall be inspected and tested for proper operation at initial installation and at regular intervals thereafter. Tests shall be in accordance with the manufacturer's requirements and include a check of the detection system, alarms and releasing devices, including manual stations and other associated equipment.
- f. Failure to comply with the installation or maintenance requirements
 of this section shall result in the revocation of the building's certificate of occupancy and/or the permit to operate fueling dispensers.
 - g. The provisions of this subdivision shall be enforced in accordance with the provisions of section three hundred eighty-one of this article.
- 18 § 2. This act shall take effect on the one hundred eightieth day after 19 it shall have become a law; provided, however, that the state fire 20 prevention and building code council shall take any and all actions 21 necessary to implement the provisions of this act on or before its 22 effective date.
