5. The chair of each board shall alternate annually between the board member designated in paragraphs a and b of subdivision one of this section.

6. Meetings shall be called as necessary by the chair for the functioning of the state-operated institution but no less than once every four months, or the remaining two members by petition, may at any time call a special meeting of the board and fix the time and place therefor. At least seven days notice of every meeting shall be mailed to the usual address of each member. The agenda for such meetings shall be available seven days prior to the meetings and shall be considered public records.

7. Nothing in this section shall prevent a state-operated institution from establishing an auxiliary services corporation, instead of a board otherwise provided by this section, to approve and oversee non-academic service contracts with the institution which maintains proportional representative control, one-third for each, of that corporation's board of directors between the elected student association, elected faculty association and the head of the institution.

§ 2. This act shall take effect on the ninetieth day after it shall have become a law.
