2 whether or not on any public project or on all public projects in any
3 area of this state, sufficient laborers, workers and mechanics of any or
4 all classifications can be employed to carry on work expeditiously if
5 their labor is restricted to eight hours per day and five days per week,
6 and in the event that the commissioner determines that there are not
7 sufficient workers, laborers and mechanics of any or all classifications
8 which may be employed to carry on such work expeditiously if their labor
9 is restricted to eight hours per day and five days per week, and the

13 and limb of the persons using the same, the commissioner shall grant a
14 dispensation permitting all laborers, workers and mechanics, or any

18 granted, all work in excess of eight hours per day and five days per
19 week shall be considered overtime work, and the laborers, workers and
20 mechanics performing such work shall be paid a premium wage commensurate
21 with the premium wages prevailing in the area in which the work is
22 performed. No such dispensation shall be effective with respect to any
23 public work unless and until the department of jurisdiction, as defined
24 in this section, certifies to the commissioner that such public work is
25 of an important nature and that a delay in carrying it to completion
26 would result in serious disadvantage to the public. Time lost in any
27 week because of inclement weather by employees engaged in the
28 construction, reconstruction and maintenance of highways outside of the
29 limits of cities and villages may be made up during that week and/or the
