AN ACT to amend the state finance law, in relation to establishing the lump sum allocation advisory committee (Part A); to amend the state finance law, in relation to requiring transparency, identification and disclosure of certain appropriations (Part B); to amend the executive law, in relation to withholding the salaries of the governor, agency commissioners and deputy commissioners for failing to meet certain reporting deadlines (Part C); to amend the tax law, in relation to creating a tax rate reduction board to look at personal income tax and corporate franchise tax rates (Part D); to amend the economic development law, in relation to conducting an audit of all state economic development programs (Part E); to amend the public officers law and the election law, in relation to prohibiting certain political contributions by individuals appointed to entities that oversee lump sum appropriations (Part F); and to amend the public authorities law, in relation to prohibiting certain third party contracts (Part G)

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and intent. It is the duty of the
2 state government to be responsible, open and transparent about how it
3 spends the taxpayer's hard earned money. With billions of dollars of
4 lump sum appropriations included in the state budget that include no
5 details on who receives the money, or even which elected official has
6 control over the appropriation, and with continued delays in releasing
7 reports by state agencies on the effectiveness of related programs, the

1 government has failed to live up to its responsibility. Often times,
2 this failure goes even deeper, as individuals and entities have
3 personally benefited from the lack of accountability and transparency.
4 Therefore, the legislature finds it necessary to create a lump sum allo-
5 cation advisory committee, require greater transparency related to lump
6 sum appropriations, implement penalties for certain state agencies and
7 entities that fail to release timely reports, prohibit certain political
8 contributions by appointees and conduct studies on how to simplify the
9 current tax system and economic development environment to ensure the
10 current system that creates winners and losers is changed. By implement-
11 ing these policies, the state government can begin to repair the
12 complete breakdown of trust over how it allocates taxpayer money.

13 § 2. This act enacts into law major components of legislation provid-
14 ing for the creation of a lump sum allocation advisory committee,
15 requiring greater transparency related to lump sum appropriations,
16 implementing penalties for certain state agencies and entities that fail
17 to release timely reports, prohibiting certain political contributions
18 by appointees and conducting studies on how to simplify the current tax
19 system and economic development environment to ensure the current system
20 that creates winners and losers is changed. Each component is wholly
21 contained within a Part identified as Parts A through G. The effective
22 date for each particular provision contained within such Part is set
23 forth in the last section of such Part. Any provision in any section
24 contained within a Part, including the effective date of the Part, which
25 makes reference to a section "of this act", when used in connection with
26 that particular component, shall be deemed to mean and refer to the
27 corresponding section of the Part in which it is found. Section four of
28 this act sets forth the general effective date of this act.

29
