1 budget conference committee, for specific areas of the budget to be
2 determined by the general budget conference committee. Such procedures
3 shall include a requirement that all meetings of the general budget
4 conference committee and of the subcommittees be held in public. The
5 general budget conference committee shall provide estimates of any
6 moneys estimated to be available for the ensuing fiscal year from sourc-
7 es other than in subdivision six of section twenty-three of this arti-
8 cle. Such estimate when combined with those estimates required by
9 subdivision six of section twenty-three of this article shall be all
10 moneys from such sources described in this subdivision estimated to be
11 available to make disbursements authorized by the appropriation bills
12 submitted by the governor pursuant to section three of article seven of
13 the constitution and acted on by the legislature for the ensuing fiscal
14 year. The general budget conference committee shall establish limita-
15 tions on disbursements which may be agreed to by each budget conference
16 subcommittee to insure that total disbursements to be made for the ensu-
17 ing fiscal year do not exceed the final estimate of moneys and revenues
18 available to make such disbursements as provided by subdivision six of
19 section twenty-three of this article. The number of budget conference
20 subcommittees and the membership of the budget conference subcommittee
21 shall be determined by the general budget conference committee;
22 provided, however, that no less than one member of each budget confer-
23 ence subcommittee shall be appointed each by the temporary president of
24 the senate, the minority leader of the senate, the speaker of the assem-

28 section, each budget conference subcommittee shall convene at a time or
29 times determined by the general budget conference committee and shall
30 report back to the general budget conference committee at a time or
31 times determined by the general budget conference committee on the
32 results of efforts to resolve the differences between each house in the
33 specific areas of the budget assigned to each subcommittee. On
34 completion of efforts to resolve all differences between each house,
35 each budget conference subcommittee shall submit a final report to the
36 general budget conference committee on the results of such efforts and
37 make recommendations for final action to be taken on the budget bills
38 submitted by the governor for the ensuing fiscal year. Each final report
39 shall also indicate the estimated impact that each recommendation would
40 have on state finances for the ensuing and next two succeeding fiscal
41 years.

42 4. The general budget conference committee shall either approve the
43 final report of each budget conference subcommittee or agree upon
44 modifications of such subcommittee reports, and, the general budget
45 conference committee shall report in writing to the temporary president
46 of the senate, the minority leader of the senate, the speaker of the
47 assembly and the minority leader of the assembly on all recommendations
48 for final action to be taken on the budget bills submitted by the gover-
49 nor for the ensuing fiscal year. The final general conference committee
50 report shall include the estimated impact of any proposed modifications
51 to law that affect receipts for the ensuing and next two succeeding
52 fiscal years. Such final general conference committee report shall be
53 made available to the public.

54 § 2. Subdivisions 1, 2 and 3 of section 40 of the state finance law,

31 shall become available.

32 (c) Every appropriation made at an extraordinary session of the legis-
33 lature shall, unless the contrary is expressly provided in the act by
34 which such appropriation is made, be available immediately upon the
35 taking effect of such act and shall cease to have force and effect,

44 New York and the state university of New York shall cease to have force
45 and effect, except as to liabilities already incurred thereunder, as of
46 the thirtieth day of June immediately following the state fiscal year
47 for which they are enacted.

48 3. Every appropriation for whatever purpose which at the close of the
49 fiscal year in which such appropriation shall first become available,
50 shall cease to have force and effect except as to liabilities already
51 incurred thereunder shall as to such liabilities continue in force and
52 effect until the dates specified in paragraphs (a), (b), (c) and (d) of
53 this subdivision, on which dates such appropriation shall lapse and no
54 money shall thereafter be paid out of the state treasury or any of its

19 § 3. Subdivisions 3 and 4 of section 92 of the state finance law, as
20 separately amended by chapters 405 and 957 of the laws of 1981, are
21 amended to read as follows:

22 3. At the close of each fiscal year any cash surplus remaining in the
23 general fund over and above the norm for such fiscal year shall be
24 transferred from or retained in such fund as hereinafter in this subdi-

26 reserve fund all of such surplus moneys, up to and including an amount
27 equivalent to [~~two-tenths~~] one-half of one per centum of such norm,
28 unless such transfer would increase such reserve fund to an amount in
29 excess of [~~two~~] five per centum of the amount of the norm for such
30 fiscal year, in which event such transfer shall be limited to such
31 amount as will increase such reserve fund to such [~~two~~] five per centum
32 limitation. Any balance of such surplus moneys, thereafter remaining in
33 the general fund, shall be retained in such fund and be available for
34 the reduction of state taxes.

35 4. In the event that at the close of any fiscal year the receipts
36 derived from the taxes, fees and other sources, required to be paid
37 during such fiscal year into the general fund of the state shall fall
38 below the norm for such fiscal year, there shall be transferred from the
39 tax stabilization reserve fund to the general fund to the extent that
40 there are sufficient moneys in the tax stabilization reserve fund, an
41 amount equal to the difference between the norm and the amount of such
42 receipts. If such transfer reduces the tax stabilization reserve fund to
43 an amount less than [~~two~~] five per centum of the norm for such fiscal
44 year, the amount so transferred shall be repaid in cash prior to the
45 computation and payment of any transfer to the fund pursuant to subdivi-
46 sion three of this section in not less than three equal annual install-
47 ments within the period of six years or less next succeeding the date of
48 such transfer; provided, however, that if any such annual installment
49 shall increase such reserve fund to an amount in excess of [~~two~~] five
50 per centum of the amount of the norm for the then current fiscal year,
51 such installment shall be limited to such amount as will increase such
52 reserve fund to such [~~two~~] five per centum limitation and no further
53 repayment of the whole or any part of such transfer shall be required in
54 any subsequent fiscal year. Repayments to the tax stabilization reserve
55 fund shall be stipulated in annual budget bills.

1 § 4. The legislative law is amended by adding a new section 53-a to
2 read as follows:

3 § 53-a. Failure to enact a timely state budget. After the commence-

5 submitted by the governor for that fiscal year and all the bills submit-
6 ted by the governor containing the proposed legislation recommended in
7 the budget for that fiscal year shall have been finally acted on by both
8 houses of the legislature, neither house shall consider or take any
9 action whatsoever on any other bill, resolution or other matter pending
10 before either such house or any committee thereof, except for appropri-
11 ation bills submitted to the legislature on message from the governor
12 certifying to the necessity of the immediate passage of such bill.

13 § 5. Section 54 of the legislative law is amended by adding three new
14 subdivisions 3, 4 and 5 to read as follows:

15 3. When both houses are in agreement and prepared to finally act on
16 the appropriation bills submitted by the governor in accordance with
17 article seven of the constitution, the secretary of the senate finance
18 committee and the secretary of the assembly ways and means committee
19 shall prepare and deliver to the division of the budget a letter that
20 states that both houses are in agreement and prepared to finally act on
21 the appropriation bills and proposed legislation submitted by the gover-
22 nor in accordance with article seven of the constitution. The secretary
23 of the senate finance committee and the secretary of the assembly ways
24 and means committee shall furnish the division of the budget, concurrent
25 with the submission of the joint letter, information sufficient for the
26 preparation of a summary report, including the appropriation bills and
27 proposed legislation on which both houses are in agreement and prepared
28 to act.

29 4. Promptly upon receipt of the joint letter and information described
30 in subdivision three of this section, the division of the budget shall
31 prepare a plain language summary report of the appropriation bills and
32 related legislation to be enacted by the legislature. Such summary
33 report shall be in such a form as to indicate that the budget as amended
34 provides that, for the general fund, the total of anticipated disburse-
35 ments, including transfers to other funds, is not greater than the total
36 of anticipated receipts, including transfers from other funds, plus any
37 balance available in such fund. The summary report shall further
38 describe the impact of proposed legislative amendments on the receipt
39 and disbursement estimates contained in the executive budget for such
40 fiscal year and for the succeeding two fiscal years. The summary report
41 shall be in such format as the division of the budget may determine.

42 5. The division of the budget summary report as described in subdivi-
43 sion four of this section shall be placed on the desks of each member of
44 the legislature, and shall be made available to the public for a period
45 of at least forty-eight hours prior to the passage of the appropriation
46 bills and related legislation by each house.

47 § 6. Paragraph (a) of subdivision 2 of section 54 of the legislative
48 law, as added by chapter 1 of the laws of 2007, is amended to read as
49 follows:

50 (a) The legislature shall enact a budget for the upcoming fiscal year
51 that it determines is balanced in the general fund. The total amount of
52 all funds spending, which shall include spending from all state revenue
53 sources including taxes, fees, fines, federal grants, bond proceeds,

9 subdivision 17 to read as follows:

10 17. Notwithstanding any provision of law to the contrary, the budget
11 submitted pursuant to this section shall not provide for total all funds
12 spending in an amount which exceeds spending in the prior year by more
13 than the rate of inflation as determined by the percentage increase in
14 the consumer price index for urban wage earners and clerical workers
15 (CPI-W) published by the United States department of labor, bureau of
16 labor statistics. For the purposes of this subdivision all funds spend-

29 § 9. This act shall take effect immediately; provided however that the
30 provisions of section three of this act shall take effect three years
31 after it shall have become a law.
