McDONALD -- read once and referred to the Committee on Health -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- reported and referred to the Committee on Ways and Means -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the social services law, in relation to Medicaid reimbursement for complex rehabilitation technology for patients with complex medical needs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The social services law is amended by adding a new section  
2 367-j to read as follows:

3 § 367-j. Complex rehabilitation technology; reimbursement. 1. Definitions. As used in this section:

4 (a) "Complex needs patient" means a medical assistance enrollee with  
5 significant physical or functional impairment resulting from a medical  
6 condition or disease including, but not limited to: spinal cord injury,  
7 traumatic brain injury, cerebral palsy, muscular dystrophy, spina bifi-  
8 da, osteogenesis imperfecta, arthrogryposis, amyotrophic lateral sclero-  
9 sis, multiple sclerosis, demyelinating disease, myelopathy, myopathy,  
10 progressive muscular atrophy, anterior horn cell disease, post-polio  
11 syndrome, cerebellar degeneration, dystonia, huntington's disease,  
12 spinocerebellar disease, and certain types of amputation, paralysis or  
13 paresis.

14 (b) "Complex rehabilitation technology" means products classified as  
15 durable medical equipment within the medicare program that are individ-  
16 ually configured for individuals to meet their specific and unique  
17 medical, physical and functional needs and capacities for basic and  
18 functional activities of daily living. Such products include, but are  
19 not limited to: individually configured manual and power wheelchairs  
20

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD04523-05-7

1 and accessories, adaptive seating and positioning items and accessories,  
2 and other specialized equipment such as standing frames and gait train-  
3 ers and accessories.

4 (c) "Individually configured" means a device with a combination of  
5 sizes, features, adjustments or modifications that are configured or  
6 designed by a qualified complex rehabilitation technology supplier for a  
7 specific individual by measuring, fitting, programming, adjusting or  
8 adapting the device so that the device is consistent with the individ-  
9 ual's medical condition, physical and functional needs and capabilities,  
10 body size, period of need and intended use as determined by an assess-  
11 ment or evaluation by a qualified health care professional.

12 (d) "Qualified complex rehabilitation technology professional" means  
13 an individual who is certified as an assistive technology professional  
14 by a nationally-recognized rehabilitation engineering and assistive  
15 technology society.

16 (e) "Qualified complex rehabilitation technology supplier" means a  
17 company or entity that:

18 (i) is accredited by a nationally-recognized accrediting organization;

19 (ii) is an enrolled supplier for durable medical equipment under the  
20 federal medicare program and the medical assistance program under this  
21 title;

22 (iii) has at least one qualified complex rehabilitation technology  
23 professional available to analyze the needs and capacities of complex  
24 needs patients in consultation with a qualified health care professional  
25 and participate in the selection of appropriate complex rehabilitation  
26 technology and provide training in the proper use of the complex reha-  
27 bilitation technology;

28 (iv) requires a qualified complex rehabilitation technology profes-  
29 sional be physically present for the evaluation and determination of  
30 appropriate complex rehabilitation technology for complex needs  
31 patients;

32 (v) has the capability to provide service and repair by qualified  
33 technicians for all complex rehabilitation technology it sells;

34 (vi) has at least one retail vending location within New York state;  
35 and

36 (vii) provides written information regarding how to receive service  
37 and repair of complex rehabilitation technology to the complex needs  
38 patient prior to the ordering of such technology.

39 (f) "Qualified health care professional" means a health care profes-  
40 sional licensed or otherwise authorized to practice under title eight of  
41 the education law, acting within his or her scope of practice.

42 2. Reimbursement and billing procedures. (a) The commissioner shall  
43 maintain specific reimbursement and billing procedures under this title  
44 for complex rehabilitation technology products to ensure that Medicaid  
45 payments for such products permit adequate access to such products and  
46 services for complex needs patients and take into account the signif-  
47 icant resources, infrastructure, and staff needed.

48 (b) The commissioner shall monitor the addition of new billing codes  
49 for complex rehabilitation technology by the medicare program and shall  
50 expeditiously incorporate such codes under this subdivision.

51 (c) Where reimbursement rates for complex rehabilitation technology  
52 products provided under section forty-four hundred three-f of the public  
53 health law or section three hundred sixty-four-j of this title are  
54 determined by a managed care organization, they shall be determined  
55 consistent with this subdivision. The commissioner may establish minimum

1 benchmark reimbursement rates to be paid by managed care organizations  
2 under this paragraph.  
3 § 2. This act shall take effect on the first of April next succeeding  
4 the date on which it shall have become a law.
