AN ACT to amend the retirement and social security law, in relation to accidental disability retirement

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

§ 2. This act shall take effect immediately and apply to all applications filed on or after January 1, 2014.

FISCAL NOTE.--Pursuant to legislative law, Section 50:

This bill would extend the filing deadline from 2 years to 5 years for active and retired firefighters in the New York State and Local Police and Fire Retirement System to file an application for accidental disability retirement due to certain cancers. It will apply to all disability applications filed on or after January 1, 2014.

If this bill is enacted, the cost would depend on the age, service, salary and plan of the affected firefighters, as well as whether such person would have otherwise been eligible for, or has been receiving an

ordinary disability, a performance of duty disability or a service retirement.

For those who apply for this benefit subsequent to a service retirement, it is estimated that there would be an average per person cost of approximately 2 times final average salary. For those who apply subsequent to a performance of duty retirement, it is estimated that there would be an average per person cost of approximately 2.5 times final average salary. For those who apply subsequent to an ordinary disability retirement, it is estimated that there would be an average per person cost of approximately 5 times final average salary. The number of members and retirees who could be affected by this legislation cannot be readily determined. These costs would be borne by the State of New York and all the participating employers in the New York State and Local Police and Fire Retirement System.

For the one person known to be affected, there will be a one-time cost of approximately $256,000. This cost will be shared by the State of New York and all the participating employers in the New York State and Local Police and Fire Retirement System.
