IN ASSEMBLY

March 16, 2017

Introduced by M. of A. SOLAGES -- read once and referred to the Committee on Insurance

AN ACT to amend the insurance law, in relation to providing for health insurance coverage for diagnostic screening for colorectal cancer

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subsection (i) of section 3216 of the insurance law is
2 amended by adding a new paragraph 11-b to read as follows:

3 (11-b) (A) Every policy delivered or issued for delivery in this state
4 which provides medical coverage that includes coverage for physician
5 services in a physician's office and every policy which provides major
6 medical or similar comprehensive-type coverage shall provide, upon the
7 prescription of a health care provider legally authorized to prescribe
8 under title eight of the education law, the following coverage for diag-
9 nostic screening for colorectal cancer:

10 (i) standard diagnostic testing including, but not limited to, a
11 digital rectal examination at any age for people having a family history
12 of colorectal cancer or a personal history of polyps or inflammatory
13 bowel disease; and

14 (ii) an annual standard diagnostic examination including, but not
15 limited to, a digital rectal examination for people age fifty and over
16 who are asymptomatic and for people age forty and over with a family
17 history of colorectal cancer or other colorectal cancer risk factors.

18 (B) Such coverage may be subject to annual deductibles and coinsurance
19 as may be deemed appropriate by the superintendent and as are consistent
20 with those established for other benefits within a given policy.

21 § 2. Subsection (1) of section 3221 of the insurance law is amended by
22 adding a new paragraph 11-b to read as follows:

23 (11-b) (A) Every policy delivered or issued for delivery in this state
24 which provides medical coverage that includes coverage for physician
25 services in a physician's office and every policy which provides major
