9 by the mayor alone or by resolution of the council, may convey or trans-
10 fer to the authority, with or without consideration and without any
11 further authorization, any real, personal or mixed property (including
12 inalienable property of the city), or any interest therein, in order to
13 assist the authority in implementing a five-year facilities capital
14 plan.

15 2. In the event the authority wishes to obtain city property for use
16 as a park or recreation facility pursuant to an approved five-year park
17 facilities capital plan, the authority shall request such property in
18 writing and shall submit such request directly to the mayor. The mayor
19 shall have thirty days to respond to such request. If the request is
20 denied, the mayor shall set forth in writing the reasons for such
21 denial, including whether the city intends to use such property for
22 other public uses. Such response shall be made available to the public
23 upon request. If the mayor fails to respond to such request, the author-
24 ity may, at the expiration of the thirty-day period, condemn such prop-
25 erty pursuant to its powers under subdivision six of section seventeen
26 hundred sixty-three of this title.

27 § 1765. Exemption from land use review procedures and other require-
28 ments. 1. Except for the provisions of article eight of the environ-
29 mental conservation law and article fourteen of the parks, recreation
30 and historic preservation law, neither (a) the establishment or amend-
31 ment of a park facilities capital plan and actions relating to the
32 financing thereof, nor (b) the establishment or revision of a park
33 facilities master plan and actions relating to the financing thereof,
34 nor (c) any conveyance or other grant of property or of any interest
35 therein by the city, the department or any other person, firm or organ-
36 ization to the authority or to the department pursuant to a park facili-
37 ties capital plan, nor (d) the design, construction, reconstruction,
38 improvement, rehabilitation, maintaining, furnishing, repairing, equip-
39 ping or use of park facilities by the authority, including any
40 contracts, approvals, consents, agreements, permits or authorizations
41 necessary to accomplish the same, which are pursuant to a park facili-
42 ties capital plan, nor (e) the reconveyance or transfer of property to
43 the department or to the city by the authority or any disposition of
44 property pursuant to a park facilities capital plan, shall be subject to
45 the provisions of any general, special or local law, city charter,
46 administrative code, ordinance or resolution governing uniform land use
47 review procedures, any other land use planning review and approvals,
48 historic preservation procedures, architectural reviews, franchise
49 approvals and other state or local review and approval procedures
50 governing the use of land and the improvements thereon within the city.
51 Capital projects for park facilities to be undertaken by the authority
52 shall not be subject to the provisions of the charter of the city relat-
53 ing to site selection, land use review procedures, art commission review
54 procedures, general standards and cost limits, project scope and design
55 procedures, or contract registration and vouchering procedures.

1 2. The authority shall be deemed the lead agency for purposes of the
2 implementation of the environmental review procedures prescribed by
3 article eight of the environmental conservation law and the rules and
4 regulations promulgated by the department of environmental conservation
5 pursuant thereto.

6 3. The authority shall be subject to zoning regulations to the same
7 extent that the city board is subject to such regulations, if at all.

8 § 1766. Compliance with codes. The authority shall, in the design,
9 construction, reconstruction, improvement, rehabilitation, maintenance,
10 repair, furnishing, equipping of or otherwise providing for park facili-
11 ties, comply with the requirements of the city building code, fire code
12 and electrical code.

13 § 1767. Contracts of the authority. 1. a. All contracts for the
14 construction, reconstruction, improvement, rehabilitation, maintenance,
15 repair, furnishing, equipping of or otherwise providing for park facili-
16 ties for the department may be awarded in accordance with the provisions
17 of this section, notwithstanding the provisions of section eight of the
18 public buildings law, section one hundred three of the general municipal
19 law, section one hundred thirty-five of the state finance law, section
20 seven of the New York state financial emergency act for the city of New
21 York or of any other provision of general, special or local law, charter
22 or administrative code.

23 b. The authority shall be subject to the provisions of section one
24 hundred one of the general municipal law.

25 2. a. Except as otherwise provided in this section, all purchase
26 contracts for supplies, materials or equipment involving an estimated
27 expenditure in excess of ten thousand dollars and all contracts for
28 public work involving an estimated expenditure in excess of fifty thou-
29 sand dollars shall be awarded by the authority to the lowest responsible
30 bidder after obtaining sealed bids in the manner hereinafter set forth.
31 For purposes hereof, contracts for public work shall exclude contracts
32 for personal, engineering and architectural, or professional services.

33 b. The authority may reject all bids and obtain new bids in the manner
34 provided by this section when it deems it in the public interest to do
35 so or, in cases where two or more responsible bidders submit identical
36 bids which are the lowest bids, award the contract to any of such
37 bidders or obtain new bids from such bidders. Nothing herein shall obli-
38 gate the authority to seek new bids after the rejection of bids or after
39 cancellation of an invitation to bid. Nothing in this section shall
40 prohibit the evaluation of bids on the basis of costs or savings includ-
41 ing life cycle costs of the item to be purchased, discounts, and
42 inspection services so long as the invitation to bid reasonably sets
43 forth the criteria to be used in evaluating such costs or savings. Life
44 cycle costs may include but shall not be limited to costs or savings
45 associated with installation, energy use, maintenance, operation and
46 salvage or disposal.

47 3. a. Notwithstanding the provisions of paragraph a of subdivision two
48 of this section, the authority shall establish guidelines governing the
49 qualifications of bidders entering into contracts for the construction,
50 reconstruction, improvement, rehabilitation, maintenance, repair,
51 furnishing, equipping of or otherwise providing for park facilities for
52 the department. The bidding may be restricted to those who have quali-
53 fied prior to the receipt of bids according to standards fixed by the
54 authority; provided, however, that the award of contracts shall, to the
55 extent not inconsistent with this paragraph, be in accordance with para-
56 graph b of subdivision two of this section.

1 b. In determining whether a prospective bidder qualifies for inclusion
2 on a list of pre-qualified bidders, the authority shall consider (1) the
3 experience and past performance of the prospective bidder; (2) the
4 prospective bidder's ability to undertake work; and (3) the financial
5 capability, responsibility and reliability of prospective bidders. The
6 authority may also consider such other factors as it deems appropriate.

7 c. The authority shall, not less than twice each year, publish, in a
8 newspaper of general circulation in the city of New York, an advertise-
9 ment requesting prospective bidders to submit qualification statements.
10 Lists of pre-qualified bidders shall be reviewed and updated not less
11 than annually by the authority. The authority shall delete from the list
12 of pre-qualified bidders any bidder who has failed to perform adequately
13 or satisfactorily for the authority, the department or any other city or
14 state agency or authority.

15 d. Lists of pre-qualified bidders may be established on a project-spe-
16 cific basis; provided, however, that any such list shall have no less
17 than five bidders.

18 4. a. Advertisement for bids, when required by this section, shall be
19 published at least once in a newspaper of general circulation in the
20 city of New York. Publication in such a newspaper shall not be required
21 (i) if bids for contracts for supplies, materials or equipment are of a
22 type regularly purchased by the authority and are to be solicited from a
23 list of potential suppliers, if such list is or has been developed
24 consistent with the provisions of subdivision six of this section or
25 (ii) if bids are to be solicited from a list of pre-qualified bidders
26 pursuant to the provisions of paragraph d of subdivision three of this
27 section. Any such advertisement shall contain a statement of the time
28 and place where all bids received pursuant to such notice will be
29 publicly opened and read. At least fourteen days shall elapse between
30 the first publication of such advertisement or the solicitation of bids,
31 as the case may be, and the date of opening and reading of bids.

32 b. The authority may designate any officer or employee to open the
33 bids at the time and place bids are to be opened and may designate an
34 officer to award the contract to the lowest responsible bidder. Such
35 designee shall make a record of all bids in such form and detail as the
36 authority shall prescribe. All bids received shall be publicly opened
37 and read at the time and place specified in the advertisement or at the
38 time of solicitation, or to which the opening and reading have been
39 adjourned by the authority. All bidders shall be notified of the time
40 and place of any such adjournment.

41 5. Notwithstanding the foregoing, the authority may by resolution
42 approved by a vote of its members declare (i) that competitive bidding
43 for non-construction contracts is impractical or inappropriate because
44 of the existence of any of the circumstances hereinafter set forth or
45 (ii) that competitive bidding for construction contracts is impractical
46 or inappropriate because of the existence of the circumstances set forth
47 in paragraph a of this subdivision. Thereafter the authority may proceed
48 to award contracts without complying with the requirements of subdivi-
49 sion two or three of this section. In each case where the authority
50 declares competitive bidding impractical or inappropriate, it shall
51 state the reason therefor in writing and summarize any negotiations that
52 have been conducted and shall be made available upon request. Except for
53 contracts awarded pursuant to paragraphs a, b and c of this subdivision,
54 the authority shall not award any contract pursuant to this subdivision
55 earlier than thirty days from the date on which the authority declares

1 that competitive bidding is impractical or inappropriate. Competitive
2 bidding may only be declared impractical or inappropriate where:

3 a. the existence of an emergency involving danger to life, safety or
4 property requires immediate action and cannot await competitive bidding
5 or the item to be purchased is essential to efficient operation or the
6 adequate provision of service by the city board or the authority and as
7 a consequence of unforeseen circumstance such purchase cannot await
8 competitive bidding;

9 b. the authority receives no responsive bids or only a single respon-
10 sive bid in response to an invitation for competitive bids;

11 c. the item is available through an existing contract between a vendor
12 and (i) another public authority provided that such other authority
13 utilized a process of competitive bidding or a process of competitive
14 requests for proposals to award such contracts, or (ii) the department,
15 or (iii) the state of New York, or (iv) the city of New York, provided
16 that in any case when under this paragraph the authority determines that
17 obtaining such item thereby would be in the public interest and sets
18 forth the reason for such determination. The authority shall accept sole
19 responsibility for any payment due the vendor as a result of the author-
20 ity's order; or

21 d. the authority determines that it is in the public interest to award
22 contracts pursuant to a process for competitive requests for proposals
23 as hereinafter set forth. For purposes of this section, a process for
24 competitive requests for proposals shall mean a method of soliciting
25 proposals and awarding a contract on the basis of a formal evaluation of
26 the characteristics, such as quality, cost, delivery schedule and
27 financing of such proposals against stated selection criteria. Public
28 notice of the requests for proposals shall be given in the same manner
29 as provided in subdivision three of this section and shall include the
30 selection criteria. In the event the authority makes a material change
31 in the selection criteria from those previously stated in the notice, it
32 will inform all proposers of such change and permit proposers to modify
33 their proposals.

34 (i) The authority may award a contract pursuant to this paragraph only
35 after a resolution approved by a vote of its members at a public meeting
36 of the authority with such resolution (A) disclosing the other proposers
37 and the substance of their proposals, (B) summarizing the negotiation
38 process including the opportunities, if any, available to proposers to
39 present and modify their proposals, and (C) setting forth the criteria
40 upon which the selection was made.

41 (ii) Nothing in this paragraph shall require or preclude (A) negoti-
42 ations with any proposers following the receipt of responses to the
43 request for proposals or (B) the rejection of any or all proposals at
44 any time. Upon the rejection of all proposals, the authority may solicit
45 new proposals or bids in any manner prescribed in this section.

46 6. Upon the adoption of a resolution by the authority stating, for
47 reasons of efficiency, economy, compatibility or maintenance reliabil-
48 ity, that there is a need for standardization, the authority may estab-
49 lish procedures whereby particular supplies, materials or equipment are
50 identified on a qualified products list. Such procedures shall provide
51 for products or vendors to be added to or deleted from such list and
52 shall include provisions for public advertisement of the manner in which
53 such lists are compiled. The authority shall review such list no less
54 than twice a year for the purpose of making such modifications.
55 Contracts for particular supplies, materials or equipment identified on
56 a qualified products list may be awarded by the authority to the lowest

1 responsible bidder after obtaining sealed bids in accordance with this
2 section or without competitive sealed bids in instances when the item is
3 available from only a single source, except that the authority may
4 dispense with advertising provided that it mails copies of the invita-
5 tion to bid to all vendors of the particular item on the qualified
6 products list.

7 7. The authority shall compile a list of potential sources of
8 supplies, materials or equipment regularly purchased. The authority
9 shall, by resolution, set forth the procedures it has established to
10 identify new sources and to notify such new sources of the opportunity
11 to bid for contracts for the purchase of supplies, materials or equip-
12 ment. Such procedures shall include, but not be limited to advertising
13 in trade journals.

14 8. The authority shall be subject to the provisions of section twen-
15 ty-eight hundred seventy-nine of this chapter in awarding contracts for
16 personal services.

17 9. The board shall, by resolution, establish procedures for the fair
18 and equitable resolution of contract disputes. Prior to the establish-
19 ment of such policy, the board shall publish in appropriate publications
20 a notice of such policy and invite comment from interested parties,
21 including, but not limited to representatives of construction organiza-
22 tions. Such notice shall also state that the authority will hold a
23 public hearing to consider the policy at a specified time and place on a
24 date not less than ten days after such publication, and the authority
25 shall conduct the public hearing pursuant to such notice.

26 10. The provisions of article eight of the labor law shall be applica-
27 ble to all contracts entered into directly or indirectly by the authori-
28 ty.

29 11. The provisions of subdivision one of section one hundred six-b of
30 the general municipal law shall apply to the authority, provided, howev-
31 er, that the authority may retain up to four times the value of any
32 remaining items to be completed.

33 § 1768. Funding of the authority. 1. Each year the authority shall
34 prepare and the board shall adopt an itemized estimate of the sum of
35 money it deems necessary from the department to cover the authority's
36 operating expenses for the ensuing fiscal year. Such estimate shall take
37 into account any prior year's surplus and shall be delivered to the
38 department for review at least ten business days prior to the date for
39 submission of the department's annual estimate and shall be included as
40 part of such department estimate. Upon appropriation of the city's
41 expense budget for such ensuing fiscal year, the amount of the authori-
42 ty's estimate shall be paid to the authority by the city in twelve equal
43 payments, each payable on the first day of each month of the fiscal
44 year. The authority shall not be required to present any vouchers for
45 such payments, but shall issue quarterly reports not later than thirty
46 days after the end of each quarter comparing actual expenditures to
47 estimated expenditures and analyzing any significant variances. The
48 authority shall develop procedures to ensure that it operates at all
49 times within the amounts payable to it pursuant to this section, after
50 taking into account funds available to the authority for such purpose
51 from sources other than the city. Expenditures of the authority from
52 funds paid to it by the city shall be subject to audit by the comp-
53 troller, who may recommend procedures designed to improve the authori-
54 ty's accounting and expenditure control expenditures. In the event the
55 authority's cash flow projections require that funds be advanced more
56 rapidly during a fiscal year than would occur pursuant to the payment

1 dates set forth in this section, the authority shall advise the city
2 board, the director of management and budget and the comptroller of such
3 requirement. Such officials shall, in consultation with the authority,
4 develop a schedule of advance payments to the authority designed to
5 cover projected cash shortfalls during a fiscal year and to provide the
6 authority with cash balances at all times sufficient to permit prompt
7 payment of the authority's creditors.

8 2. The authority shall present vouchers for payment of costs incurred
9 for projects the detailed scope of which approval has been obtained and
10 for activities for which no such scope approval is required to the comp-
11 troller, which vouchers shall contain the following information: the
12 amounts to be paid; the payees; the project or purpose for which the
13 costs were incurred; a statement that the amounts to be paid are within
14 city capital budget appropriations available therefor; and, with respect
15 to projects for which scope approval has been obtained, a statement that
16 the amounts to be paid are in accordance with such approved project
17 scope. The authority shall not be required to furnish any additional
18 information prior to payment of a voucher pursuant to this subdivision,
19 and the comptroller is hereby authorized and directed to take such
20 actions as may be necessary to make such payment.

21 3. The authority shall not be deemed a "covered organization" as
22 defined in the New York state financial emergency act for the city of
23 New York.

24 § 1769. Civil service. 1. a. The authority, for the purpose of admin-
25 istering the state civil service law, shall be deemed to be a municipal
26 commission provided, however, that (i) the authority may elect to dele-
27 gate the administration of any or all of the provisions of the civil
28 service law, except article fourteen of such law, to the department of
29 personnel of the city of New York with respect to titles established at
30 the authority and which the city has also established and promulgates;
31 (ii) the civil service commission of the city of New York shall exercise
32 on behalf of the authority the powers and duties of review assigned
33 under sections fifty, seventy-two, and seventy-six of the civil service
34 law; and (iii) the New York city office of administrative trials and
35 hearings will be designated the hearing office and shall conduct on
36 behalf of the authority such hearings as are required by sections seven-
37 ty-one, seventy-two, seventy-three, seventy-five and eighty-one of the
38 civil service law.

39 b. In the event the authority elects to delegate administration of any
40 or all of the provisions of the civil service law pursuant to paragraph
41 a of this subdivision, the city department of personnel shall enter into
42 a contract with such authority for the rendition of such services. The
43 authority shall compensate the city of New York for such services only
44 with respect to such services rendered for or on behalf of the authori-
45 ty. If the city of New York and the authority cannot agree on the amount
46 of such compensation, the city comptroller shall determine the fair and
47 reasonable value of such services and the authority shall pay such sum
48 to the city of New York.

49 2. a. Any person on an eligible list for a position with the depart-
50 ment in effect on the effective date of this title shall continue to
51 hold such position on such list and shall be entitled to the same civil
52 service rights.

53 b. The authority shall continue to use any new or existing civil
54 service lists promulgated by the city department of personnel until such
55 time as successor titles are established.

1 3. With respect to persons employed by the department on the effective
2 date of this section, the authority and the department shall be deemed
3 to be the same public employer only for purposes of transfer of employ-
4 ment under the civil service law. No civil service right of an employee
5 of the city board employed on the effective date of this title shall be
6 lost, impaired or affected by reason of the enactment of this section
7 into law.

8 4. A tripartite panel shall be established, consisting of one person
9 representing the authority, one person representing the appropriate
10 public employee organization and an impartial person selected by these
11 representatives. This panel shall hear complaints filed by such public
12 employee organization with respect to the creation and classification of
13 new titles and shall render non-binding written recommendations to the
14 public employee organization and the authority prior to the public hear-
15 ing required of a municipal civil service commission pursuant to section
16 twenty of the civil service law, provided that the hearing of the
17 tripartite panel shall be expedited so as to avoid delay.

18 § 1770. Retirement of employees. Employees of the authority shall be
19 eligible to join the New York city employees' retirement system pursuant
20 to the usual rules of that system, provided that a new employee who upon
21 appointment by or transfer to the authority is a member of the New York
22 city employees retirement system may remain a member of the New York
23 city employees retirement system if, within ninety days of the effective
24 date of the transfer to or appointment by the authority, the employee
25 exercises an election to do so. Furthermore, the retirement rights of
26 employees of the department employed on the effective date of this title
27 shall not be impaired by reason of the enactment of this title into law.

28 § 1771. Collective negotiation. 1. For the purpose of article four-
29 teen of the civil service law, the authority shall be deemed to be the
30 public employer and as such shall negotiate with and enter into written
31 agreements with employee organizations representing the staff of the
32 authority that have been certified or recognized under such article. In
33 carrying on such negotiations, the authority shall consult with and seek
34 assistance from the office of labor relations and collective bargaining
35 of the city board and the New York city office of municipal labor
36 relations. The state public employment relations board shall have exclu-
37 sive jurisdiction for the purpose of administering the provisions of
38 such article and the provisions of section two hundred twelve of such
39 article shall not be applicable to any such negotiations.

40 2. Employees transferred from the department to the authority shall be
41 included in an appropriate employer-employee negotiating unit pursuant
42 to article fourteen of the civil service law except for those employees
43 who are designated managerial or confidential. With respect to such
44 employees, the existing public employee organization recognized or
45 certified to represent the employees of the existing negotiating unit
46 shall be recognized as the representative for the negotiating unit of
47 the authority.

48 3. Future alterations of the negotiating unit shall be made pursuant
49 to article fourteen of the civil service law.

50 4. a. The authority shall consult with the appropriate public employee
51 organization on the establishment of, and bargain all terms and condi-
52 tions of, any new titles it establishes which have a community of inter-
53 est with titles already represented by the public employee organization
54 which presently has representation rights for those titles at the
55 department or at the city of New York.

1 b. Any such titles for which terms and conditions are bargained pursu-
2 ant to paragraph a of this subdivision shall be deemed to be successor
3 titles within the meaning of applicable law and, so long as the respon-
4 sibilities of employees in these titles are reasonably related to the
5 responsibilities of employees currently represented by a public employee
6 organization, shall be accreted to the appropriate bargaining certifi-
7 icates for which such public employee organization shall be voluntarily
8 recognized as the bargaining agent under procedures acceptable to the
9 state public employment relations board.

10 § 1772. Use of outside design, drafting or inspection services. 1. All
11 design, drafting or inspection services necessary in connection with the
12 approved park facilities capital plan shall be performed by appropriate
13 employees of the authority, except as otherwise provided in this
14 section.

15 2. a. The authority will undertake design, drafting and inspection
16 services with employees of the authority so that not less than forty
17 percent of such work performed will be so undertaken.

18 b. Notwithstanding the provisions of paragraph a of this subdivision,
19 design, drafting and inspection services may be performed by persons
20 other than employees of the authority in any given fiscal year when the
21 amount of services allowed to be performed by persons other than employ-
22 ees of the authority pursuant to the provisions of this subdivision have
23 been exhausted for that fiscal year, and when:

24 (1) Performance by persons other than employees of the authority is
25 necessary to avoid a conflict of interest, as defined in regulations
26 promulgated by the authority, and is a direct consequence of an accident
27 or other unforeseen circumstance; or

28 (2) (A) Current employees of the authority are otherwise engaged and
29 cannot be reassigned to perform the services; (B) new employees cannot
30 be hired within a reasonable time to perform such services; and (C) such
31 services are needed in connection with work undertaken in response to an
32 emergency. For purposes of this subparagraph, the term "emergency" shall
33 mean a situation involving danger to life, safety or property which
34 requires immediate action, is essential to efficient operation or the
35 adequate provision of service by the department or the authority, and is
36 a direct consequence of an accident or other unforeseen circumstance.

37 3. a. Design, drafting or inspection services above the minimum
38 percentages reserved for employees of the authority pursuant to para-
39 graph a of subdivision two of this section may be performed by other
40 than appropriate employees of the authority if to do so is (i) cost
41 effective, (ii) required to obtain special expertise not available
42 through the appropriate employees of the authority, (iii) required to
43 perform a service of short duration, (iv) required to respond to an
44 emergency, or (v) required to avoid a conflict of interest.

45 b. Prior to executing a contract for design, drafting or inspection
46 services pursuant to paragraph a of this subdivision, the authority
47 shall prepare a specific statement which sets forth the objective data
48 supporting the reasons why the proposed contract meets one or more of
49 the requirements set forth in such paragraph. Where use of the contract
50 is stated to be in compliance with subparagraph (i) of such paragraph,
51 such statement shall include certification that the contract will not
52 cause the displacement of authority employees.

53 c. (1) Prior to the scheduled award of the contract proposed to be
54 awarded pursuant to paragraph a of this subdivision, the authority shall
55 provide all employee organizations that represent authority employees
56 who would otherwise perform such work with copies of the statement

1 rendered pursuant to paragraph b of this subdivision and the proposed
2 contract so that each such employee organization shall have at least
3 fifteen days to object to the proposed contract. Any employee organiza-
4 tion which provides a timely written notice of objection and the reasons
5 therefor shall, unless the authority agrees in writing to withdraw the
6 proposed contract, be permitted to be heard by the authority's trustees
7 prior to the award of the contract.

8 (2) Notwithstanding the provisions contained within subparagraph one
9 of this paragraph, the employee organization may be provided less than
10 the required fifteen days to object to the proposed contract when the
11 contract is required to respond to an emergency as defined in subpara-
12 graph two of paragraph b of subdivision two of this section; provided,
13 however, that all other provisions of such clause shall be observed.

14 4. No later than ten days prior to the date set by the city charter
15 for the holding of hearings on the mayor's annual preliminary budget
16 statements for capital projects, the authority shall prepare a report
17 specifying the projects from the approved park facilities plan which the
18 authority plans to commit to during the next fiscal year. If the author-
19 ity intends to contract for design, drafting or inspection services in
20 connection with any project so specified, the report shall further spec-
21 ify (i) for which projects the services are needed; (ii) the type of
22 services to be provided pursuant to contract; (iii) the estimated cost
23 of the contract; and (iv) the reason or reasons why award of the
24 contract is consistent with this subdivision. The report shall be filed
25 in the authority's office and with the department, and shall be avail-
26 able to the public upon request. The authority shall file revisions to
27 the report so as to provide advance notice of not less than thirty days
28 of additional projects that the authority plans to undertake on which
29 the authority intends to contract for design, drafting or inspection
30 services. Such revisions shall be in accordance with the criteria of
31 this subdivision. Such revisions shall also identify projects which the
32 authority included in its report but which the authority does not intend
33 to pursue in the applicable fiscal year. The authority shall file such
34 revisions in the authority's office and with the department, and such
35 revisions shall be available to the public upon request. Such report and
36 revisions shall not preclude the authority from entering into contracts
37 or undertaking projects.

38 5. Nothing herein shall be deemed to create a cause of action against
39 the authority challenging the board's determination to award a contract
40 pursuant to subdivision three of this section, except to challenge a
41 failure by the authority to adhere to the process set forth in para-
42 graphs b and c of subdivision three of this section.

43 § 1773. Deposit and investment of moneys of the authority. 1. The
44 authority may establish and maintain funds for the purpose of receiving
45 and expending moneys received by the authority.

46 2. All moneys of the authority from whatever source derived shall be
47 paid to the authority and shall be deposited in accounts held in the
48 authority's name in the bank or banks in the state designated by the
49 authority. The moneys in such accounts shall be paid out on checks of
50 the authority upon requisition by the chairperson or such other officer
51 or officers as the authority may authorize to make such requisitions.

52 3. Any moneys on deposit in the accounts of the authority not required
53 for immediate expenditure shall be invested in obligations in which a
54 municipality may be authorized to invest in accordance with section
55 eleven of the general municipal law, provided, however, that such funds

1 shall not be invested in instruments commonly known as repurchase agree-
2 ments.

3 4. The authority shall provide the city with records and other infor-
4 mation regarding (i) the nature of work performed by the authority's
5 employees so as to enable the city to determine the extent to which the
6 cost of such services may be treated as capital costs of the city and
7 the park facilities to which such costs pertain and (ii) the investment
8 of funds received from the city so as to enable the city to comply with
9 the requirements of federal tax laws and preserve the tax-exempt status
10 of obligations issued by the city. The authority shall cooperate with
11 the city in all respects to ensure that all investments are made in a
12 manner that preserves the tax-exempt status of such obligations.

13 § 1774. Exemption of the authority. 1. Notwithstanding any other
14 provision of law, any real or personal property, while owned or subject
15 to any rights of the authority, shall be exempt from all taxes, special
16 assessments and special ad valorem levies and from the payment of any
17 and all charges, rents or other payments to the city, other than charges
18 for services provided by the city's water and sewer systems. In addi-
19 tion, any in rem actions or proceedings brought against such property by
20 the city or any other actions or proceedings concerning any of the above
21 brought against the authority by the city, and any such actions or
22 proceedings shall be void and shall be subject to dismissal upon appli-
23 cation of the authority at the sole expense of the city of New York. In
24 no instance shall title to any such property pass to the city of New
25 York except by deed or other appropriate document of sale, release or
26 conveyance executed by the authority.

27 2. Debts of the authority shall not be considered debts of the state
28 or debts of the city.

29 § 1775. Equal employment opportunity program and minority and women-
30 owned business enterprise program. 1. Notwithstanding any other incon-
31 sistent provision of law, sections 8-107 and 6-108.1 of the adminis-
32 tration code of the city of New York shall apply to the activities of
33 the authority.

34 2. a. The provisions of section 6-108.1 of the administrative code of
35 the city of New York with respect to the award of contracts to locally
36 based enterprises shall apply to contracts entered into by the authority
37 provided, however, the authority shall exercise the powers of the mayor
38 set forth in such section with respect to: the establishment of proce-
39 dures for the certification of businesses; the approval or granting of
40 waivers of the requirements of such section; the promulgation of rules
41 and regulations for the purpose of implementing the provisions of such
42 section; and the submission of annual reports concerning the adminis-
43 tration of the program established pursuant to such section. Notwith-
44 standing the foregoing, the limitation on gross receipts of qualified
45 locally based enterprises set forth in clause (a) of subdivision six of
46 paragraph a of section 6-108.1 of the administrative code of the city of
47 New York may be raised by the authority upon a determination that a
48 higher limitation is necessary to meet the goals of the locally based
49 enterprise program.

50 b. The authority shall establish and implement reasonable procedures
51 to secure the meaningful participation of minority and women-owned busi-
52 ness enterprises in its procurement process.

53 3. The provisions of executive order fifty of the mayor of the city of
54 New York, dated April twenty-fifth, nineteen hundred eighty, as amended,
55 shall apply to contracts of the authority unless and until such
56 provisions are revoked, provided, however, that with respect to such

1 order, or any other program concerning equal employment opportunity or
2 affirmative action to which contracts entered into by the authority are
3 subject, such program shall be administered by an officer of the author-
4 ity designated by the authority, and no other agency shall have juris-
5 isdiction over the compliance by the authority with the requirements of
6 any such program.

7 § 1776. Claims and actions against the authority. 1. Except in an
8 action for wrongful death, no action or proceeding shall be prosecuted
9 or maintained against the authority, or any member, officer, agent, or
10 employee thereof, for personal injury or damage to real or personal
11 property alleged to have been sustained by reason of the negligence or
12 wrongful act of the authority or of any such member, officer, agent or
13 employee thereof, or for any other alleged tort of the authority or of
14 such member, officer, agency or employee thereof, unless (i) it shall
15 appear by and as an allegation in the complaint or moving papers that a
16 notice of claim shall have been made and served upon the authority,
17 within the time limit prescribed by and in compliance with section
18 fifty-e of the general municipal law, and that at least thirty days have
19 elapsed since the service of such notice and that adjustment or payment
20 thereof has been neglected or refused, and (ii) the action or proceeding
21 shall be commenced within one year after the happening of the event upon
22 which the claim is based. An action against the authority for wrongful
23 death shall be commenced in accordance with the notice of claim and time
24 limitation provisions of title eleven of article nine of this chapter.

25 2. No action or proceeding for any cause whatever, other than the one
26 for personal injury, death, property damage or tort, which shall be
27 governed by subdivision one of this section, relating to the design,
28 construction, reconstruction, improvement, rehabilitation, repair,
29 furnishing or equipping of educational facilities, shall be prosecuted
30 or maintained against the authority or any member, officer, agent, or
31 employee thereof, unless (i) it shall appear by and as an allegation in
32 the complaint or moving papers, that a detailed, written, verified
33 notice of each claim upon which any part of such action or proceeding is
34 founded was presented to the board within three months after the accrual
35 of such claim, that at least thirty days have elapsed since such notice
36 was so presented and that the authority or the officer or body having
37 the power to adjust or pay said claim has neglected or refused to make
38 an adjustment or payment thereof, and (ii) the action or proceeding
39 shall have been commenced within one year after the happening of the
40 event upon which the claim is based; provided, however, that nothing
41 contained in this subdivision shall be deemed to modify or supersede any
42 provision of law or contract specifying a shorter period of time in
43 which to commence such action or proceeding, or to excuse compliance
44 with any other conditions required by contract to be satisfied prior to
45 the commencement of such action or proceeding. In the case of an action
46 or special proceeding for monies due arising out of contract, accrual of
47 such claim shall be deemed to have occurred as of the date payment for
48 the amount claimed was denied.

49 3. The notice of each claim presented pursuant to subdivision two of
50 this section must set forth in detail with respect to such claim; (i)
51 the amount of the claim; (ii) a specific and detailed description of the
52 grounds for the claim, relating the dollar amount claimed to the event
53 purportedly giving rise to the claim and indicating how the dollar
54 amount is arrived at; and (iii) the date of the event allegedly underly-
55 ing the claim.

1 4. The authority shall have power to settle or adjust all claims in
2 favor of or against the authority.

3 5. Whenever a notice of claim is served upon the authority alleging
4 personal injury, it shall have the right to demand a physical examina-
5 tion of the claimant relative to the occurrence and extent of the inju-
6 ries or damages for which claim is made, in accordance with the
7 provisions of section fifty-h of the general municipal law.

8 6. The rate of interest to be paid by the authority upon any judgment
9 for which it is liable, shall not exceed the rate of interest on judg-
10 ments and accrued claims against municipal corporations as provided in
11 the general municipal law from time to time.

12 § 1777. Limited liability. Neither the members of the board nor any
13 officers or employee of the authority acting on behalf thereof, while
14 acting within the scope of such person's authority, shall be subject to
15 any liability resulting from carrying out any of the powers expressly
16 given in this title. A trustee, officer or employee of the authority
17 shall be deemed an "employee" for the purposes of section fifty-k of the
18 general municipal law, provided, however, that any trustee appointed by
19 the governor or any employee of the state shall be deemed an "employee"
20 for the purposes of section eighteen of the public officers law for any
21 actions relating to their activities as a trustee of the authority
22 created by this title.

23 § 1778. Audit, annual and quarterly reports. 1. The authority shall,
24 within one hundred twenty days of the end of the city's fiscal year,
25 submit to the governor, the temporary president of the senate, the
26 speaker of the assembly, the minority leader of the senate, the minority
27 leader of the assembly, the chairs of the senate and assembly committees
28 on corporations, authorities and commissions, the chairman of the senate
29 committee on investigations, taxation, and government operations, the
30 chairman of the assembly committee on oversight, analysis, and investi-
31 gations, the mayor and the department a report on its operations during
32 such fiscal year. An annual audit of the authority shall be conducted by
33 an independent certified public accountant, and the authority's inde-
34 pendently audited financial statements shall be included in this report.

35 2. The authority shall, on the last day of April, July, October, and
36 January, submit to all persons set forth in subdivision one of this
37 section a report detailing the extent of completion of all projects for
38 construction, reconstruction, improvement, rehabilitation, maintenance,
39 repair, furnishing, equipping of or otherwise providing for park facili-
40 ties for the department, including, by project, identified shortfalls in
41 schedule performance and providing explanation for such shortfalls. Such
42 reports shall detail the extent of completion as existed on the last day
43 of the month preceding each report, respectively.

44 § 1779. Effect of inconsistent provisions. Insofar as the provisions
45 of this title are inconsistent with the provisions of any other law,
46 general, special or local or of the city charter or any local law, ordi-
47 nance or resolution of the city, the provision of this title shall be
48 controlling, provided that nothing contained in this section shall be
49 held to supplement or otherwise expand the powers or duties of the
50 authority otherwise set forth in this title.

51 § 1780. Investigations. The department of investigation of the city of
52 New York shall be authorized to conduct investigations relating to the
53 authority pursuant to chapter thirty-four of the New York city charter.
