

STATE OF NEW YORK

7748

2017-2018 Regular Sessions

IN ASSEMBLY

May 11, 2017

Introduced by M. of A. GOTTFRIED -- (at request of the Department of Health) -- read once and referred to the Committee on Health

AN ACT to amend the public health law, in relation to extending the authority of the commissioner of health to issue certificates of public advantage

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 1 of section 2999-aa of the public health law,
2 as added by section 51 of part H of chapter 59 of the laws of 2011, is
3 amended to read as follows:

4 1. In order to promote improved quality and efficiency of, and access
5 to, health care services and to promote improved clinical outcomes to
6 the residents of New York, it shall be the policy of the state to
7 encourage, where appropriate, cooperative, collaborative and integrative
8 arrangements including but not limited to, mergers and acquisitions
9 among health care providers or among others who might otherwise be
10 competitors, under the active supervision of the commissioner. To the
11 extent such arrangements, or the planning and negotiations that precede
12 them, might be anti-competitive within the meaning and intent of the
13 state and federal antitrust laws, the intent of the state is to supplant
14 competition with such arrangements under the active supervision and
15 related administrative actions of the commissioner as necessary to
16 accomplish the purposes of this article, and to provide state action
17 immunity under the state and federal antitrust laws with respect to
18 activities undertaken by health care providers and others pursuant to
19 this article, where the benefits of such active supervision, arrange-
20 ments and actions of the commissioner outweigh any disadvantages likely
21 to result from a reduction of competition. The commissioner shall not
22 approve an arrangement for which state action immunity is sought under
23 this article without first consulting with, and receiving a recommenda-
24 tion from, the public health and health planning council. No arrangement
25 under this article shall be approved after December thirty-first, two
26 thousand [~~sixteen~~] twenty.

27 § 2. This act shall take effect immediately.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.
