The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act enacts into law major components of legislation
2 relating to the practice of nurse anesthesia. Each component is wholly

5 forth in the last section of such Part. Any provision in any section
6 contained within a Part, including the effective date of the Part, which
7 makes reference to a section "of this act", when used in connection with
8 that particular component, shall be deemed to mean and refer to the

1 thetia care; perianesthetics and clinical support functions; and pain
2 management, in collaboration with a licensed physician qualified by law
3 to determine the need for anesthesia services, provided such services
4 are performed in accordance with a written practice agreement and writ-
5 ten practice protocols except as permitted by paragraph (b) of this
6 subdivision. The written practice agreement shall include explicit
7 provisions for the resolution of any disagreement between the collab-
8 orating physician and the certified registered nurse anesthetist regard-
9 ing a matter of anesthesia treatment that is within the scope of prac-
10 tice of both. To the extent the practice agreement does not so provide,
11 then the collaborating physician's treatment shall prevail.

12 (ii) Prescriptions for drugs, devices and anesthetic agents may be
13 issued by a certified registered nurse anesthetist, under this paragraph
14 and section sixty-nine hundred twelve of this article, in accordance
15 with the practice agreement and practice protocols, except as provided
16 by paragraph (b) of this subdivision. The certified registered nurse
17 anesthetist shall obtain a certificate from the department upon success-
18 fully completing a program including an appropriate pharmacology compo-
19 nent, or its equivalent, as established by the commissioner's regu-
20 lations, prior to prescribing under this paragraph. The certificate
21 issued under section sixty-nine hundred twelve of this article shall
22 state whether the certified registered nurse anesthetist has successful-
23 ly completed such a program or equivalent and is authorized to prescribe
24 under this subdivision.

25 (iii) Each practice agreement shall provide for patient records review
26 by the collaborating physician in a timely fashion but in no event less
27 often than every three months. The names of the certified registered
28 nurse anesthetist and the collaborating physician shall be clearly post-
29 ed in the practice setting of the certified registered nurse anesthe-
30 tist.

31 (iv) The practice protocol shall reflect current accepted medical and
32 nursing practice. The protocols shall be filed with the department with-
33 in ninety days of the commencement of the practice and may be updated
34 periodically. The commissioner shall make regulations establishing the
35 procedure for the review of protocols and the disposition of any issues
36 arising from such review.

37 (v) No physician shall enter into practice agreements with more than
38 four certified registered nurse anesthetists who are not located on the
39 same physical premises as the collaborating physician.

40 (b) Notwithstanding subparagraph (i) of paragraph (a) of this subdivi-
41 sion, a certified registered nurse anesthetist, certified under section
42 sixty-nine hundred twelve of this article and practicing for more than
43 three thousand six hundred hours may comply with this paragraph in lieu
44 of complying with the requirements of paragraph (a) of this subdivision
45 relating to collaboration with a physician, a written practice agreement
46 and written practice protocols. A certified registered nurse anesthetist
47 complying with this paragraph shall have collaborative relationships
48 with one or more licensed physicians qualified by law to determine the
49 need for anesthesia services or a hospital, licensed under article twen-
50 ty-eight of the public health law, that provides services through
51 licensed physicians qualified by law to determine the need for anes-
52 thetia services and having privileges at such institution. As evidence
53 that the certified registered nurse anesthetist maintains collaborative
54 relationships, the certified registered nurse anesthetist shall complete
55 and maintain a form, created by the department, to which the certified
56 registered nurse anesthetist shall attest, that describes such collabo-

1 rative relationships. For purposes of this paragraph, "collaborative
2 relationships" shall mean that the certified registered nurse anesthe-
3 tist shall communicate, whether in person, by telephone or through writ-
4 ten (including electronic) means, with a licensed physician qualified by
5 law to determine the need for anesthesia services or, in the case of a
6 hospital, communicate with a licensed physician qualified by law to
7 determine the need for anesthesia services and having privileges at such
8 hospital, for the purposes of exchanging information, as needed, in
9 order to provide comprehensive patient care and to make referrals as
10 necessary. Such form shall also reflect the certified registered nurse
11 anesthetist's acknowledgement that if reasonable efforts to resolve any
12 dispute that may arise with the collaborating physician or, in the case
13 of a collaboration with a hospital, with a licensed physician qualified
14 by law to determine the need for anesthesia services and having privi-
15 leges at such hospital, about a patient's care are not successful, the
16 recommendation of the physician shall prevail. Such form shall be
17 updated as needed and may be subject to review by the department. The
18 certified registered nurse anesthetist shall maintain documentation that
19 supports such collaborative relationships. Failure to comply with the
20 requirements of this paragraph by a certified registered nurse anesthe-
21 tist, who is not complying with such provisions of paragraph (a) of this
22 subdivision, shall subject the certified registered nurse anesthetist to
23 the professional misconduct provisions set forth in article one hundred
24 thirty of this title.

25 (c) Nothing in this subdivision shall be deemed to limit or diminish
26 the practice of the profession of nursing as a registered professional
27 nurse under this article or any other law, rule, regulation or certif-
28 ication, nor to deny any registered professional nurse the right to do
29 any act or engage in any practice authorized by this article or any
30 other law, rule, regulation or certification.

31 (d) The provisions of this subdivision shall not apply to any activity
32 authorized, pursuant to statute, rule or regulation, to be performed by
33 a registered professional nurse in a hospital as defined in article
34 twenty-eight of the public health law.

35 § 2. The education law is amended by adding a new section 6912 to read
36 as follows:

53 After a certified registered nurse anesthetist's initial registration,
54 registration under this section shall be coterminous with the certified
55 registered nurse anesthetist's registration as a professional nurse.

2. Only a person certified under this section shall use the title "certified registered nurse anesthetist".

3. The provisions of this section shall not apply to any act or practice authorized by any other law, rule, regulation or certification.

5. An individual who is authorized to practice as a certified registered nurse anesthetist in a hospital under regulations of the department of health may use the title "certified registered nurse anesthetist" in connection with that practice. If such an individual applies for a certificate under this section, he or she may satisfy the education requirement of subdivision one of this section by presenting satisfactory evidence of such authority.

6. (a) A registered professional nurse licensed under section sixty-nine hundred five of this article who has satisfactorily completed a program of educational preparation as provided in subdivision one of this section may, for a period not to exceed twenty-four months immediately following the completion of such educational program, practice nurse anesthesia under subdivision four of section sixty-nine hundred two of this article as a graduate nurse anesthetist in the same manner as a certified registered nurse anesthetist under that subdivision.

(b) A registered professional nurse licensed under section sixty-nine hundred five of this article who is duly enrolled in a program of educational preparation, may practice nurse anesthesia as a student nurse anesthetist under the supervision of an anesthesiologist or a certified registered nurse anesthetist, who is immediately available as needed.

7. The commissioner is authorized to promulgate regulations to implement the provisions of this section.

§ 3. This act shall take effect on the first of January next succeeding the date on which it shall have become a law; provided further, however, that effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized and directed to be made and completed on or before such effective date.
