2017-2018 Regular Sessions

IN ASSEMBLY

June 16, 2017

Introduced by M. of A. JAFFEE -- read once and referred to the Committee on Higher Education

AN ACT to amend the education law and the social services law, in relation to the licensure of dietitians and nutritionists; and repealing certain provisions of the education law relating thereto

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and declaration of purpose. The legis-
2 lature finds that the application of scientific knowledge relating to
3 dietetics and nutrition is important in effective care, treatment and
4 prevention of disease or trauma and in the attainment and maintenance of
5 health, and acknowledges that the rendering and communication of sound
6 dietetic and nutrition services in hospitals, nursing homes, extended
7 care and ambulatory care settings, school districts, health departments,
8 private practice and consultation, and in other settings requires
9 trained and competent professionals. The legislature further finds that
10 it is necessary in the provision of medical nutrition therapy, and ther-
11 apeutic diets, for such professionals to be licensed under article 157
12 of the education law to ensure quality nutrition care, consisting of a
13 nutrition assessment, nutrition diagnosis, nutrition intervention and
14 the monitoring and evaluation of outcomes directly related to the nutri-
15 tion care process. Therefore, it is hereby declared to be the purpose of
16 this act to protect the health, safety, and welfare of the public by
17 providing for the licensure and regulation of the activities of persons
18 engaged in the practice of dietetics and nutrition.

19 § 2. Section 8000 of the education law, as added by chapter 635 of the
20 laws of 1991, is amended to read as follows:

21 § 8000. Introduction. This article applies to the use of the titles
22 [~~"certified dietitian" and "certified nutritionist"~~] licensed nutrition-
23 ist or "LN" and "licensed dietitian/nutritionist" or "LDN" and the prac-
24 tice of dietetics and nutrition. The general provision for all

1 professions contained in article one hundred thirty of this title shall
2 apply to this article.

3 § 3. Section 8001 of the education law, as added by chapter 635 of the
4 laws of 1991, is amended to read as follows:

5 § 8001. [~~Definitions~~] Dietetic and nutrition practice. [~~1. Dietetics~~
6 ~~and nutrition are herein each defined as the integration and applica-~~
7 ~~tion of principles derived from the sciences of nutrition, biochemistry,~~
8 ~~physiology, food management and behavioral and social sciences to~~
9 ~~achieve and maintain people's health.~~

10 ~~2. Where the title "certified dietitian" or "certified nutritionist"~~
11 ~~is used in this article it shall mean "certified dietitian", "certified~~
12 ~~dietician", or "certified nutritionist".~~

13 ~~3. A certified dietitian or certified nutritionist is one who engages~~
14 ~~in the integration and application of principles derived from the~~
15 ~~sciences of nutrition, biochemistry, physiology, food management and~~
16 ~~behavioral and social sciences to achieve and maintain people's health,~~
17 ~~and who is certified as such by the department pursuant to section eight~~
18 ~~thousand four of this article. The primary function of a certified~~
19 ~~dietitian or certified nutritionist is the provision of nutrition care~~
20 ~~services that shall include:~~

21 ~~(a) Assessing nutrition needs and food patterns;~~
22 ~~(b) Planning for and directing the provision of food appropriate for~~
23 ~~physical and nutrition needs; and~~
24 ~~(c) Providing nutrition counseling.]~~

25 1. Dietetic and nutrition practice is the application of medical
26 nutrition therapy and elements of nutrition care, which includes nutri-
27 tion assessment, nutrition diagnosis, diet or nutrition intervention,
28 counseling, evaluation and monitoring for the prevention or treatment of
29 nutrition related illnesses, nourishment and malnourishment.

30 2. A licensed nutritionist and licensed dietitian/nutritionist shall
31 have the authority, as necessary, and limited to the practice of dietet-
32 ics and nutrition, to order diagnostic tests and devices, and laboratory
33 tests, as established by the board in accordance with the commissioner's
34 regulations.

35 3. A licensed nutritionist and licensed dietitian/nutritionist may
36 order, write, review, evaluate, monitor and manage therapeutic diets
37 including enteral and parenteral diets.

38 § 4. The education law is amended by adding a new section 8001-a to
39 read as follows:

40 § 8001-a. Definitions. For purposes of this article: 1. "Medical
41 nutrition therapy" is an evidence based application of nutrition care
42 focused on prevention, delay or management of diseases and conditions,
43 and involves an in-depth assessment, intervention and periodic reassess-
44 ment.

45 2. "Nutrition diagnosis" in the context of dietetics and nutrition
46 practice means the identification and labeling of existing nutrition
47 problems expressed in terms of etiology, signs and symptoms. Nutrition
48 diagnosis is distinct from a medical diagnosis. Nothing in this section
49 shall authorize a licensed nutritionist or licensed
50 dietitian/nutritionist to make a medical diagnosis.

51 3. "Nutrition assessment" means the systematic process of obtaining,
52 verifying, and interpreting biochemical, anthropometric, nutrigenomic,
53 physical and dietary data in order to make decisions about the nature
54 and cause of nutrition related problems. The mere collection of these
55 data for use in a nutrition assessment is not a nutrition assessment and

1 does not require a license in dietetics and nutrition as set forth in
2 this article.

3 4. "Nutrition intervention" is a purposefully planned action, includ-
4 ing, but not limited to, the recommendation or ordering of food and
5 nutrition supplements designed to positively change nutrition related
6 behavior, risk factor, environmental condition or aspects of health
7 status for individuals, groups, or the community.

8 § 5. Section 8002 of the education law, as added by chapter 635 of the
9 laws of 1991, is amended to read as follows:

10 § 8002. ~~[Use]~~ Practice and authorization of titles. Only a person
11 ~~[certified]~~ licensed or otherwise authorized under this article shall
12 ~~[be authorized to]~~ practice dietetics and nutrition or use the title
13 ~~["certified dietitian", "certified dietician", or "certified nutrition-~~
14 ~~ist"]~~ "licensed nutritionist" or "LN" or "licensed
15 dietitian/nutritionist" or "LDN"; provided, however, that nothing in
16 this article shall prevent an individual from using any title obtained
17 from a national credentialing body.

18 § 6. Section 8003 of the education law, as amended by chapter 282 of
19 the laws of 1992, is amended to read as follows:

20 § 8003. State board for dietetics and nutrition. A state board for
21 dietetics and nutrition shall be appointed by the board of regents, on
22 recommendation of the commissioner, for the purpose of assisting the
23 board of regents and the department on matters of ~~[certification]~~ licen-
24 sure, practice and professional conduct in accordance with section
25 sixty-five hundred eight of this ~~[chapter]~~ title.

26 The board shall consist of not less than ~~[thirteen]~~ eleven members,
27 ~~[ten]~~ four of whom shall be ~~[certified dietitians or certified nutri-~~
28 ~~tionists, except that the members of the first board need not be certi-~~
29 ~~fied but shall be persons who are eligible for certification under the~~
30 ~~provisions of this article prior to their appointment to the board]~~
31 licensed dietitian/nutritionists and four of whom shall be licensed
32 nutritionists pursuant to this article. The ~~[first]~~ board, with respect
33 to members representing the profession, shall consist of ~~[five]~~ four
34 members ~~[registered]~~ credentialed by a national dietetic association
35 having ~~[registration]~~ credentialing standards acceptable to the depart-
36 ment and ~~[five]~~ four members who are ~~[members of or registered]~~ creden-
37 tialed by a national nutritional association having ~~[membership and/or~~
38 ~~registration]~~ credentialing standards acceptable to the department;
39 provided, however, that no such credentialed member shall be also
40 credentialed by a national nutrition association, nor a national dietet-
41 ic association, respectively. ~~[Thereafter, members of the profession~~
42 ~~appointed to such board shall be certified pursuant to this article. To~~
43 ~~the extent reasonable, the board of regents should insure the state~~
44 ~~board is broadly representative of various professional interests within~~
45 ~~the dietetic and nutritional community. Three members]~~ Two members
46 shall be representatives of the general public and one member shall be a
47 physician licensed under article one hundred thirty-one of this title.
48 Such physician member shall not be a member of or credentialed by a
49 national dietetic or national nutrition association. An executive secre-
50 tary to the board shall be appointed by the board of regents on the
51 recommendation of the commissioner.
