13 contract.

14 (c) Without limiting other grounds for the disqualification of bids or
15 proposals on the basis of non-responsibility, a contracting agency may
16 disqualify the bid or proposal of a contractor as being non-responsible
17 for failure to remedy notified deficiencies contained in the contrac-
18 tor's utilization plan within a period of time specified in regulations
19 promulgated by the director after receiving notification of such defi-
20 ciencies from the contracting agency. Where failure to remedy any noti-
21 fied deficiency in the utilization plan is a ground for disqualifica-
22 tion, that issue and all other grounds for disqualification shall be
23 stated in writing by the contracting agency. Where the contracting agen-
24 cy states that a failure to remedy any notified deficiency in the utili-
25 zation plan is a ground for disqualification the contractor shall be
26 entitled to an administrative hearing, on a record, involving all
27 grounds stated by the contracting agency. Such hearing shall be
28 conducted by the appropriate authority of the contracting agency to
29 review the determination of disqualification. A final administrative
30 determination made following such hearing shall be reviewable in a
31 proceeding commenced under article seventy-eight of the civil practice
32 law and rules, provided that such proceeding is commenced within thirty
33 days of the notice given by certified mail return receipt requested
34 rendering such final administrative determination. Such proceeding shall
35 be commenced in the supreme court, appellate division, third department
36 and such proceeding shall be preferred over all other civil causes
37 except election causes, and shall be heard and determined in preference
38 to all other civil business pending therein, except election matters,
39 irrespective of position on the calendar. Appeals taken to the court of
40 appeals of the state of New York shall be subject to the same prefer-
41 ence.

42 6. (a) Where it appears that a contractor cannot, after a good faith
43 effort, comply with the minority and women-owned business enterprise
44 participation requirements set forth in a particular state contract, a
45 contractor may file a written application with the contracting agency
46 requesting a partial or total waiver of such requirements setting forth
47 the reasons for such contractor's inability to meet any or all of the
48 participation requirements together with an explanation of the efforts
49 undertaken by the contractor to obtain the required minority and women-
50 owned business enterprise participation. In implementing the provisions
51 of this section, the contracting agency shall consider the number and
52 types of minority and women-owned business enterprises [~~located~~] avail-
53 able to provide goods or services required under the contract in the
54 region in which the state contract is to be performed, the total dollar
55 value of the state contract, the scope of work to be performed and the
56 project size and term. If, based on such considerations, the contracting

1 agency determines there is not a reasonable availability of contractors
2 on the list of certified business to furnish services for the project,
3 it shall issue a waiver of compliance to the contractor. In making such
4 determination, the contracting agency shall first consider the avail-
5 ability of other business enterprises located in the region and shall
6 thereafter consider the financial ability of minority and women-owned
7 businesses located outside the region in which the contract is to be
8 performed to perform the state contract.

9 (b) Within thirty days of the issuance of a partial or total waiver of
10 compliance as provided in paragraph (a) of this subdivision, the
11 contracting agency shall:

12 (i) report the issuance of the waiver to the director; and
13 (ii) publish on the contracting agency's website: (A) information
14 identifying the contract, including the value of the contract; (B) the
15 name of the contractor receiving the waiver; (C) the date of the waiver;
16 (D) whether the waiver was a total or partial waiver; and (E) the
17 specific contract provisions to which the waiver applies.

18 7. For purposes of determining a contractor's good faith effort to
19 comply with the requirements of this section or to be entitled to a
20 waiver therefrom the contracting agency shall consider:

21 (a) whether the contractor has advertised in general circulation
22 media, trade association publications, and minority-focus and women-fo-
23 cus media and, in such event, (i) whether or not certified minority or
24 women-owned businesses which have been solicited by the contractor
25 exhibited interest in submitting proposals for a particular project by
26 attending or having attended a pre-bid conference, if any, scheduled by
27 the state agency awarding the state contract with certified minority and
28 women-owned business enterprises; and

29 (ii) whether certified businesses which have been solicited by the
30 contractor have responded in a timely fashion to the contractor's solic-
31 itations for timely competitive bid quotations prior to the contracting
32 agency's bid date; and

33 (b) whether ~~[there has been]~~ the contractor provided timely written
34 notification of subcontracting opportunities on the state contract to
35 appropriate certified businesses that appear in the directory of certi-
36 fied businesses prepared pursuant to paragraph (f) of subdivision three
37 of section three hundred eleven of this article; and

38 (c) whether the contractor can reasonably structure the amount of work
39 to be performed under subcontracts in order to increase the likelihood
40 of participation by certified businesses.

41 8. In the event that a contracting agency fails or refuses to issue a
42 waiver to a contractor as requested within twenty days after having made
43 application therefor pursuant to subdivision six of this section or if
44 the contracting agency denies such application, in whole or in part, the
45 contractor may file a complaint with the director pursuant to section
46 three hundred sixteen of this article setting forth the facts and
47 circumstances giving rise to the contractor's complaint together with a
48 demand for relief. The contractor shall serve a copy of such complaint
49 upon the contracting agency by personal service or by certified mail,
50 return receipt requested. The contracting agency shall be afforded an
51 opportunity to respond to such complaint in writing.

52 9. If, after the review of a contractor's minority and women owned
53 business utilization plan or review of a periodic compliance report and
54 after such contractor has been afforded an opportunity to respond to a
55 notice of deficiency issued by the contracting agency in connection
56 therewith, it appears that a contractor is failing or refusing to comply

1 with the minority and women-owned business participation requirements as
2 set forth in the state contract and where no waiver from such require-
3 ments has been granted, the contracting agency may file a written
4 complaint with the director pursuant to section three hundred sixteen of
5 this article setting forth the facts and circumstances giving rise to
6 the contracting agency's complaint together with a demand for relief.
7 The contracting agency shall serve a copy of such complaint upon the
8 contractor by personal service or by certified mail, return receipt
9 requested. The contractor shall be afforded an opportunity to respond to
10 such complaint in writing.

11 § 6. Section 314 of the executive law, as added by chapter 261 of the
12 laws of 1988, subdivision 2-a as amended by chapter 175 of the laws of
13 2010, subdivision 4 as amended and subdivision 5 as added by chapter 399
14 of the laws of 2014, is amended to read as follows:

15 § 314. Statewide certification program. 1. The director shall promul-
16 gate rules and regulations providing for the establishment of a state-
17 wide certification program including rules and regulations governing the
18 approval, denial or revocation of any such certification, including
19 revocations for felony convictions for fraudulently misrepresenting the
20 status of minority or women-owned business enterprises. Such rules and
21 regulations shall include, but not be limited to, such matters as may be
22 required to ensure that the established procedures thereunder shall at
23 least be in compliance with the code of fair procedure set forth in
24 section seventy-three of the civil rights law and consistent with the
25 provisions of article twenty-three of the correction law.

26 2. For the purposes of this article, the office shall be responsible
27 for verifying businesses as being owned, operated, and controlled by
28 minority group members or women and for certifying such verified busi-
29 nesses. The director shall prepare a directory of certified businesses
30 for use by contracting agencies and contractors in carrying out the
31 provisions of this article. The director shall periodically update the
32 directory.

33 2-a. (a) The director shall establish a procedure enabling the office
34 to accept New York municipal corporation certification verification for
35 minority and women-owned business enterprise applicants in lieu of
36 requiring the applicant to complete the state certification process. The
37 director shall promulgate rules and regulations to set forth criteria
38 for the acceptance of municipal corporation certification. All eligible
39 municipal corporation certifications shall require business enterprises
40 seeking certification to meet the following standards:

41 (i) have at least fifty-one percent ownership by a minority or a
42 women-owned enterprise and be owned by United States citizens or perma-
43 nent resident aliens;

44 (ii) be an enterprise in which the minority and/or women-ownership
45 interest is real, substantial and continuing;

46 (iii) be an enterprise in which the minority and/or women-ownership
47 has and exercises the authority to control independently the day-to-day
48 business decisions of the enterprise;

49 (iv) be an enterprise authorized to do business in this state;

50 (v) be subject to a physical site inspection to verify the fifty-one
51 percent ownership requirement; and

52 ~~(vi) [be owned by an individual or individuals, whose ownership,~~
53 ~~control and operation are relied upon for certification, with a personal~~
54 ~~net worth that does not exceed three million five hundred thousand~~
55 ~~dollars, as adjusted annually for inflation according to the consumer~~
56 ~~price index; and~~

1 ~~(vii)~~] be an enterprise that is a small business pursuant to subdivi-
2 sion twenty of section three hundred ten of this article.

3 (b) The director shall work with all municipal corporations that have
4 a municipal minority and women-owned business enterprise program to
5 develop standards to accept state certification to meet the municipal
6 corporation minority and women-owned business enterprise certification
7 standards.

8 (c) The director shall establish a procedure enabling the division to
9 accept federal certification verification for minority and women-owned
10 business enterprise applicants, provided said standards comport with
11 those required by the state minority and women-owned business program,
12 in lieu of requiring the applicant to complete the state certification
13 process. The director shall promulgate rules and regulations to set
14 forth criteria for the acceptance of federal certification.

15 2-b. (a) Each business applying for minority or women-owned business
16 enterprise certification pursuant to this section must agree to allow:
17 (i) the department of taxation and finance to share its tax information
18 with the division and (ii) the department of labor to share its tax and
19 employer information with the division.

20 (b) Such information provided pursuant to paragraph (a) of this subdivi-
21 vision shall be kept confidential by the division in the same manner and
22 under the same conditions as such information is kept by the department
23 of taxation and finance or the department of labor.

24 2-c. The director shall establish a procedure enabling the office to
25 approve an application by a business entity that is wholly owned by an
26 Indian nation or tribe, as defined in section two of the Indian law, in
27 lieu of requiring the applicant to complete the state certification
28 process.

29 3. Following application for certification pursuant to this section,
30 the director shall provide the applicant with written notice of the
31 status of the application, including notice of any outstanding deficien-
32 cies, within ~~thirty~~ fifteen days. Within ~~sixty~~ thirty days of
33 submission of a final completed application, the director shall provide
34 the applicant with written notice of a determination by the office
35 approving or denying such certification and, in the event of a denial a
36 statement setting forth the reasons for such denial. Upon a determi-
37 nation denying or revoking certification, the business enterprise for
38 which certification has been so denied or revoked shall, upon written
39 request made within thirty days from receipt of notice of such determi-
40 nation, be entitled to a hearing before an independent hearing officer
41 designated for such purpose by the director. In the event that a request
42 for a hearing is not made within such thirty day period, such determi-
43 nation shall be deemed to be final. The independent hearing officer
44 shall conduct a hearing and upon the conclusion of such hearing, issue a
45 written recommendation to the director to affirm, reverse or modify such
46 determination of the director. Such written recommendation shall be
47 issued to the parties. The director, within thirty days, by order, must
48 accept, reject or modify such recommendation of the hearing officer and
49 set forth in writing the reasons therefor. The director shall serve a
50 copy of such order and reasons therefor upon the business enterprise by
51 personal service or by certified mail return receipt requested. The
52 order of the director shall be subject to review pursuant to article
53 seventy-eight of the civil practice law and rules.

54 4. The director may, after performing an availability analysis and
55 upon a finding that industry-specific factors coupled with personal net
56 worth or small business eligibility requirements pursuant to subdivi-

sions nineteen and twenty of section three hundred ten of this article, respectively, have led to the significant exclusion of businesses owned by minority group members or women in that industry, grant provisional MWBE certification status to applicants from that designated industry, provided, however, that all other eligibility requirements pursuant to subdivision seven or fifteen of section three hundred ten of this article, as applicable, are satisfied. Any industry-based determination made under this section by the director shall be made widely available to the public and posted on the division's website.

5. With the exception of provisional MWBE certification, as provided for in subdivision twenty-three of section three hundred ten of this article, all minority and women-owned business enterprise certifications shall be valid for a period of three years.

§ 6-a. The executive law is amended by adding a new section 314-a to read as follows:

§ 314-a. Post completion certification. The director, in collaboration with the division of minority and women's business development and the department of small business services, shall develop the following standardized certification forms that must be completed under penalty of perjury prior to the prime contractor being paid:

1. certification from a representative of the prime contractor that the minority or women-owned business enterprise in fact performed the services or provided the materials that they were contracted to perform or provide; and

2. certification from a representative of the minority or women-owned business enterprise that they in fact performed the services or provided the materials that they were contracted to perform or provide.

§ 7. Subdivisions 3, 4, 5, 6 and 7 of section 315 of the executive law, subdivision 3 as amended and subdivisions 4, 5, 6 and 7 as added by chapter 175 of the laws of 2010, are amended to read as follows:

Each agency shall also include in such annual report whether or not it has been required to prepare a remedial plan, and, if so, the plan and the extent to which the agency has complied with each element of the plan.

4. The division of minority and women's business development shall issue an annual report which: (a) summarizes the report submitted by each contracting agency pursuant to subdivision three of this section; (b) contains such comparative or other information as the director deems appropriate, including but not limited to goals compared to actual participation of minority and women-owned business enterprises in state contracting, to evaluate the effectiveness of the activities undertaken

1 by each such contracting agency to promote increased participation by
2 certified minority or women-owned businesses with respect to state
3 contracts and subcontracts; (c) contains a summary of all waivers of the
4 requirements of subdivisions six and seven of section three hundred
5 thirteen of this article allowed by each contracting agency during the
6 period covered by the report, including a description of the basis of
7 the waiver request and the contracting agency's rationale for granting
8 any such waiver; (d) describes any efforts to create a database or other
9 information storage and retrieval system containing information relevant
10 to contracting with minority and women-owned business enterprises; ~~and~~
11 (e) contains a summary of: (i) all determinations of violations of this
12 article by a contractor or a contracting agency made during the period
13 covered by the annual report pursuant to section three hundred sixteen-a
14 of this article; and (ii) the penalties or sanctions, if any, assessed
15 in connection with such determinations and the rationale for such penal-
16 ties or sanctions; and (f) contains information on each contract identi-
17 fying the following: (i) whether it is a contract for goods or
18 services; (ii) whether the contract was awarded to a certified minori-
19 ty-owned business enterprise or a certified women-owned business enter-
20 prise and identify which minority group member the minority-owned busi-
21 ness enterprise relies on for certification pursuant to this article;
22 (iii) the name and business address of prime contractors and subcontrac-
23 tors providing services under such contract; and (iv) the dollar value
24 of such contract; and (g) contains a summary of all certified minority
25 and women-owned business enterprises, categorized by the minority group
26 member that such minority-owned business enterprise relies on for
27 certification pursuant to this article and by gender. Copies of the
28 annual report shall be provided to the commissioner, the governor, the
29 comptroller, the temporary president of the senate, the speaker of the
30 assembly, the minority leader of the senate, the minority leader of the
31 assembly and shall also be made widely available to the public via,
32 among other things, publication on a website maintained by the division
33 of minority and women's business development.

34 5. Each agency shall include in its annual report to the governor and
35 legislature pursuant to section one hundred sixty-four of ~~[the executive~~
36 ~~law]~~ this chapter its annual goals for contracts with minority-owned and
37 women-owned business enterprises, the number of actual contracts issued
38 to minority-owned and women-owned business enterprises; and a summary of
39 all waivers of the requirements of subdivisions six and seven of section
40 three hundred thirteen of this article allowed by the reporting agency
41 during the preceding year, including a description of the basis of the
42 waiver request and the rationale for granting such waiver. Each agency
43 shall also include in such annual report whether or not it has been
44 required to prepare a remedial plan, and, if so, the plan and the extent
45 to which the agency has complied with each element of the plan. Each
46 agency shall also include in such annual report its three year growth
47 plan prepared pursuant to section three hundred eleven of this article.

48 6. Each contracting agency that substantially fails to meet the goals
49 supported by the disparity study or make a good faith effort, as defined
50 by regulation of the director, to achieve the maximum feasible partic-
51 ipation of minority and women-owned business enterprises in such agen-
52 cy's contracting shall be required to submit to the director a remedial
53 action plan to remedy such failure.

54 7. If it is determined by the director that any agency has failed to
55 act in good faith to implement the remedial action plan, pursuant to
56 subdivision six of this section within one year, the director shall

1 provide written notice of such a finding, which shall be publicly avail-
2 able, and direct implementation of remedial actions to:

3 (a) assure that sufficient and effective solicitation efforts to women

5 (b) divide contract requirements, when economically feasible, into
6 quantities that will expand the participation of women and minority-
7 owned business enterprises;

8 (c) eliminate extended experience or capitalization requirements, when
9 programmatically and economically feasible, that will expand partic-

11 (d) identify specific proposed contracts as particularly attractive or
12 appropriate for participation by women and minority-owned business
13 enterprises with such identification to result from and be coupled with
14 the efforts of paragraphs (a), (b), and (c) of this subdivision; and

15 (e) upon a finding by the director that an agency has failed to take
16 affirmative measures to implement the remedial plan and to follow any of
17 the remedial actions set forth by the director, and in the absence of
18 any objective progress towards the agency's goals, require some or all
19 of the agency's procurement, for a specified period of time, be placed
20 under the direction and control of another agency or agencies, unless
21 such agency is a state funded entity.

22 § 7-a. Section 316 of the executive law, as amended by chapter 175 of
23 the laws of 2010, is amended to read as follows:

24 § 316. Enforcement. 1. Upon receipt by the director of a complaint by
25 a contracting agency that a contractor has violated the provisions of a
26 state contract which have been included to comply with the provisions of
27 this article or of a contractor that a contracting agency has violated
28 such provisions or has failed or refused to issue a waiver where one has
29 been applied for pursuant to subdivision six of section three hundred
30 thirteen of this article or has denied such application, the director
31 shall attempt to resolve the matter giving rise to such complaint. If
32 efforts to resolve such matter to the satisfaction of all parties are
33 unsuccessful, the director shall refer the matter, within thirty days of
34 the receipt of the complaint, to the division's hearing officers. Upon
35 conclusion of the administrative hearing, the hearing officer shall
36 submit to the director his or her decision regarding the alleged
37 violation of the contract and recommendations regarding the imposition
38 of sanctions, fines or penalties. The director, within ten days of
39 receipt of the decision, shall file a determination of such matter and
40 shall cause a copy of such determination along with a copy of this arti-
41 cle to be served upon the contractor by personal service or by certified
42 mail return receipt requested. The decision of the hearing officer shall
43 be final and may only be vacated or modified as provided in article
44 seventy-eight of the civil practice law and rules upon an application
45 made within the time provided by such article. The determination of the
46 director as to the imposition of any fines, sanctions or penalties shall
47 be reviewable pursuant to article seventy-eight of the civil practice
48 law and rules. The penalties imposed for any violation which is premised
49 upon either a fraudulent or intentional misrepresentation by the
50 contractor or the contractor's willful and intentional disregard of the
51 minority and women-owned participation requirement included in the
52 contract may include a determination that the contractor shall be ineli-
53 gible to submit a bid to any contracting agency or be awarded any such
54 contract for a period not to exceed one year following the final deter-
55 mination; provided however, if a contractor has previously been deter-
56 mined to be ineligible to submit a bid pursuant to this section, the

1 penalties imposed for any subsequent violation, if such violation occurs
2 within five years of the first violation, may include a determination
3 that the contractor shall be ineligible to submit a bid to any contract-
4 ing agency or be awarded any such contract for a period not to exceed
5 five years following the final determination. The division of minority
6 and women's business development shall maintain a website listing all
7 contractors that have been deemed ineligible to submit a bid pursuant to
8 this section and the date after which each contractor shall once again
9 become eligible to submit bids.

10 2. Any fines, or portion thereof, imposed pursuant to subdivision one
11 of this section, or imposed by a court of competent jurisdiction related
12 to convictions involving fraud related to this article or otherwise
13 involving a minority or women-owned business enterprise, may be required
14 by the entity imposing such fines to be paid to the minority and women-
15 owned business enterprise fund established pursuant to section ninety-
16 seven-j of the state finance law.

17 § 8. Section 316-a of the executive law, as added by chapter 175 of
18 the laws of 2010, is amended to read as follows:

20 agency shall include a provision in its state contracts expressly
21 providing that any contractor who willfully and intentionally fails to
22 comply with the minority and women-owned participation requirements of
23 this article as set forth in such state contract shall be liable to the
24 contracting agency for liquidated or other appropriate damages and shall
25 provide for other appropriate remedies on account of such breach. A
26 contracting agency that elects to proceed against a contractor for
27 breach of contract as provided in this section shall be precluded from
28 seeking enforcement pursuant to section three hundred sixteen of this
29 article; provided however, that the contracting agency shall include a
30 summary of all enforcement actions undertaken pursuant to this section
31 in its annual report submitted pursuant to [~~subdivision three-of~~]
32 section three hundred fifteen of this article.

33 § 9. Subdivision 6 of section 163 of the state finance law, as amended
34 by chapter 569 of the laws of 2015, is amended to read as follows:

35 6. Discretionary buying thresholds. Pursuant to guidelines established
36 by the state procurement council: the commissioner may purchase services
37 and commodities in an amount not exceeding eighty-five thousand dollars
38 without a formal competitive process; state agencies may purchase
39 services and commodities in an amount not exceeding fifty thousand
40 dollars without a formal competitive process; and state agencies may
41 purchase commodities or services from small business concerns or those
42 certified pursuant to articles fifteen-A and seventeen-B of the execu-
43 tive law, or commodities or technology that are recycled or remanufac-
44 tured, or commodities that are food, including milk and milk products,
45 grown, produced or harvested in New York state in an amount not exceed-
46 ing [~~two~~] four hundred thousand dollars without a formal competitive
47 process.

48 § 10. Subparagraph (i) of paragraph (b) of subdivision 3 of section
49 2879 of the public authorities law, as amended by chapter 174 of the
50 laws of 2010, is amended to read as follows:

51 (i) for the selection of such contractors on a competitive basis, and
52 provisions relating to the circumstances under which the board may by
53 resolution waive competition, including, notwithstanding any other
54 provision of law requiring competition, the purchase of goods or
55 services from small business concerns or those certified as minority or
56 women-owned business enterprises, or goods or technology that are recy-

1 cled or remanufactured, in an amount not to exceed [~~two~~] four hundred
2 thousand dollars without a formal competitive process;

3 § 11. Paragraph a of subdivision 3 of section 139-j of the state
4 finance law is amended by adding two new subparagraphs 10 and 11 to read
5 as follows:

6 (10) Complaints by minority-owned business enterprises or women-owned
7 business enterprises, certified as such by the division of minority and
8 women's business development, to the minority and women-owned business
9 enterprise statewide advocate concerning the procuring governmental

17 § 12. Subdivision 6 of section 8 of the public buildings law, as
18 amended by chapter 840 of the laws of 1980, is amended to read as
19 follows:

20 6. All contracts for amounts in excess of five thousand dollars for
21 the work of construction, reconstruction, alteration, repair or improve-
22 ment of any state building, whether constructed or to be constructed
23 must be offered for public bidding and may be awarded to the lowest
24 responsible and reliable bidder, as will best promote the public inter-
25 est, by the said department or other agency with the approval of the
26 comptroller for the whole or any part of the work to be performed, and,
27 in the discretion of the said department or other agency, such contracts
28 may be sublet; provided, however, that no such contract shall be awarded
29 to a bidder other than the lowest responsible and reliable bidder,
30 except for certain contracts awarded to minority or women-owned business
31 enterprises as provided herein, without the written approval of the
32 comptroller. When a proposal consists of unit prices of items specified
33 to be performed, the lowest bid shall be deemed to be that which specif-
34 ically states the lowest gross sum for which the entire work will be
35 performed, except for certain contracts awarded to minority or women-
36 owned business enterprises as provided herein, including all the items
37 specified in the proposal thereof. The lowest bid shall be determined by
38 the commissioner of general services on the basis of the gross sum for
39 which the entire work will be performed, arrived at by a correct compu-
40 tation of all the items specified in the proposal therefor at the unit
41 prices contained in the bid. Provided, however, that where a responsible
42 and reliable bidder certified as a minority-owned business enterprise or
43 women-owned business enterprise pursuant to article fifteen-A of the
44 executive law submits a bid of one million four hundred thousand dollars
45 or less, as adjusted annually for inflation beginning January first, two
46 thousand nineteen, the bid of the minority or women-owned business
47 enterprise shall be deemed the lowest bid unless it exceeds the bid of
48 the lowest bidder by more than ten percent.

to be performed by each trade, profession, and occupation based on the
availability of minority group members and women within each trade,

participation by men and women for each minority group, and for Cauca-

40 solicitation that will result in the award of a state contract for
41 construction that deviates from the aspirational goal for construction
42 work in the county or municipality in which the work will be performed,
43 the state agency shall document numerical evidence demonstrating that
44 the application of the aspirational goal would not be practical, feasi-
45 ble, or appropriate.

46 3. Every contractor responding to an invitation for bids, request for
47 proposals, or other solicitation that will result in the award of a
48 state contract subject to workforce participation goals pursuant to this
49 section shall agree to make a good faith effort to achieve such work-
50 force participation goal or request a waiver of such goal.

51 (a) A contractor that certifies that it will make a good faith effort
52 to achieve a workforce participation goal shall provide with its
53 response to the applicable invitation for bids, request for proposals,
54 or other solicitation:

56 effort to achieve the applicable workforce participation goal and will

1 contractually require any subcontractors to the contractor to make a
2 good faith effort to achieve the applicable workforce participation goal
3 in any subcontracted work, which certification shall acknowledge that
4 failure by the contractor or any of its subcontractors to make a good
5 faith effort to achieve the applicable workforce participation goal may
6 result in a determination by the contracting state agency that the
7 contractor or its subcontractor is a non-compliant contractor;

8 (ii) The level of anticipated participation by minority group members
9 and women as employees to the contractor, or, if the state agency has
10 specifically indicated that such documentation is not required as part
11 of the response to the invitation for bids, request for proposals, or
12 other solicitation, a date certain for the submission of such documenta-
13 tion after the award of the state contract;

14 (iii) A list of all subcontractors anticipated to perform work on the
15 state contract and the level of anticipated participation by minority
16 group members and women as employees to each subcontractor, or, if the
17 state agency has specifically indicated that such documentation is not
18 required as part of the response to the invitation for bids, request for
19 proposals, or other solicitation, a date certain for the submission of
20 such documentation after the award of the state contract; and

21 (iv) Such other information as the contracting state agency shall
22 require.

23 (b) A contractor that requests a waiver of a workforce participation
24 goal shall provide with its response to the applicable invitation for
25 bids, request for proposals, or other solicitation:

26 (i) Numerical evidence setting forth why the achievement of the work-
27 force participation goal is not practical, feasible, or appropriate in
28 light of the trades, professions, and occupations required to perform
29 the work of the state contract;

30 (ii) Documentation of the contractor's efforts, and any efforts by
31 subcontractors to the contractor, to promote the inclusion of minority
32 group members and women in trades, professions, and occupations required
33 in the performance of the state contract;

34 (iii) The maximum feasible level of participation by minority group
35 members and women in each of the trades, professions, and occupations
36 required in the performance of the work of the state contract;

37 (iv) The level of anticipated participation by minority group members
38 and women as employees to the contractor;

39 (v) A list of all subcontractors anticipated to perform work on the
40 state contract and the level of anticipated participation by minority
41 group members and women as employees to each subcontractor; and

42 (vi) Any other relevant information evidencing that the contractor's
43 achievement of the workforce participation goal would not be practical,
44 feasible, or appropriate.

45 4. A state agency shall not award a state contract to a contractor
46 unless the contractor has (i) certified that it will make a good faith
47 effort to achieve the applicable workforce participation goal and
48 provided documentation of the workforce anticipated to perform the work
49 of the state contract or (ii) submitted a waiver request which the state
50 agency deems to reflect the maximum feasible participation of minority
51 group members and women in each of the trades, professions, and occupa-
52 tions required in performance of the work of the state contract.

53 (a) In the event that a contractor submits a certification or waiver
54 request that is accepted by the state agency, the state agency shall
55 establish in the state contract the expected level of participation by
56 minority group members and women in each of the trades, professions, and

occupations required in performance of the work of the state contract, require that the contractor make good faith efforts to achieve such workforce participation goals, require that the contractor require any subcontractors to make a good faith effort to achieve the applicable workforce participation goal in any subcontracted work, and indicate that the failure of the contractor or any of its subcontractors to make a good faith effort to achieve the workforce participation goal may result in the contractor or subcontractor being deemed a non-compliant contractor.

(b) In the event that a contractor fails to submit a certification, waiver request, or any other information required by the state agency, or the state agency determines that a contractor's waiver request does not demonstrate that the applicable workforce participation goal is impractical, unfeasible, or inappropriate, the state agency shall notify the contractor of the deficiency in writing and provide the contractor ten business days to remedy the noticed deficiency. A state agency shall reject any bid or proposal of a contractor that fails to timely respond to a notice of deficiency or to provide documentation remedying the deficiency to the satisfaction of the state agency.

(i) Where failure to remedy any notified deficiency in the workforce utilization plan is a ground for disqualification, that issue and all other grounds for disqualification shall be stated in writing by the contracting state agency. The contractor shall be entitled to an administrative hearing, on a record, involving all grounds stated by the contracting state agency in its notice of the contractor's disqualification. Such hearing shall be conducted by the division to review the determination of disqualification. Contractors required to submit to such hearing shall have an opportunity to be heard. A final administrative determination made following such hearing shall be reviewable in a proceeding commenced under article seventy-eight of the civil practice law and rules, provided that such proceeding is commenced within one hundred twenty days of the notice given by certified mail return receipt requested rendering such final administrative determination. Such proceeding shall be commenced in the supreme court and such proceeding shall be preferred over all other civil causes except election causes, and shall be heard and determined in preference to all other civil business pending therein, except election matters, irrespective of position on the calendar. Appeals taken to the court of appeals of the state of New York shall be subject to the same preference.

§ 823. Reporting. 1. State contracts shall require contractors to submit, and to require any subcontractors to submit, to the contracting state agency reports documenting the hours worked by employees of the contractor and any subcontractors in the performance of the work of the state contract. Such reports shall be submitted no less frequently than monthly for state contracts for construction and quarterly for all other state contracts. Such reports shall identify the race, ethnicity, gender, and trade, profession, and occupation of each employee performing work on a state contract.

2. State agencies shall submit periodic reports to the director, or the designee of the director, concerning the participation of minority group members and women in state contracts let by such agencies and such state agencies' compliance with this article. Such reports shall be submitted at such time, and include such information, as the director shall require in regulations. State agencies shall make available their facilities, books, and records for inspection, upon reasonable notice, by the director or the director's designee.

3. The department shall provide such assistance as the director shall require in carrying out the requirements of this section.

§ 824. Enforcement. 1. Where it appears that a contractor cannot, after a good faith effort, meet the workforce participation goals set forth in a particular state contract, a contractor may file a written application with the contracting state agency requesting a partial or total waiver of such requirements. Such request shall set forth the reasons for such contractor's inability to meet the workforce participation goal, specifically describe the reasons for any deviations from the anticipated workforce participation set forth in the contractor's bid or proposal leading to the award of the state contract, and describe the efforts by the contractor and any subcontractors to achieve the maximum feasible participation of minority group members and women in the performance of the work of the state contract. Where the contractor's inability to achieve the workforce participation goal on a state contract is attributable to the failure of one or more subcontractors to make good faith efforts to achieve the maximum feasible participation of minority group members and women in the performance of the work of the state contract, the contractor shall identify such subcontractor or subcontractors to the contracting state agency.

2. A state agency shall grant a request for a waiver of workforce participation goals on a state contract where:

(a) The contractor demonstrates that the contractor and its subcontractors made good faith efforts to achieve the workforce participation goal on the state contract, and that insufficient minority group members or women were available in the trades, professions, and occupations required to perform the work of the state contract; or,

(b) The contractor contractually required each of its subcontractors to make a good faith effort to achieve the maximum feasible participation of minority group members and women in the performance of the subcontracted work, periodically monitored such subcontractors' deployment of minority group members and women in the performance of the subcontracted work, provided notice to such subcontractors of any deficiencies in their deployment of minority group members and women in the performance of such subcontracted work, and could not achieve the workforce participation goal for one or more trades, professions, or occupations without the good faith efforts of such subcontractors.

3. Where a state agency denies a contractor's request for a waiver of workforce participation goals pursuant to this section, the state agency may recommend to the director and the department that the contractor be deemed a non-compliant contractor.

4. Where a state agency grants a request for a waiver of workforce participation goals pursuant to this section based on one or more subcontractors' failure to make good faith efforts to achieve the maximum feasible participation of minority group members and women in the performance of the subcontracted work, the state agency may recommend to the director and the department that the subcontractor be deemed a non-compliant contractor.

5. Upon receipt of a recommendation from a state agency that a contractor or subcontractor should be deemed a non-compliant contractor, the director shall, with the assistance of the department, review the facts and circumstances forming the basis of the recommendation and issue a determination as to whether or not the contractor or subcontractor should be deemed a non-compliant contractor and, if so, the duration of such status as a non-compliant contractor. Such status shall last for a maximum of four years in duration. In determining the duration of a

1 contractor's or subcontractor's status as a non-compliant contractor,
2 the director shall consider:

3 (i) whether the contractor or subcontractor has previously been deemed
4 a non-compliant contractor;

5 (ii) the number of hours of expected participation by minority group
6 members and women lost as a result of the contractor's or subcontractor's
7 failure to make good faith efforts to include minority group
8 members or women in the performance of one or more state contracts; and

9 (iii) whether the contractor or subcontractor has offered to provide
10 employment opportunities, training, or other remedial benefits to minor-
11 ity group members or women in relevant trades, professions, or occupa-
12 tions.

13 6. A contractor or subcontractor deemed a non-compliant contractor by
14 the director may request an administrative hearing before an independent
15 hearing officer to appeal the determination of the director. The deci-
16 sion of the hearing officer shall be final and may only be vacated or
17 modified as provided in article seventy-eight of the civil practice law
18 and rules upon an application made within the time provided by such
19 article.

20 7. Upon a final determination that a contractor or subcontractor is a
21 non-compliant contractor, the director shall list the contractor or
22 subcontractor as such on its website and indicate the term of such
23 contractor's or subcontractor's status as a non-compliant contractor. A
24 non-compliant contractor shall be ineligible to participate as a
25 contractor or subcontractor on any state contract.

26 § 825. Powers and responsibilities of the division. 1. The director
27 shall post to the website of the division on or before April first of
28 each year the aspirational goals for the utilization of minority group
29 members and women in construction required pursuant to section eight
30 hundred twenty-two of this article.

31 2. The director shall promulgate rules and regulations for the imple-
32 mentation of this article, including, but not limited to, procedures for
33 the submission of certifications and workforce utilization plans by
34 contractors, criteria for granting waivers of workforce participation
35 goals, and the contents of reports by state agencies concerning their
36 implementation of the requirements of this article.

37 3. The division shall, from time to time, review the facilities,
38 books, and records of state agencies to ascertain the accuracy of their
39 reports and their compliance with the requirements of this article. The
40 department shall provide such assistance as the director shall require
41 in carrying out the requirements of this section.

42 § 826. Severability. If any clause, sentence, paragraph, section or
43 part of this article shall be adjudged by any court of competent juris-
44 isdiction to be invalid, the judgment shall not affect, impair or invali-
45 date the remainder thereof, but shall be confined in its operation to
46 the clause, sentence, paragraph, section or part of this article direct-
47 ly involved in the controversy in which the judgment shall have been
48 rendered.

31 force and effect until it is surrendered by the servicer or revoked or
32 suspended as hereinafter provided.

33 2. The superintendent may refuse to issue a license pursuant to this
34 article if he or she shall find that the applicant, or any person who is
35 a director, officer, partner, agent, employee, member or substantial
36 stockholder of the applicant:

37 (a) lacks the good moral character and general fitness such as to
38 warrant belief that the licensed entity would be operated honestly,
39 fairly and efficiently within the purposes of this article;

40 (b) has had a license or registration revoked by the superintendent or
41 any other regulator or jurisdiction;

42 (c) has been an officer, director, partner, member or substantial
43 stockholder of an entity which has had a license or registration revoked
44 by the superintendent or any other regulator or jurisdiction; or

45 (d) has been an agent, employee, officer, director, partner or member
46 of an entity which has had a license or registration revoked by the
47 superintendent where such person shall have been found by the super-
48 intendent to bear responsibility in connection with the revocation.

49 3. The term "substantial stockholder", as used in this section, shall
50 be deemed to refer to a person owning or controlling directly or indi-
51 rectly ten per centum or more of the total outstanding stock of a corpo-
52 ration.

53 § 714. Changes in officers and directors. Upon any change of any of
54 the executive officers, directors, partners or members of any student
55 loan servicer, the student loan servicer shall submit to the superinten-
56 dent the name, address, and occupation of each new officer, director,

1 partner or member, and provide such other information as the superinten-
2 dent may require.

3 § 715. Changes in control. 1. It shall be unlawful, except with the
4 prior approval of the superintendent, for any action to be taken which
5 results in a change of control of the business of a student loan servi-
6 cer. Prior to any change of control, the person desirous of acquiring
7 control of the business of a student loan servicer shall make written
8 application to the superintendent and pay an investigation fee as
9 prescribed pursuant to section eighteen-a of this chapter to the super-
10 intendent. The application shall contain such information as the super-
11 intendent, by rule or regulation, may prescribe as necessary or appro-
12 priate for the purpose of making the determination required by
13 subdivision two of this section. Such information shall include, but not
14 be limited to, the information and other material required for a student
15 loan servicer by subdivision one of section seven hundred twelve of this
16 article.

17 2. The superintendent shall approve or disapprove the proposed change
18 of control of a student loan servicer in accordance with the provisions
19 of section seven hundred thirteen of this article.

20 3. For a period of six months from the date of qualification thereof
21 and for such additional period of time as the superintendent may
22 prescribe, in writing, the provisions of subdivisions one and two of
23 this section shall not apply to a transfer of control by operation of
24 law to the legal representative, as hereinafter defined, of one who has
25 control of a student loan servicer. Thereafter, such legal represen-
26 tative shall comply with the provisions of subdivisions one and two of
27 this section. The provisions of subdivisions one and two of this section
28 shall be applicable to an application made under this section by a legal
29 representative. The term "legal representative", for the purposes of
30 this subdivision, shall mean a person duly appointed by a court of
31 competent jurisdiction to act as executor, administrator, trustee,
32 committee, conservator or receiver, including a person who succeeds a
33 legal representative and a person acting in an ancillary capacity there-
34 to in accordance with the provisions of such court appointment.

35 4. As used in this section the term "control" means the possession,
36 directly or indirectly, of the power to direct or cause the direction of
37 the management and policies of a student loan servicer, whether through
38 the ownership of voting stock of such student loan servicer, the owner-
39 ship of voting stock of any person which possesses such power or other-
40 wise. Control shall be presumed to exist if any person, directly or
41 indirectly, owns, controls or holds with power to vote ten per centum or
42 more of the voting stock of any student loan servicer or of any person
43 which owns, controls or holds with power to vote ten per centum or more
44 of the voting stock of any student loan servicer, but no person shall be
45 deemed to control a student loan servicer solely by reason of being an
46 officer or director of such student loan servicer. The superintendent
47 may in his discretion, upon the application of a student loan servicer
48 or any person who, directly or indirectly, owns, controls or holds with
49 power to vote or seeks to own, control or hold with power to vote any
50 voting stock of such student loan servicer, determine whether or not the
51 ownership, control or holding of such voting stock constitutes or would
52 constitute control of such student loan servicer for purposes of this
53 section.

54 § 716. Grounds for suspension or revocation of license. 1. The super-
55 intendent may revoke any license to engage in the business of a student

1 loan servicer issued pursuant to this article if a determination has
2 been made, after notice and a hearing, that:

3 (a) a servicer has violated any provision of this article, any rule or
4 regulation promulgated by the superintendent under and within the
5 authority of this article, or any other applicable law;

6 (b) a servicer engages in fraud, intentional misrepresentation, or
7 gross negligence in servicing a student loan;

8 (c) the competence, experience, character, or general fitness of the
9 servicer, an individual controlling, directly or indirectly, ten percent
10 or more of the outstanding interests, or any person responsible for
11 servicing a student loan for the servicer indicates that it is not in
12 the public interest to permit the servicer to continue servicing student
13 loans;

14 (d) the servicer is insolvent, suspends payment of its obligations, or
15 makes a general assignment for the benefit of its creditors; or

16 (e) the servicer has violated the laws of this state, any other state
17 law or any federal law involving fraudulent or dishonest dealing, or a
18 final judgment has been entered against a student loan servicer in a
19 civil action upon grounds of fraud, misrepresentation or deceit.

20 2. The superintendent may, on good cause shown, or where there is a
21 substantial risk of public harm, suspend any license for a period not
22 exceeding thirty days, pending investigation. "Good cause", as used in
23 this subdivision, shall exist when a student loan servicer has defaulted
24 in performing its financial engagements or engages in dishonest or ineq-
25 uitable practices which may cause substantial harm to the persons
26 afforded the protection of this article.

27 3. No license shall be revoked or suspended except after notice and a
28 hearing thereon. Any order of suspension issued after notice and a
29 hearing may include as a condition of reinstatement that the student
30 loan servicer make restitution to consumers of fees or other charges
31 which have been improperly charged or collected, including but not
32 limited to by allocating payments contrary to a borrower's direction or
33 in a manner that fails to help a borrower avoid default, as determined
34 by the superintendent. Any hearing held pursuant to the provisions of
35 this section shall be noticed, conducted and administered in compliance
36 with the state administrative procedure act.

37 4. Any student loan servicer may surrender any license by delivering
38 to the superintendent written notice that the student loan servicer
39 thereby surrenders such license, but such surrender shall not affect the
40 servicer's civil or criminal liability for acts committed prior to the
41 surrender. If such surrender is made after the issuance by the super-
42 intendent of a statement of charges and notice of hearing, the super-
43 intendent may proceed against the servicer as if the surrender had not
44 taken place.

45 5. No revocation, suspension, or surrender of any license shall impair
46 or affect the obligation of any pre-existing lawful contract between the
47 student loan servicer and any person, including the department of finan-
48 cial services.

49 6. Every license issued pursuant to this article shall remain in full
50 force and effect until the same shall have been surrendered, revoked or
51 suspended in accordance with any other provisions of this article.

52 7. Whenever the superintendent shall revoke or suspend a license
53 issued pursuant to this article, he or she shall forthwith execute in
54 duplicate a written order to that effect. The superintendent shall file
55 one copy of the order in the office of the department of financial
56 services and shall forthwith serve the other copy upon the student loan

1 servicer. Any such order may be reviewed in the manner provided by arti-
2 cle seventy-eight of the civil practice law and rules.

3 § 717. Books and records; reports and electronic filing. 1. Each
4 student loan servicer shall keep and use in its business such books,
5 accounts and records as will enable the superintendent to determine
6 whether the servicer is complying with the provisions of this article
7 and with the rules and regulations lawfully made by the superintendent.
8 Every servicer shall preserve such books, accounts, and records, for at
9 least three years.

10 2. (a) Each student loan servicer shall annually, on or before a date
11 to be determined by the superintendent, file a report with the super-
12 intendent giving such information as the superintendent may require
13 concerning the business and operations during the preceding calendar
14 year of such servicer under authority of this article. Such report shall
15 be subscribed and affirmed as true by the servicer under the penalties
16 of perjury and shall be in the form prescribed by the superintendent.

17 (b) In addition to annual reports, the superintendent may require such
18 additional regular or special reports as he or she may deem necessary to
19 the proper supervision of student loan servicers under this article.
20 Such additional reports shall be subscribed and affirmed as true by the
21 servicer under the penalties of perjury and shall be in the form
22 prescribed by the superintendent.

23 3. Notwithstanding article three of the state technology law or any
24 other law to the contrary, the superintendent may require that any
25 submission or approval as may be required by the superintendent be made
26 or executed by electronic means if he or she deems it necessary to
27 ensure the efficient administration of this article.

28 § 718. Rules and regulations. 1. In addition to such powers as may
29 otherwise be prescribed by this chapter, the superintendent is hereby
30 authorized and empowered to promulgate such rules and regulations as may
31 in the judgment of the superintendent be consistent with the purposes of
32 this article, or appropriate for the effective administration of this
33 article, including, but not limited to:

34 (a) such rules and regulations in connection with the activities of
35 student loan servicers as may be necessary and appropriate for the
36 protection of borrowers in this state;

37 (b) such rules and regulations as may be necessary and appropriate to
38 define unfair, deceptive or abusive acts or practices in connection with
39 the activities of student loan servicers in servicing student loans;

40 (c) such rules and regulations as may define the terms used in this
41 article and as may be necessary and appropriate to interpret and imple-
42 ment the provisions of this article; and

43 (d) such rules and regulations as may be necessary for the enforcement
44 of this article.

45 2. The superintendent is hereby authorized and empowered to make such
46 specific rulings, demands and findings as the superintendent may deem
47 necessary for the proper conduct of the student loan servicing industry.

48 § 719. Prohibited practices. No student loan servicer shall:

49 1. Directly employ any scheme, device or artifice to defraud or
50 mislead a borrower.

51 2. Intentionally engage in any unfair, deceptive or predatory act or
52 practice toward any person or misrepresent or omit any material informa-
53 tion in connection with the servicing of a student loan, including, but
54 not limited to, misrepresenting the amount, nature or terms of any fee
55 or payment due or claimed to be due on a student loan, the terms and

1 conditions of the loan agreement or the borrower's obligations under the
2 loan.

3 3. Intentionally misapply payments to the outstanding balance of any
4 student loan or to any related interest or fees.

5 4. Intentionally provide misleading information to a consumer report-
6 ing agency.

7 5. Refuse to communicate with an authorized representative of the
8 borrower who provides a written authorization signed by the borrower,
9 provided that the servicer may adopt procedures reasonably related to
10 verifying that the representative is in fact authorized to act on behalf
11 of the borrower.

12 6. Knowingly make any false statement or make any omission of a mate-
13 rial fact in connection with any information or reports filed with a
14 governmental agency or in connection with any investigation conducted by
15 the superintendent or another governmental agency.

16 § 720. Servicing student loans without a license. Whenever, in the
17 opinion of the superintendent, a person is engaged in the business of
18 servicing student loans, either actually or through subterfuge, without
19 a license from the superintendent, the superintendent may order that
20 person to desist and refrain from engaging in the business of servicing
21 student loans in the state. If, within thirty days after an order is
22 served, a request for a hearing is filed in writing and the hearing is
23 not held within sixty days of the filing, the order shall be rescinded.

24 § 721. Responsibilities. 1. If a student loan servicer regularly
25 reports information to a consumer reporting agency, the servicer shall
26 accurately report a borrower's payment performance to at least one
27 consumer reporting agency that compiles and maintains files on consumers
28 on a nationwide basis as defined in Section 603(p) of the federal Fair
29 Credit Reporting Act (15 U.S.C. Sec. 1681a(p)), upon acceptance as a
30 data furnisher by that consumer reporting agency.

31 2. (a) Except as provided in federal law or required by a student loan
32 agreement, a student loan servicer shall inquire of a borrower how to
33 apply a borrower's nonconforming payment. A borrower's direction on how
34 to apply a nonconforming payment shall remain in effect for any future
35 nonconforming payment during the term of a student loan until the
36 borrower provides different directions.

37 (b) For purposes of this subdivision, "nonconforming payment" shall
38 mean a payment that is either more or less than the borrower's required
39 student loan payment.

40 3. (a) If the sale, assignment, or other transfer of the servicing of
41 a student loan results in a change in the identity of the person to whom
42 the borrower is required to send subsequent payments or direct any
43 communications concerning the student loan, a student loan servicer
44 shall transfer all information regarding a borrower, a borrower's
45 account, and a borrower's student loan, including but not limited to the
46 borrower's repayment status and any borrower benefits associated with
47 the borrower's student loan, to the new student loan servicer servicing
48 the borrower's student loan within forty-five days.

49 (b) A student loan servicer shall adopt policies and procedures to
50 verify that it has received all information regarding a borrower, a
51 borrower's account, and a borrower's student loan, including but not
52 limited to the borrower's repayment status and any borrower benefits
53 associated with the borrower's student loan, when the servicer obtains
54 the right to service a student loan.

55 4. If a student loan servicer sells, assigns, or otherwise transfers
56 the servicing of a student loan to a new servicer, the sale, assignment

1 or other transfer shall be completed at least seven days before the
2 borrower's next payment is due.

3 5. (a) A student loan servicer that sells, assigns, or otherwise
4 transfers the servicing of a student loan shall require as a condition
5 of such sale, assignment or other transfer that the new student loan
6 servicer shall honor all borrower benefits originally represented as
7 being available to a borrower during the repayment of the student loan
8 and the possibility of such benefits, including any benefits that were
9 represented as being available but for which the borrower had not yet
10 qualified.

11 (b) A student loan servicer that obtains the right to service a
12 student loan shall honor all borrower benefits originally represented as
13 being available to a borrower during the repayment of the student loan
14 and the possibility of such benefits, including any benefits that were
15 represented as being available but for which the borrower had not yet
16 qualified.

17 6. A student loan servicer shall respond within thirty days after
18 receipt to a written inquiry from a borrower or a borrower's authorized
19 representative.

20 7. A student loan servicer shall preserve records of each student loan
21 and all communications with borrowers for not less than two years
22 following the final payment on a student loan or the sale, assignment or
23 other transfer of the servicing of a student loan, whichever occurs
24 first, or such longer period as may be required by any other provision
25 of law.

26 § 722. Examinations. 1. The superintendent may at any time, and as
27 often as he or she may determine, either personally or by a person duly
28 designated by the superintendent, investigate the business and examine
29 the books, accounts, records, and files used therein of every student
30 loan servicer. For that purpose the superintendent and his or her duly
31 designated representative shall have free access to the offices and
32 places of business, books, accounts, papers, records, files, safes and
33 vaults of all student loan servicers. The superintendent and any person
34 duly designated by him or her shall have the authority to require the
35 attendance of and to examine under oath all persons whose testimony he
36 or she may require relative to such business.

37 2. No person subject to investigation or examination under this
38 section may knowingly withhold, abstract, remove, mutilate, destroy or
39 secrete any books, records, computer records or other information.

40 3. The expenses incurred in making any examination pursuant to this
41 section shall be assessed against and paid by the student loan servicer
42 so examined, except that traveling and subsistence expenses so incurred
43 shall be charged against and paid by servicers in such proportions as
44 the superintendent shall deem just and reasonable, and such propor-
45 tionate charges shall be added to the assessment of the other expenses
46 incurred upon each examination. Upon written notice by the superinten-
47 dent of the total amount of such assessment, the servicer shall become
48 liable for and shall pay such assessment to the superintendent.

49 4. In any hearing in which a department employee acting under authori-
50 ty of this chapter is available for cross-examination, any official
51 written report, worksheet, other related papers, or duly certified copy
52 thereof, compiled, prepared, drafted, or otherwise made by such depart-
53 ment employee, after being duly authenticated by the employee, may be
54 admitted as competent evidence upon the oath of the employee that such
55 worksheet, investigative report, or other related documents were
56 prepared as a result of an examination of the books and records of a

1 servicer or other person, conducted pursuant to the authority of this
2 chapter.

3 5. Unless otherwise exempt pursuant to subdivision two of section
4 seven hundred eleven of this article, affiliates of a student loan
5 servicer shall be subject to examination by the superintendent on the
6 same terms as the servicer, but only when reports from, or examination
7 of, a servicer provides evidence of unlawful activity between a servicer
8 and affiliate benefitting, affecting, or arising from the activities
9 regulated by this article.

10 § 723. Penalties for violation of this article. 1. In addition to such
11 penalties as may otherwise be applicable by law, the superintendent may,
12 after notice and hearing, require any person found violating the
13 provisions of this article or the rules or regulations promulgated here-
14 under to pay to the people of this state a penalty for each violation of
15 this article or any regulation or policy promulgated hereunder a sum not
16 to exceed an amount as determined pursuant to section forty-four of this
17 chapter for each such violation.

18 2. Nothing in this article shall limit any statutory or common-law
19 right of any person to bring any action in any court for any act, or the
20 right of the state to punish any person for any violation of any law.

21 § 724. Severability of provisions. If any provision of this article,
22 or the application of such provision to any person or circumstance,
23 shall be held invalid, illegal or unenforceable, the remainder of the
24 article, and the application of such provision to persons or circum-
25 stances other than those as to which it is held invalid, illegal or
26 unenforceable, shall not be affected thereby.

27 § 725. Compliance with other laws. 1. Student loan servicers shall
28 engage in the business of servicing student loans in conformity with the
29 provisions of this chapter, such rules and regulations as may be promul-
30 gated by the superintendent thereunder and all applicable federal laws
31 and the rules and regulations promulgated thereunder.

32 2. Nothing in this section shall be construed to limit any otherwise
33 applicable state or federal law or regulations.

56 thereof, in which event the superintendent may publish or authorize the

1 publication of a copy of any such report or any part thereof in such
2 manner as may be deemed proper or unless such laws specifically author-

13 § 3. Subdivisions 1, 2, 3 and 5 of section 39 of the banking law,

50 finds, after notice and hearing, that a consultant has intentionally
51 violated any provision of this article, the superintendent may: (1) make
52 null and void any agreement between the borrower and the consultant; and
53 (2) impose a civil penalty of not more than ten thousand dollars for
54 each violation.

55 (b) If the consultant violates any provision of this article and the
56 borrower suffers damage because of the violation, the borrower may

1 recover actual and consequential damages and costs from the consultant
2 in an action based on this article. If the consultant recklessly

16 tion to any other requirements, rights, remedies, and penalties provided
17 by law.

18 § 706. Rules and regulations. In addition to such powers as may
19 otherwise be prescribed by this chapter, the superintendent is hereby
20 authorized and empowered to promulgate such rules and regulations as may
21 in the judgment of the superintendent be consistent with the purposes of
22 this article, or appropriate for the effective administration of this
23 article.

25 it shall have become a law.

47 taking any adverse action related to issuance of a professional license
48 against any individual or applicant for a professional license, includ-
49 ing but not limited to denial of a professional license or disapproval
50 of an application for a professional license, based upon the status of
51 any student loan obligation of such individual or applicant for a
52 professional license.

PART AA

PART BB

Section 1. Approximately 40 percent of the food produced in the United States today goes uneaten. Much of this organic waste is disposed of in solid waste landfills, where its decomposition accounts for over 15 percent of our nation's emissions of methane, a potent greenhouse gas. Meanwhile, an estimated 2.8 million New Yorkers are facing hunger and food insecurity. Recognizing the importance of food scraps to our environment, economy, and the health of New Yorkers, this act establishes a food scraps hierarchy for the state of New York. The first tier of the hierarchy is source reduction, reducing the volume of surplus food generated. The second tier is recovery, feeding wholesome food to hungry people. Third is repurposing, feeding animals. Fourth is recycling, processing any leftover food such as by composting or anaerobic digestion to create a nutrient-rich soil amendment. This legislation is designed to address each tier of the hierarchy by: encouraging the

1 prevention of food waste generation by commercial generators and resi-
2 dents; directing the recovery of excess edible food from high-volume
3 commercial food waste generators; and ensuring that a significant
4 portion of inedible food waste from large volume food waste generators
5 is managed in a sustainable manner, and does not end up being sent to
6 landfills or incinerators. In addition, the state has supported the
7 recovery of wholesome food by providing grants from the environmental
8 protection fund to increase capacity of food banks, conduct food scraps
9 audits of high-volume generators of food scraps, support implementation
10 of pollution prevention projects identified by such audits, and expand
11 capacity of generators and municipalities to donate and recycle food.

12 § 2. Article 27 of the environmental conservation law is amended by
13 adding a new title 22 to read as follows:

14 TITLE 22

15 FOOD DONATION AND FOOD SCRAPS RECYCLING

16 Section 27-2201. Definitions.

17 27-2203. Designated food scraps generator responsibilities.

18 27-2205. Waste transporter responsibilities.

19 27-2207. Transfer station.

20 27-2209. Food scraps disposal prohibition.

21 27-2211. Department responsibilities.

22 27-2213. Regulations.

23 27-2215. Exclusions.

24 27-2217. Annual Report.

25 27-2219. Severability.

26 § 27-2201. Definitions.

27 1. "Designated food scraps generator" means a person who generates at
28 a single location an annual average of two tons per week or more of food
29 scraps based on a methodology established by the department pursuant to
30 regulations, including, supermarkets, restaurants, higher educational
31 institutions, hotels, food processors, correctional facilities, sports
32 or entertainment venues and health care facilities. For a location with
33 multiple independent food service businesses, such as a mall or college

35 services is responsible for managing food scraps from the independent
36 businesses.

37 2. "Food scraps" means inedible food, trimmings from the preparation
38 of food, food-soiled paper, and edible food that is not donated. Food
39 scraps shall not include used cooking oil, yellow grease or food from
40 residential sources, or any food identified in regulations promulgated
41 by the department in consultation with the department of agriculture and
42 markets or any food which is subject to a recall or seizure due to the
43 presence of pathogens, including but not limited to: Listeria Monocyto-
44 genes, confirmed Clostridium Botulinum, E. coli 0157:H7 and all salmo-
45 nella in ready-to-eat foods.

46 3. "Organics recycler" means a facility, permitted by the department,
47 that recycles food scraps through use as animal feed or a feed ingredi-
48 ent, rendering, land application, composting, aerobic digestion, anaero-
49 bic digestion, fermentation, or ethanol production. Animal scraps, food
50 soiled paper, and post-consumer food scraps are prohibited for use as
51 animal feed or as a feed ingredient. The proportion of the product
52 created from food scraps by a composting or digestion facility, includ-
53 ing a wastewater treatment plant that operates a digestion facility, or
54 other treatment system, must be used in a beneficial manner as a soil
55 amendment and shall not be disposed of or incinerated.

1 4. "Person" means any business entity, partnership, company, corpo-
2 ration, not-for-profit corporation, association, governmental entity,
3 public benefit corporation, public authority, firm, or organization.

4 5. "Single location" means contiguous property under common ownership,
5 which may include one or more buildings.

6 6. "Incinerator" shall have the same meaning as provided in section
7 72-0401 of this chapter.

8 7. "Landfill" shall have the same meaning as provided in section
9 72-0401 of this chapter.

10 8. "Transfer station" means a solid waste management facility, whether
11 owned or operated by a private or public entity, other than a recycla-
12 bles handling and recovery facility, used oil facility, or a
13 construction and demolition debris processing facility, where solid
14 waste is received for the purpose of subsequent transfer to another
15 solid waste management facility for processing, treating, disposal,
16 recovery, or further transfer.

17 § 27-2203. Designated food scraps generator responsibilities.

18 1. Effective January first, two thousand twenty-one:

19 (a) all designated food scraps generators shall separate their excess
20 edible food for donation for human consumption to the maximum extent
21 practicable, and in accordance with applicable laws, rules and regu-
22 lations related to food donation; and

23 (b) except as provided in paragraph (c) of this subdivision, each
24 designated food scraps generator that is within fifteen miles of an
25 organics recycler, to the extent that the recycler has capacity to
26 accept all of such generator's food scraps based on the department's
27 yearly estimate of an organic recyclers' capacity pursuant to section
28 27-2211 of this title, shall:

29 (i) separate its remaining food scraps from other solid waste;

30 (ii) ensure proper storage for food scraps on site which shall
31 preclude such materials from becoming odorous or attracting vectors,
32 such as a container that has a lid and a latch that keeps the lid closed
33 and is resistant to tampering by rodents or other wildlife and has
34 sufficient capacity;

35 (iii) have information available and provide training for employees
36 concerning the proper methods to separate and store food scraps; and

37 (iv) obtain a transporter that will deliver food scraps to an organics
38 recycler, self-haul its food scraps to an organics recycler, or provide
39 for organics recycling on-site via in vessel composting, aerobic or
40 anaerobic digestion or any other method of processing organic waste that
41 the department approves by regulation, for some or all of the food waste
42 it generates on its premises, provided that the remainder is delivered
43 to an organics recycler.

44 (c) The provisions of paragraph (b) of this subdivision shall not
45 apply to any designated food scraps generator that has all of its food
46 scraps processed in a mixed solid waste composting or mixed solid waste
47 anaerobic digestion facility.

48 2. All designated food scraps generators shall submit an annual report
49 to the department on or before March first, two thousand twenty-two, and
50 annually thereafter, in an electronic format. The annual report must
51 summarize the amount of edible food donated, the amount of food scraps
52 recycled, the organics recycler or recyclers and associated transporters
53 used, and any other information as required by the department.

54 3. A designated food scraps generator may petition the department for
55 a temporary waiver from some or all of the requirements of this title.
56 The petition must include evidence of undue hardship based on:

1 (a) the designated food scraps generator does not meet the two tons
2 per week threshold;

3 (b) the cost of processing organic waste is not reasonably competitive
4 with the cost of disposing of waste by landfill;

5 (c) the organics recycler does not have sufficient capacity, despite
6 the department's calculation; or

7 (d) the unique circumstances of the generator.

8 A waiver shall be no longer than one year in duration provided, howev-
9 er, the department may renew such waiver.

10 § 27-2205. Waste transporter responsibilities.

11 1. Any waste transporter that collects food scraps for recycling from
12 a designated food scraps generator shall:

13 (a) deliver food scraps to a transfer station that will deliver such
14 food scraps to an organics recycler unless such generator has received a
15 temporary waiver under subdivision three of section 27-2203 of this
16 title; or

17 (b) deliver such food scraps directly to an organics recycler.

18 2. Any waste transporter that collects food scraps from a designated
19 food scraps generator shall take all reasonable precautions to not
20 deliver those food scraps to an incinerator or a landfill nor commingle
21 the material with any other solid waste unless such commingled waste can
22 be processed by an organics recycler or unless such generator has
23 received a temporary waiver under subdivision three of section 27-2203
24 of this title.

25 § 27-2207. Transfer station.

26 Any transfer station that receives food scraps from a designated food
27 scraps generator must ensure that the food scraps are taken to an organ-
28 ics recycler unless such generator has received a temporary waiver under
29 subdivision three of section 27-2203 of this title. A transfer station
30 shall take all reasonable precautions to not commingle the material with
31 any other solid waste unless such commingled waste can be processed by
32 an organics recycler.

33 § 27-2209. Food scraps disposal prohibition.

34 Incinerators and landfills shall take all reasonable precautions to
35 not accept food scraps from designated food scraps generators required
36 to send their food scraps to an organics recycler as outlined under
37 section 27-2203 of this title, after January first, two thousand twen-
38 ty-one, unless the designated food scraps generator has received a
39 temporary waiver under subdivision three of section 27-2203 of this
40 title.

41 § 27-2211. Department responsibilities.

42 1. The department shall publish on its website: (a) the methodology
43 the department will use to determine who is a designated food scrap
44 generator; (b) the waiver process; (c) procedures to minimize odors and
45 vectors; and (d) a list of all designated food scraps generators, organ-
46 ics recyclers, and all waste transporters that manage source-separated
47 organics.

48 2. No later than June first, two thousand twenty and annually there-
49 after, the department shall assess the capacity of each organic recycler
50 and notify designated food scraps generators if they are required to
51 comply with the provisions of paragraph (b) of subdivision one of
52 section 27-2203 of this title.

53 3. The department shall develop and make available educational materi-
54 als to assist designated food scraps generators with compliance with
55 this title. The department shall also develop education materials on
56 food waste minimization and encourage municipalities to disseminate

1 these materials both on their municipal websites and in any such future
2 mailings to their residents as they may distribute.

3 4. The department shall regulate organics recyclers to ensure that
4 their activities do not impair water quality or otherwise harm human
5 health and the environment.

6 § 27-2213. Regulations.

7 The department shall, after one or more public hearings, promulgate
8 rules and regulations necessary to implement the provisions of this
9 title including: (a) the methodology the department will use to deter-
10 mine who is a designated food scraps generator; (b) the waiver process;
11 (c) procedures to minimize odors and vectors; (d) a list of all desig-
12 nated food scraps generators, organics recyclers, and all waste trans-
13 porters that manage source-separated organics; and (e) how designated
14 food scraps generators shall comply with the provisions of paragraph (a)
15 and subparagraph (i) of paragraph (b) of subdivision one of section
16 27-2203 of this title.

17 § 27-2215. Exclusions.

18 1. This title shall not apply to any designated food scraps generators
19 located in a city with a population of one million or more which has a
20 local law, ordinance or regulation in place which requires the diversion
21 of edible food and food scraps from disposal.

22 2. This title does not apply to hospitals, elementary and secondary
23 schools.

24 § 27-2217. Annual report.

25 No later than January first, two thousand twenty-two, and on an annual
26 basis thereafter, the department shall submit an annual report to the

You are not occupying your home as your principal residence
You did not submit the required annual certificate of occupancy

You did not pay property taxes
{Servicer name} paid your property taxes for the following

You have the right to dispute the claims listed above by contacting us, by calling _____ or sending a letter to _____. This may include proof of payments made for property taxes or water and sewer charges or a current declaration page from your insurance company, or any other proof to dispute the servicer's claim.

If you are in default for failure to pay property charges (property taxes, homeowner's insurance and/or water/sewer charges) you may qualify for a grant, loan, or re-payment plan to cure the default balance owed.

6 home for one additional year and requires an annual re-certification.

7 If you are in default because the named borrower on the reverse mortgage
8 has died and you are the lawful heir to the property, you may be able to
9 keep the property by paying either the full loan balance or 95 percent
10 of the home's appraised value, whichever is less.

PART MM

Section 1. Short title. This act shall be known and may be cited as the "New York state innovation voucher program act".

§ 2. Section 1 of chapter 174 of the laws of 1968, constituting the New York state urban development corporation act, is amended by adding a new section 16-bb to read as follows:

§ 16-bb. New York state innovation voucher program. (1) Program established. There is hereby established a New York state innovation voucher program under the purview of the empire state development corporation. Such program shall provide small businesses with access to research and development by colleges and universities, government laboratories and public research institutes in order to assist such businesses in the creation of innovative products or services that provide job retention and expansion.

(c) "Ineligible expense" shall mean reimbursement of time spent by the employees or owners of the small business; grant or voucher application costs; routine and readily-predictable business expenses; design and production of marketing or advertising materials; basic professional services such as ongoing routine accounting, tax or legal services; building or equipment construction costs; financing fees; travel and entertainment costs; hospitality costs; and any other expenses deemed ineligible by the corporation.

(d) "Research and development partner" shall mean colleges, universities, state and national government laboratories, and public research institutes in New York state.

(e) "Exceptionally innovative projects" shall mean projects that demonstrate a potential for substantial economic growth and job development in an emerging technology field, as defined by the corporation, through the promulgation of rules and regulations, as emerging technology fields from those fields listed in subparagraphs one, two, three, four and five of paragraph (b) of subdivision one of section thirty-one hundred two-e of the public authorities law.

1 (3) Selection of eligible recipients. (a) Eligible recipients shall be
2 selected by the corporation based on the strength of their proposals,
3 including evaluation of the innovative nature of the project, its tech-
4 nical feasibility, commercial viability and the potential impact on the
5 retention and creation of new jobs.

6 (b) Small businesses may identify desired or potential research and
7 development partners as part of their applications. Advance determi-
8 nations of the business' research and development partner shall not be a
9 requirement for receipt of an innovation voucher.

10 (c) Applications shall be judged by an advisory committee, or regional

17 innovation voucher program and are willing to accept vouchers from
18 eligible recipients for payment of their services. The list of potential
19 research and development partners shall be displayed on the corpo-
20 ration's website, and shall be reviewed and revised at least quarterly.

21 (5) Vouchers and matching funds. (a) The corporation, upon the recom-
22 mendation of the advisory committee, may award vouchers up to ten thou-
23 sand dollars for each eligible project. Upon the recommendation of the
24 advisory committee, the corporation may award a voucher in an amount up
25 to fifty thousand dollars where a project is deemed exceptionally inno-
26 vative. Criteria for determination of awards shall be established by the
27 corporation in rules and regulations. Eligible recipients shall match
28 the value of the voucher on a dollar-for-dollar basis and shall apply
29 such amount to the voucher-funded project.

30 (b) If an applicant is approved by the corporation for a voucher based
31 on the merits of an eligible project, such eligible recipient shall be
32 authorized to enter into a working agreement with the appropriate
33 research and development partner. The eligible recipient shall notify
34 the corporation of the research and development partner collaboration to
35 be formed to further research and development. Payment of the voucher
36 shall be made based on a payment structure established by the corpo-
37 ration in rules and regulations promulgated pursuant to section four of
38 this act to administer a collaboration.

39 (6) Outreach. To ensure maximum awareness of the innovation voucher
40 program, the corporation shall develop and implement a plan to dissem-
41 inate information and materials to small businesses, including but not
42 limited to minority- and women-owned enterprises and veteran-owned busi-
43 nesses.

44 (7) Reports. The corporation shall post quarterly reports stating: the
45 number and monetary value of vouchers issued; the amount of program
46 funding used for the vouchers; the recipient of the the vouchers and
47 research and development partner; and any other appropriate metrics to
48 measure the success of the program, including but not limited to, the
49 number of jobs created or retained, the number of patents produced as a
50 result of the collaboration, a description of the economic development
51 impact and such other information as the corporation may deem necessary.
52 Such quarterly reports shall also include a list of current advisory
53 committee members and a list of current research and development part-
54 ners approved by the corporation.

55 (8) Funding. The corporation is authorized, within available appropri-
56 ations in the empire state development fund established pursuant to

section sixteen-m of this act or from any other funds appropriated, to make innovative vouchers available to eligible recipients.

§ 3. Subdivision 1 of section 16-m of section 1 of chapter 174 of the laws of 1968, constituting the New York state urban development corporation act, is amended by adding a new paragraph (o) to read as follows:

(o) Vouchers to eligible entities as set forth in section sixteen-bb of this act to support the New York state innovation voucher program to assist small business access to research and development by colleges and universities, government laboratories and public research institutes to support such businesses in the creation of innovative products or services.

§ 4. Rules and regulations. The empire state development corporation is authorized to promulgate rules and regulations in accordance with the state administrative procedure act that are necessary to fulfill the purposes of this act. Such rules and regulations shall be completed within one hundred eighty days after the effective date of this act.

§ 5. This act shall take effect on the one hundred eightieth day after it shall have become a law; provided, however, that the amendments to subdivision 1 of section 16-m of section 1 of chapter 174 of the laws of 1968, constituting the New York state urban development corporation act, made by section three of this act shall not affect the expiration of such section and shall be deemed to expire therewith; provided, further, that any rules and regulations necessary for the timely implementation of this act on its effective date may be promulgated on or before such effective date.

PART PP

Section 1. Article 54 of the environmental conservation law is amended by adding a new title 17 to read as follows:

TITLE 17

NEW YORK STATE ENVIRONMENTAL JUSTICE ACT AND GRANTS

Section 54-1701. Definitions.

54-1702. Implementation of environmental justice policies.

54-1703. Environmental justice task force.

54-1705. Environmental justice grants.

§ 54-1701. Definitions.

For purposes of this title "environmental justice" means the fair treatment of people of all races, cultures and incomes in the development, adoption, implementation and enforcement of environmental laws and policies.

§ 54-1702. Implementation of environmental justice policies.

1. All state agencies, boards, commissions and other bodies involved in decisions that may affect environmental quality shall adopt and implement environmental justice policies providing meaningful opportunities for involvement to all people, regardless of race, color, ethnicity, religion, income or education level.

2. All state programs and policies designed to protect the environment shall be reviewed periodically to ensure that program implementation and dissemination of information meet the needs of low-income and minority communities, and seek to address disproportionate exposure to environmental hazards.

3. The department will use available environmental and public health data to identify existing and proposed industrial and commercial facilities and areas in communities of color and low-income communities for which compliance, enforcement, remediation, siting and permitting strategies will be targeted to address impacts from these facilities.

4. The department shall create an environmental justice advisory council to advise the department and the environmental justice task force on environmental justice issues. The council shall consist of fifteen individuals and will meet at least quarterly. The council shall annually select a chairperson from its membership and shall have a composition of one-third membership from grassroots or faith-based community organizations, with additional membership to include representatives from the following communities: academic public health, statewide environmental, civil rights and public health organizations, large and small business and industry, municipal and county officials, and organized labor.

1 § 54-1703. Environmental justice task force.

2 1. The commissioner and the commissioner of the department of health,
3 or their appointed designees, shall convene a multi-agency task force,
4 to be named the environmental justice task force. This task force will
5 include senior management designees from the governor counsel's office,
6 the attorney general's office, the departments of health, agriculture
7 and markets, transportation, and education. The task force shall be an
8 advisory body, the purpose of which is to make recommendations to state
9 agency heads regarding actions to be taken to address environmental
10 justice issues consistent with each agency's existing statutory and
11 regulatory authority. The task force is authorized to consult with, and
12 expand its membership to, other state agencies as needed to address
13 concerns raised in affected communities.

14 2. Any community may file a petition with the task force that asserts
15 that residents and workers in the community are subject to dispropor-
16 tionate adverse exposure to environmental health risks, or dispropor-
17 tionate adverse effects resulting from the implementation of laws
18 affecting public health or the environment.

19 3. The task force shall identify a set of communities from the
20 petitions filed, based on selection criteria developed by the task
21 force, including consideration of state agency resource constraints. The
22 task force shall meet directly with the selected communities to under-
23 stand their concerns.

24 4. The task force shall develop an action plan for each of the
25 selected communities after consultation with the citizens, as well as
26 local and county government as relevant, that will address environmental
27 factors that affect community health. The action plan shall clearly
28 delineate the steps that will be taken in each of the selected communi-
29 ties to reduce existing environmental burdens and avoid or reduce the
30 imposition of additional environmental burdens through allocations of
31 resources, exercise of regulatory discretion, and development of new
32 standards and protections. The action plan, which shall be developed in
33 consultation with the environmental justice advisory council, will spec-
34 ify community deliverables, a timeframe for implementation, and the
35 justification and availability of financial and other resources to
36 implement the plan. The task force shall present the action plan to the
37 relevant departments, recommending its implementation.

38 5. The task force shall monitor the implementation of each action plan
39 in the selected communities, and shall make recommendations to state
40 agencies as necessary to facilitate implementation of the action plans.
41 Agencies shall implement the strategy to the fullest extent practicable
42 in light of statutory and resource constraints.

43 § 54-1705. Environmental justice grants.

44 1. For the purpose of this section, environmental justice projects
45 shall take place in environmental justice, inner city, and underserved
46 areas and mean:

- 47 (a) improvements to environmental quality;
48 (b) projects that address exposure to multiple harms and risks,
49 including lead exposure;
50 (c) environmental job training;
51 (d) studies, including air monitoring, to investigate the environment,
52 or related public health issues of the community; and,
53 (e) research that will be used to expand the knowledge or understand-
54 ing of the affected community, including ways to improve resiliency
55 provided that the results of any such investigation shall be dissem-
56 inated to the members of the affected community.

2. The commissioner, after consultation with the environmental justice advisory council, and a not-for-profit corporation may enter into a contract for the undertaking by the not-for-profit corporation of an environmental justice project. Such project shall be recommended to the commissioner by the governing body of a not-for-profit corporation which demonstrates to the satisfaction of the commissioner that such projects address the environmental and/or related public health issues of the residents of the affected community. Upon approval by the commissioner, such project shall be undertaken pursuant to the provisions of this title and any other applicable provision of law.

3. The commissioner, after consultation with the environmental justice advisory council, and a municipality may enter into a contract for the undertaking by the municipality of an environmental justice project. Such project shall be recommended to the commissioner by the governing body of a municipality which demonstrates to the satisfaction of the commissioner that such projects address the environmental and/or related public health issues of the residents of the affected community. Upon approval by the commissioner, such project shall be undertaken pursuant to the provisions of this title and any other applicable provision of law.

§ 2. This act shall take effect July 1, 2019; provided however, that the environmental justice task force and the environmental justice advisory council shall be established and operating by October 1, 2019.

PART QQ

Section 1. Legislative findings and declaration. The legislature hereby enacts the "New York state climate and community protection act" and finds and declares that:

1. Climate change is adversely affecting economic well-being, public health, natural resources, and the environment of New York. The adverse impacts of climate change include:

a. an increase in the severity and frequency of extreme weather events, such as storms, flooding, and heat waves, which can cause direct injury or death, property damage, and ecological damage (e.g., through the release of hazardous substances into the environment);

b. rising sea levels, which exacerbate damage from storm surges and flooding, contribute to coastal erosion and saltwater intrusion, and inundate low-lying areas, leading to the displacement of or damage to coastal habitat, property, and infrastructure;

c. a decline in freshwater and saltwater fish populations;

d. increased average temperatures, which increase the demand for air conditioning and refrigeration among residents and businesses;

e. exacerbation of air pollution; and

f. an increase in the incidences of infectious diseases, asthma attacks, heart attacks, and other negative health outcomes. These impacts are having a detrimental effect on some of New York's largest industries, including agriculture, commercial shipping, forestry, tourism, and recreational and commercial fishing. These impacts also place additional strain on the physical infrastructure that delivers critical services to the citizens of New York, including the state's energy, transportation, stormwater, and wastewater infrastructure.

2. a. The severity of current climate change and the threat of additional and more severe change will be affected by the actions undertaken by New York and other jurisdictions to reduce greenhouse gas emissions. According to the U.S. Global Change Research Program (USGCRP) and the

1 Intergovernmental Panel on Climate Change (IPCC), substantial reductions
2 in greenhouse gas emissions will be required by mid-century in order to
3 limit global warming to no more than 2°C and ideally 1.5°C, and thus
4 minimize the risk of severe impacts from climate change. Specifically,
5 industrialized countries must reduce their greenhouse gas emissions by
6 at least 80% below 1990 levels by 2050 in order to stabilize carbon
7 dioxide equivalent concentrations at 450 parts per million--the level
8 required to stay within the 2°C target.

9 b. On December 12, 2015, one hundred ninety-five countries at the 21st
10 Conference of the parties of the United Nations Framework Convention on
11 Climate Change adopted an agreement addressing greenhouse gas emissions
12 mitigation, adaptation, and finance starting in the year 2020, known as
13 the Paris Agreement. The Paris Agreement was adopted on November 4,
14 2016, and is the largest concerted global effort to combat climate
15 change to date.

16 3. Action undertaken by New York to reduce greenhouse emissions will
17 have an impact on global greenhouse gas emissions and the rate of
18 climate change. In addition, such action will encourage other jurisdic-
19 tions to implement complementary greenhouse gas reduction strategies and
20 provide an example of how such strategies can be implemented. It will
21 also advance the development of green technologies and sustainable prac-
22 tices within the private sector, which can have far-reaching impacts
23 such as a reduction in the cost of renewable energy components, and the
24 creation of jobs and tax revenues in New York.

25 4. It shall therefore be a goal of the state of New York to reduce
26 greenhouse gas emissions from all anthropogenic sources 100% over 1990
27 levels by the year 2050, with an incremental target of at least a 50
28 percent reduction in climate pollution by the year 2030, in line with
29 USGCRP and IPCC projections of what is necessary to avoid the most
30 severe impacts of climate change.

31 5. Although substantial emissions reductions are necessary to avoid
32 the most severe impacts of climate change, complementary adaptation
33 measures will also be needed to address those risks that cannot be
34 avoided. Some of the impacts of climate change are already observable in
35 New York state and the northeastern United States. Annual average
36 temperatures are on the rise, winter snow cover is decreasing, heat
37 waves and precipitation are intensifying, and sea levels along New
38 York's coastline are approximately one foot higher than they were in
39 1900. New York has also experienced an increasing number of extreme and
40 unusual weather events, like Hurricanes Irene and Lee and the
41 unprecedented Superstorm Sandy in 2012, which caused at least 53 deaths
42 and \$32 billion in damage in New York state.

43 6. New York should therefore minimize the risks associated with
44 climate change through a combination of measures to reduce statewide
45 greenhouse gas emissions and improve the resiliency of the state with
46 respect to the impacts and risks of climate change that cannot be
47 avoided.

48 7. Climate change especially heightens the vulnerability of disadvan-
49 tagged communities, which bear environmental and socioeconomic burdens as
50 well as legacies of racial and ethnic discrimination. Actions undertaken
51 by New York state to mitigate greenhouse gas emissions should prioritize
52 the safety and health of disadvantaged communities, control potential
53 regressive impacts of future climate change mitigation and adaptation
54 policies on these communities, and prioritize the allocation of public
55 investments in these areas.

8. Creating good jobs and a thriving economy is a core concern of New York state. Shaping the ongoing transition in our energy sector to ensure that it creates good jobs and protects workers and communities that may lose employment in the current transition must be key concerns of our climate policy. Setting clear standards for job quality and training standards encourages not only high-quality work but positive economic impacts.

9. Workers are at the front lines of climate change. Construction workers and building service workers were some of the first workers dedicated to cleaning up damage inflicted by recent storms. These workers were often operating in unsafe and toxic environments, cleaning up mold, and working in unstable buildings. In order to protect the health and welfare of these workers, it is in the interest of the state of New York to establish safe and healthy working conditions and proper training for workers involved in climate change related activities. In addition, much of the infrastructure work preparing our state for additional climate change events must happen quickly and efficiently. It is in the interest of the state to ensure labor harmony and promote efficient performance of work on climate change related work sites by requiring workers to be well-trained and adequately compensated.

10. Ensuring career opportunities are created and shared geographically and demographically is necessary to ensure increased access to good jobs for marginalized communities while making the same neighborhoods more resilient. Climate change has a disproportionate impact on low-income people, women, and workers. It is in the interest of the state of New York to protect and promote the interests of these groups against the impacts of climate change and severe weather events and to advance our equity goals by ensuring quality employment opportunities in safe working environments.

11. The complexity of the ongoing energy transition, the uneven distribution of economic opportunity, and the disproportionate cumulative economic and environmental burdens on communities mean that there is a strong state interest in setting a floor statewide for labor standards, but allowing and encouraging individual agencies and local governments to raise standards.

12. By exercising a global leadership role on greenhouse gas mitigation and climate change adaptation, New York will position its economy, technology centers, financial institutions, and businesses to benefit from national and international efforts to address climate change. New York state has already demonstrated leadership in this area by undertaking efforts such as:

a. executive order no. 24 (2009), establishing a goal to reduce greenhouse gas emissions 80% by the year 2050, creating a climate action council, and calling for preparation of a climate action plan;

b. chapter 433 of the laws of 2009, establishing a state energy planning board and requiring the board to adopt a state energy plan;

c. chapter 388 of the laws of 2011, directing the department of environmental conservation to promulgate rules and regulations limiting emissions of carbon dioxide by newly constructed major generating facilities;

d. the adoption of a state energy plan establishing clean energy goals for the year 2030 aimed at reducing greenhouse gas emission levels by 40% from 1990 levels, producing 50% of electricity from renewable sources, and increasing energy efficiency from 2012 levels by 23%;

e. collaboration with other states on the Regional Greenhouse Gas Initiative, and the development of a regional low carbon fuel standard;

f. creation of new offices and task forces to address climate change, including the New York state office of climate change, the renewable energy task force, and the sea level rise task force; and

g. the enactment of the Community Risk and Resiliency Act (CRRRA), which requires agencies to consider sea level rise and other climate-related events when implementing certain state programs.

This legislation will build upon these past developments by creating a comprehensive regulatory program to reduce greenhouse gas emissions that corresponds with the targets established in executive order no. 24, the state energy plan, and USGCRP and IPCC projections.

32 tradable emission allowances.

33 c. Measures to reduce emissions from the electricity sector by
34 displacing fossil-fuel fired electricity with renewable electricity or
35 energy efficiency.

48 reducing greenhouse gases, and make such evaluation publicly available.
49 In conducting this evaluation, the department shall quantify:

50 i. The economic and social benefits of greenhouse gas emissions
51 reductions, taking into account the federal social cost of carbon, any
52 other tools that the department deems useful and pertinent for this
53 analysis, and any environmental, economic and public health co-benefits
54 (such as the reduction of co-pollutants and the diversification of ener-
55 gy sources); and

1 ii. The costs of implementing proposed emissions reduction measures,
2 and the emissions reductions that the department anticipates achieving
3 through these measures.

4 c. Take into account the relative contribution of each source or
5 source category to statewide greenhouse gas emissions, and the potential
6 for adverse effects on small businesses, and recommend a de minimis
7 threshold of greenhouse gas emissions below which emission reduction
8 requirements will not apply.

9 d. Identify measures to maximize reductions of both greenhouse gas
10 emissions and co-pollutants in disadvantaged communities as identified
11 pursuant to section 75-0113 of this article.

12 5. The department shall update its plan for achieving the statewide
13 greenhouse gas emissions limits at least once every five years and shall
14 make such updates available to the governor, the speaker of the assembly
15 and the temporary president of the senate and post such updates on its
16 website.

17 § 75-0111. Promulgation of regulations to achieve statewide greenhouse
18 gas emissions reductions.

19 1. No later than three years after the effective date of this article,
20 the department, after public workshops and consultation with the coun-
21 cil, the environmental justice advisory group, and the climate justice
22 working group established pursuant to section 75-0113 of this article,
23 representatives of regulated entities, community organizations, environ-
24 mental groups, health professionals, labor unions, municipal corpo-
25 rations, trade associations and other stakeholders, shall, after no less
26 than two public hearings, promulgate rules and regulations to ensure
27 compliance with the statewide emissions reduction limits.

28 2. The regulations promulgated by the department pursuant to this
29 section shall:

30 a. Ensure that the aggregate emissions of greenhouse gases from green-
31 house gas emission sources will not exceed the statewide greenhouse gas
32 emissions limits established in section 75-0107 of this article.

33 b. Include legally enforceable emissions limits, performance stand-
34 ards, or measures or other requirements to control emissions from green-
35 house gas emission sources.

36 c. Include measures to reduce emissions from greenhouse gas emission
37 sources that have a cumulatively significant impact on statewide green-
38 house gas emissions, such as internal combustion vehicles that burn
39 gasoline or diesel fuel and boilers or furnaces that burn oil or natural
40 gas.

41 3. In promulgating these regulations, the department shall:

42 a. Design and implement all regulations in a manner that seeks to be
43 equitable, to minimize costs and to maximize the total benefits to New
44 York, and encourages early action to reduce greenhouse gas emissions.

45 b. Ensure that greenhouse gas emissions reductions achieved are real,
46 permanent, quantifiable, verifiable, and enforceable by the department.

47 c. Ensure that activities undertaken to comply with the regulations do
48 not result in a net increase in co-pollutant emissions or otherwise
49 disproportionately burden disadvantaged communities as identified pursu-
50 ant to section 75-0113 of this article.

51 d. Prioritize measures to maximize net reductions of greenhouse gas
52 emissions and co-pollutants in disadvantaged communities as identified
53 pursuant to section 75-0113 of this article and encourage early action
54 to reduce greenhouse gas emissions and co-pollutants.

55 e. Minimize leakage.

56 4. Market-based compliance mechanisms.

1 a. The department may consider provisions for the use of market-based
2 compliance mechanisms to comply with the regulations.

3 b. Prior to the inclusion of any market-based compliance mechanism in
4 the regulations, to the extent feasible and in the furtherance of
5 achieving the statewide greenhouse gas emissions limit, the department
6 shall do all of the following:

7 i. Consider the potential for direct, indirect, and cumulative emis-
8 sion impacts from these mechanisms, including localized impacts in
9 disadvantaged communities as identified pursuant to section 75-0113 of
10 this article;

14 benefits for the state of New York and for disadvantaged communities
15 identified pursuant to section 75-0113 of this article, as appropriate.

16 c. Such regulations shall include provisions governing how market-
17 based compliance mechanisms may be used by regulated entities subject to
18 greenhouse gas emissions limits and mandatory emission reporting
19 requirements to achieve compliance with their greenhouse gas emissions
20 limits.

21 d. The department shall ensure that, at a minimum, forty percent of
22 any funds collected pursuant to any market-based compliance regulations
23 promulgated under this section as a result of legislative authorization,
24 funds authorized by the public service commission to be collected solely
25 for and directed to the New York state energy research and development
26 authority and proceeds collected by the New York state energy research
27 and development authority from the auction or sale of carbon dioxide
28 emission allowances allocated by the department are invested in a manner
29 which will benefit disadvantaged communities, identified pursuant to
30 section 75-0113 of this article, consistent with the purposes of this
31 article, including, but not limited to, increased access to renewable
32 energy, energy efficiency, weatherization, zero- and low-emission trans-
33 portation, and adaptation opportunities. The department shall consult
34 with the climate justice working group in developing and carrying out
35 such investments.

36 § 75-0113. Climate justice working group.

37 1. There is hereby created within the department, no later than six
38 months after the effective date of this article, a "climate justice
39 working group". Such working group will be comprised of representatives

53 opment authority, and the environmental justice advisory group, will
54 establish criteria to identify disadvantaged communities for the
55 purposes of co-pollutant reductions, greenhouse gas emissions

1 reductions, regulatory impact statements, and the allocation of invest-
2 ments related to this article.

3 c. Disadvantaged communities shall be identified based on geographic,
4 public health, environmental hazard, and socioeconomic criteria, which
5 shall include but are not limited to:

7 hazards that can lead to negative public health effects;

8 (ii) areas with concentrations of people that are of low income, high
9 unemployment, high rent burden, low levels of home ownership, low levels
10 of educational attainment, or members of groups that have historically
11 experienced discrimination on the basis of race or ethnicity; and

12 (iii) areas vulnerable to the impacts of climate change such as flood-
13 ing, storm surges, and urban heat island effects.

14 2. Before finalizing the criteria for identifying disadvantaged commu-
15 nities and identifying disadvantaged communities pursuant to subdivision

17 draft list of disadvantaged communities and make such information avail-
18 able on its website.

19 a. The department shall hold at least six regional public hearings on
20 the draft criteria and the draft list of disadvantaged communities,
21 including three meetings in the upstate region and three meetings in the
22 downstate region, and shall allow at least one hundred twenty days for
23 the submission of public comment.

24 b. The department shall also ensure that there are meaningful opportu-
25 nities for public comment for all persons who will be impacted by the
26 criteria, including persons living in areas that may be identified as
27 disadvantaged communities under the proposed criteria.

28 3. The group will meet no less than annually to review the criteria
29 and methods used to identify disadvantaged communities and may modify
30 such methods to incorporate new data and scientific findings. The
31 climate justice working group shall review identities of disadvantaged
32 communities and modify such identities as needed.

33 § 75-0115. Implementation reporting.

2 co-pollutants related to reductions in statewide and local greenhouse
3 gas emissions.

9 emissions prior to the implementation of this article receive appropri-
10 ate credit for early voluntary reductions.

11 j. Recommendations for future regulatory and policy action.

12 3. In preparing this report, the department shall, at a minimum,
13 consult with the council, and the climate justice working group estab-
14 lished in section 75-0113 of this article.

15 4. The report shall be published and posted on the department's
16 website.

17 § 3. Subdivision 1 of section 54-1523 of the environmental conserva-
18 tion law is amended by adding a new paragraph h to read as follows:

19 h. to establish and implement easily-replicated renewable energy
20 projects, including solar arrays, heat pumps and wind turbines in public
21 low-income housing in suburban, urban and rural areas.

22 § 4. The public service law is amended by adding a new section 66-p to
23 read as follows:

24 § 66-p. Establishment of a renewable energy program. 1. As used in
25 this section:

26 (a) "load serving entity" means any entity that secures energy to
27 serve the electrical energy requirements of end-use customers in New
28 York state;

29 (b) "prevailing rate of wages" shall have the same meaning as such
30 term is defined in paragraph a of subdivision five of section two
31 hundred twenty of the labor law; and

32 (c) "renewable energy systems" means systems that generate electricity
33 or thermal energy through use of the following technologies: solar ther-
34 mal, photovoltaics, wind, hydroelectric, geothermal electric, geothermal
35 ground source heat, tidal energy, wave energy, ocean thermal, offshore
36 wind and fuel cells which do not utilize a fossil fuel resource in the
37 process of generating electricity.

38 2. No later than January first, two thousand nineteen, the commission
39 shall establish a program to require that a minimum of fifty percent of
40 the statewide electric generation secured by load serving entities to
41 meet the electrical energy requirements of all end-use customers in New
42 York state in two thousand thirty shall be generated by renewable energy
43 systems.

44 The commission shall set annual minimum percentage levels of electric-
45 ity generated by renewable energy systems and delivered to end-use
46 customers in New York state for each year of the program.

47 3. No later than July first, two thousand twenty and every two years
48 thereafter, the commission shall, after notice and provision for the
49 opportunity to comment, issue a comprehensive review of the program
50 established pursuant to this section. The commission shall determine,
51 among other matters: (a) progress in meeting the overall annual targets
52 for deployment of renewable energy systems; (b) distribution of systems
53 by size and load zone; and (c) annual funding commitments and expendi-
54 tures. The commission shall evaluate the annual targets established
55 pursuant to subdivision two of this section and determine whether the
56 annual targets should be accelerated, increased or extended, taking into

1 consideration load modifications associated with, but not limited to,
2 energy efficiency measures and the electrification of transportation,
3 heating systems and industrial processes.

4 4. The commission may temporarily suspend or modify the obligations
5 under such program provided that the commission, after conducting a
6 hearing as provided in section twenty of this chapter, makes a finding
7 that the program impedes the provision of safe and adequate electric
8 service or that there is a significant increase in arrears or service
9 disconnections that the commission determines is related to the program.

10 5. Every contractor employed pursuant to this section, not otherwise
11 required to pay laborers, workers or mechanics the prevailing rate of
12 wages pursuant to article eight of the labor law, shall pay employees
13 under contract for the development of renewable energy systems rated at
14 two hundred fifty kilowatts or more, a wage of not less than the

13 leave and the rates of pay, benefits, and paid leave actually received
14 by them, and including attorney's fees.

15 c. i. Where a recipient of financial assistance contracts building

3. The department of environmental conservation shall amend the scoping plan for statewide greenhouse gas emissions reductions in accordance with the recommendations included in the report.

§ 9. Climate change actions by state agencies. 1. All state agencies shall assess and implement strategies to reduce their greenhouse gas emissions.

2. In considering and issuing permits, licenses, and other administrative approvals and decisions, including but not limited to the execution of grants, loans, and contracts, all state agencies, offices, authorities, and divisions shall consider whether such decisions are inconsistent with or will interfere with the attainment of the statewide greenhouse gas emissions limits established in article 75 of the environmental conservation law. Where such decisions are deemed to be inconsistent with or will interfere with the attainment of the statewide greenhouse gas emissions limits, each agency, office, authority, or division shall provide a detailed statement of justification as to why such limits/criteria may not be met, and identify alternatives or greenhouse gas mitigation measures to be required where such project is located.

15 achieving the statewide greenhouse gas emissions limits established in
16 article 75 of the environmental conservation law. Provided, however, any
17 such regulations shall not limit the department of environmental conser-
18 vation's authority to regulate and control greenhouse gas emissions
19 pursuant to article 75 of the environmental conservation law.

20 § 11. Chapter 355 of the laws of 2014, constituting the "community

34 (c) measures that could mitigate significant climate-related risks, as
35 well as a cost-benefit analysis and implementation of such measures.

36 § 17-b. Major permits for the regulatory programs of subdivision three
37 of section 70-0107 of the environmental conservation law shall require
38 applicants to demonstrate that future physical climate risk has been
39 considered. In reviewing such information the department may require the
40 applicant to mitigate significant risks to public infrastructure and/or
41 services, private property not owned by the applicant, adverse impacts
42 on disadvantaged communities, and/or natural resources in the vicinity
43 of the project.

44 § 12. Nothing in this act shall limit the existing authority of a
45 state entity to adopt and implement greenhouse gas emissions reduction
46 measures.

47 § 13. Nothing in this act shall relieve any person, entity, or public
48 agency of compliance with other applicable federal, state, or local laws
49 or regulations, including state air and water quality requirements, and

51 § 14. Review under this act may be had in a proceeding under article

23 directed the secretary of state to mail copies of process served upon
24 the secretary of state to the corporation at its last known office
25 address within or without the state. When a certificate of designation
26 has been filed by such corporation the secretary of state shall mail

(9) Property clerk storage and operations facility for the police department of the city of New York in Queens county,

(10) Kensico-Eastview connection water tunnel from the Kensico Reservoir to the Catskill Delaware Ultraviolet Facility at Eastview in Westchester county, or

(11) Hillview Central Distribution Facility at Hillview Reservoir in Westchester county.

§ 3. Any contract for a public work undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law may be a design-build contract in accordance with this act.

§ 4. Notwithstanding any general, special or local law, rule or regulation to the contrary, including but not limited to article 5-A of the general municipal law, section 8 of the New York city health and hospitals corporation act, and in conformity with the requirements of this act, for any public work that has an estimated total cost of not less than ten million dollars and is undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law, an authorized entity charged with awarding a contract for public work may use the alternative delivery method referred to as design-build contracts.

1 (a) A contractor selected by such authorized entity to enter into a
2 design-build contract shall be selected through a two-step method, as
3 follows:

4 (1) Step one. Generation of a list of responding entities that have
5 demonstrated the general capability to perform the design-build
6 contract. Such list shall consist of a specified number of responding
7 entities, as determined by an authorized entity, and shall be generated
8 based upon the authorized entity's review of responses to a publicly
9 advertised request for qualifications. The authorized entity's request
10 for qualifications shall include a general description of the public
11 work, the maximum number of responding entities to be included on the
12 list, the selection criteria to be used and the relative weight of each
13 criteria in generating the list. Such selection criteria shall include
14 the qualifications and experience of the design and construction team,
15 organization, demonstrated responsibility, ability of the team or of a
16 member or members of the team to comply with applicable requirements,
17 including the provisions of articles 145, 147, and 148 of the education
18 law, past record of compliance with the labor law, and such other quali-
19 fications the authorized entity deems appropriate, which may include but
20 are not limited to project understanding, financial capability and
21 record of past performance. The authorized entity shall evaluate and
22 rate all responding entities to the request for qualifications. Based
23 upon such ratings, the authorized entity shall list the responding enti-
24 ties that shall receive a request for proposals in accordance with para-
25 graph two of this subdivision. To the extent consistent with applicable
26 federal law, the authorized entity shall consider, when awarding any
27 contract pursuant to this section, the participation of (i) responding
28 entities that are certified as minority- or women-owned business enter-
29 prises as defined in subdivisions 1, 7, 15 and 20 of section 310 of the
30 executive law, or certified pursuant to local law as minority- or
31 women-owned business enterprises; and (ii) small business concerns iden-
32 tified pursuant to subdivision (b) of section 139-g of the state finance
33 law.

34 (2) Step two. Selection of the proposal which is the best value to the
35 authorized entity. The authorized entity shall issue a request for
36 proposals to the responding entities listed pursuant to paragraph one of
37 this subdivision. If such responding entity consists of a team of sepa-
38 rate entities, the entities that compromise such a team must remain
39 unchanged from the responding entity as listed pursuant to paragraph one
40 of this subdivision unless otherwise approved by the authorized entity.
41 The request for proposals shall set forth the public work's scope of
42 work, and other requirements, as determined by the authorized entity,
43 which may include separate goals for work under the contract to be
44 performed by businesses certified as minority- or women-owned business
45 enterprises as defined in subdivisions 1, 7, 15 and 20 of section 310 of
46 the executive law, or certified pursuant to local law as minority- or
47 women-owned business enterprises. The request for proposals shall also
48 specify the criteria to be used to evaluate the responses and the rela-
49 tive weight of each of such criteria. Such criteria shall include the
50 proposal's cost, the quality of the proposal's solution, the qualifica-
51 tions and experience of the proposer, and other factors deemed pertinent
52 by the authorized entity, which may include, but shall not be limited
53 to, the proposal's manner and schedule of project implementation, the
54 proposer's ability to complete the work in a timely and satisfactory
55 manner, maintenance costs of the completed public work, maintenance of
56 traffic approach, and community impact. Any contract awarded pursuant to

1 this act shall be awarded to a responsive and responsible proposer,
2 which, in consideration of these and other specified criteria deemed
3 pertinent, offers the best value, as determined by the authorized enti-
4 ty. The request for proposals shall include a statement that proposers
5 shall designate in writing those portions of the proposal that contain
6 trade secrets or other proprietary information that are to remain confi-
7 dential; that the material designated as confidential shall be readily
8 separable from the proposal. Nothing in this subdivision shall be
9 construed to prohibit the authorized entity from negotiating final
10 contract terms and conditions including cost. All proposals submitted
11 shall be scored according to the criteria listed in the request for
12 proposals and such final scores shall be published on the authorized
13 entity's website.

14 (b) An authorized entity awarding a design-build contract to a
15 contractor offering the best value may but shall not be required to use
16 the following types of contracts:

17 (1) A cost-plus not to exceed guaranteed maximum price form of
18 contract in which the authorized entity shall be entitled to monitor and
19 audit all costs. In establishing the schedule and process for determin-
20 ing a guaranteed maximum price, the contract between the authorized
21 entity and the contractor shall:

22 (i) Describe the scope of the work and the cost of performing such
23 work,

24 (ii) Include a detailed line item cost breakdown,

25 (iii) Include a list of all drawings, specifications and other infor-
26 mation on which the guaranteed maximum price is based,

27 (iv) Include the dates of substantial and final completion on which
28 the guaranteed maximum price is based, and

29 (v) Include a schedule of unit prices; or

30 (2) A lump sum contract in which the contractor agrees to accept a set
31 dollar amount for a contract which comprises a single bid without
32 providing a cost breakdown for all costs such as for equipment, labor,
33 materials, as well as such contractor's profit for completing all items
34 of work comprising the public work.

35 § 5. Any contract entered into pursuant to this act shall include a
36 clause requiring that any professional services regulated by articles
37 145, 147 and 148 of the education law shall be performed and stamped and
38 sealed, where appropriate, by a professional licensed in accordance with
39 such articles.

40 § 6. Construction with respect to each contract entered into by an
41 authorized entity pursuant to this act shall be deemed a "public work"
42 to be performed in accordance with the provisions of article 8 of the
43 labor law, as well as subject to sections 200, 240, 241 and 242 of such
44 law and enforcement of prevailing wage requirements pursuant to applica-
45 ble law or, for projects or public works receiving federal aid, applica-
46 ble federal requirements for prevailing wage. Any contract entered into
47 pursuant to this act shall include a clause requiring the selected
48 design builder to obligate every tier of contractor working on the
49 project to comply with the project labor agreement referenced in section
50 three of this act, and shall include project labor agreement compliance
51 monitoring and enforcement provisions consistent with the applicable
52 project labor agreement.

53 § 7. Each contract entered into by an authorized entity pursuant to
54 this act shall comply with the objectives and goals with regard to
55 minority- and women-owned business enterprises pursuant to, as applica-
56 ble, section 6-129 of the administrative code of the city of New York,

1 subdivision 6 of section 8 of the New York city health and hospitals
2 corporation act, or, for projects or public works receiving federal aid,
3 applicable federal requirements for disadvantaged business enterprises
4 or minority- and women-owned business enterprises.

5 § 8. Public works undertaken by an authorized entity pursuant to this
6 act shall be subject to the requirements of article 8 of the environ-
7 mental conservation law, and, where applicable, the requirements of the
8 national environmental policy act.

9 § 9. (a) Notwithstanding any provision of law to the contrary, all
10 rights or benefits, including terms and conditions of employment, and
11 protection of civil service and collective bargaining status of all
12 existing employees of authorized entities solely in connection with the
13 public works identified in subdivision (f) of section two of this act,
14 shall be preserved and protected.

15 (b) Nothing in this act shall result in the: (1) displacement of any
16 currently employed worker or loss of position (including partial
17 displacement such as a reduction in the hours of non-overtime work,
18 wages or employment benefits), or result in the impairment of existing
19 collective bargaining agreements; and (2) transfer of existing duties
20 and functions related to maintenance and operations currently performed
21 by existing employees of authorized entities to a contractor.

22 (c) Employees of authorized entities using design-build contracts
23 serving in positions in newly created titles shall be assigned to the
24 appropriate bargaining unit. Nothing contained in this act shall be
25 construed to affect (1) the existing rights of employees of such enti-
26 ties pursuant to an existing collective bargaining agreement, (2) the
27 existing representational relationships among employee organizations
28 representing employees of such entities or (3) the bargaining relation-
29 ships between such entities and such employee organizations.

30 § 10. The submission of a proposal or responses or the execution of a
31 design-build contract pursuant to this act shall not be construed to be
32 a violation of section 6512 of the education law.

33 § 11. Nothing contained in this act shall limit the right or obli-
34 gation of any authorized entity to comply with the provisions of any
35 existing contract or to award contracts as otherwise provided by law.

36 § 12. This act shall take effect immediately and shall expire and be
37 deemed repealed 4 years after such date, provided that, public works
38 with requests for proposals issued prior to such repeal shall be permit-
39 ted to continue under this act notwithstanding such repeal.

40 PART UU

41 Section 1. This Part enacts into law major components of legislation
42 which are necessary to promote and protect the health and safety of New
43 York residents relating to public housing. Each component is wholly
44 contained within a Part identified as Subparts A through B. The effec-
45 tive date for each particular provision contained within such Subpart is
46 set forth in the last section of such Subpart. Any provision in any
47 section contained within a Subpart, including the effective date of the
48 Subpart, which makes reference to a section "of this act", when used in
49 connection with that particular component, shall be deemed to mean and
50 refer to the corresponding section of the Subpart in which it is found.
51 Section three of this act sets forth the general effective date of this
52 act.

46 tion as the collective bargaining representative for all persons who
47 will perform work on the project, and which provides that only contrac-
48 tors and subcontractors who sign a pre-negotiated agreement with the
49 labor organization can perform project work.

50 § 3. Notwithstanding section 151 of the public housing law, or the
51 provisions of any other law to the contrary, in conformity with the
52 requirements of this act, and only when a project labor agreement is
53 performed, the authorized authority may utilize the alternative delivery
54 method referred to as a design-build contract for the project provided
55 that each such project shall not be less than one million two hundred
56 thousand dollars (\$1,200,000). The authorized authority shall ensure

1 that its procurement record reflects the design-build contract process
2 authorized by this act.

3 § 4. An entity selected by the authorized authority to enter into a
4 design-build contract for the project shall be selected through a two-
5 step method, as follows:

6 1. Step one. Generation of a list of entities that have demonstrated
7 the general capability to perform a design-build contract for the
8 project. Such list shall consist of a specified number of entities, as
9 determined by the authorized authority, and shall be generated based
10 upon the authorized authority's review of responses to a publicly adver-
11 tised request for qualifications for the project. The authorized author-
12 ity's request for qualifications for the project shall include a general
13 description of the project, the maximum number of entities to be
14 included on the list, and the selection criteria to be used in generat-
15 ing the list. Such selection criteria shall include the qualifications
16 and experience of the design and construction team, organization, demon-
17 strated responsibility, ability of the team or of a member or members of
18 the team to comply with applicable requirements, including the
19 provisions of articles 145, 147 and 148 of the education law, past
20 record of compliance with the labor law including prevailing wage
21 requirements under state and federal law; the past record of compliance
22 with existing labor standards and maintaining harmonious labor
23 relations; the record of protecting the health and safety of workers on
24 public works projects and job sites as demonstrated by the experience
25 modification rate for each of the last three years; the prospective
26 bidder's ability to undertake the particular type and complexity of
27 work; the financial capability, responsibility and reliability of the
28 prospective bidder for such type and complexity of work; the prospective
29 bidder's compliance with equal employment opportunity requirements and
30 anti-discrimination laws, and demonstrated commitment to working with
31 minority and women-owned businesses through joint ventures or subcon-
32 tractor relationships; whether or not the prospective bidder or a
33 substantially owned-affiliated entity as defined by paragraph g of
34 subdivision 5 of section 220 of the labor law, is listed by the federal
35 government as excluded from receiving federal contracts and certain
36 subcontracts, assistance, or benefits pursuant to 48 C.F.R. subpart 9-4;
37 and such other qualifications the authorized authority deems appropriate
38 which may include but are not limited to project understanding, finan-
39 cial capability and record of past performance. The authorized authority
40 shall evaluate and rate all entities responding to the request for qual-
41 ifications. Based upon such ratings, the authorized authority shall list
42 the entities that shall receive a request for proposals in accordance
43 with subdivision two of this section. To the extent consistent with
44 applicable federal law, the authorized authority shall consider, when
45 awarding any contract pursuant to this section, the participation of:
46 (a) firms certified pursuant to article 15-A of the executive law as
47 minority or women-owned businesses or certified pursuant to local law as
48 minority or women-owned business enterprises and the ability of other
49 businesses under consideration to work with minority and women-owned
50 businesses so as to promote and assist participation by such businesses;
51 and (b) small business concerns identified pursuant to subdivision (b)
52 of section 139-g of the state finance law.

53 2. Step two. Selection of the proposal which is the best value to the
54 authorized authority. The authorized authority shall issue a request
55 for proposals for the project to the entities listed pursuant to subdivi-
56 sion one of this section. If such an entity consists of a team of

1 separate entities, the entities that comprise such a team must remain
2 unchanged from the entity as listed pursuant to subdivision one of this
3 section unless otherwise approved by the authorized authority. The
4 request for proposals for the project shall set forth the project's
5 scope of work, and other requirements, as determined by the authorized
6 authority, which may include separate goals for work under the contract
7 to be performed by businesses certified as minority or women-owned busi-
8 ness enterprises as defined in article 15-A of the executive law, or
9 certified pursuant to local law as minority or women-owned business
10 enterprises. The request for proposals shall specify the criteria to be
11 used to evaluate the responses and the relative weight of each such
12 criteria. Such criteria shall include the proposal's cost, the quality
13 of the proposal's solution, the qualifications and experience of the
14 design-build entity, and other factors deemed pertinent by the author-
15 ized authority, which may include, but shall not be limited to, the
16 proposal's project implementation, ability to complete the work in a
17 timely and satisfactory manner, maintenance costs of the completed
18 project, maintenance of traffic approach, and community impact. Any
19 contract awarded pursuant to this act shall be awarded to a responsive
20 and responsible entity that submits the proposal, which, in consider-
21 ation of these and other specified criteria deemed pertinent to the
22 project, offers the best value to the authorized authority, as deter-
23 mined by the authorized authority. Nothing in this act shall be
24 construed to prohibit the authorized authority from negotiating final
25 contract terms and conditions including cost.

26 3. Notwithstanding the foregoing provisions of this section, when any
27 person or entity is listed by the federal government as excluded from
28 receiving federal contracts and certain subcontracts, assistance or
29 benefits, pursuant to 48 C.F.R. subpart 9-4, such person or entity, and
30 any substantially owned-affiliated entity as defined by paragraph g of
31 subdivision 5 of section 220 of the labor law, shall be ineligible to
32 submit a bid on or be awarded any contract authorized by this act during
33 such period of exclusion. The department of labor shall notify the
34 person or entity immediately of such ineligibility and such person or
35 entity must be afforded the opportunity to be heard by the department of
36 labor. A substantially owned-affiliated entity shall be afforded an
37 opportunity to be heard consistent with the provisions of subparagraph 3
38 of paragraph b of subdivision 3 of section 220-b of the labor law.

39 § 5. Any contract entered into pursuant to this act shall include a
40 clause requiring that any professional services regulated by articles
41 145, 147 and 148 of the education law shall be performed and stamped and
42 sealed, where appropriate, by a professional licensed in accordance with
43 such articles.

44 § 6. The installation, construction, demolition, reconstruction, exca-
45 vation, rehabilitation, repair, and renovation of the project undertaken
46 by the authorized authority pursuant to this act shall be deemed a
47 "public work" to be performed in accordance with the provisions of arti-
48 cle 8 of the labor law, as well as subject to sections 200, 240, 241 and
49 242 of the labor law and enforcement of prevailing wage requirements by
50 the New York state department of labor and, if the project receives
51 federal aid, applicable federal requirements for prevailing wage.

52 § 7. A project labor agreement shall be included in the request for
53 proposals for the project, provided that, based upon a study done by or
54 for the authorized authority, the authorized authority determines that
55 its interest in obtaining the best work at the lowest possible price,
56 preventing favoritism, fraud and corruption, and other considerations

1 such as the impact of delay, the possibility of cost savings advantages,
2 and any local history of labor unrest, are best met by requiring a
3 project labor agreement. The authorized authority shall conduct such a
4 study and the project labor agreement shall be performed consistent with
5 the provisions of section 222 of the labor law. If a project labor
6 agreement is not performed on the project (1) the authorized authority
7 shall not utilize a design-build contract for the project; and (2)
8 sections 151 and 151-a of the public housing law shall apply to the
9 project.

10 § 8. Each contract entered into by the authorized authority pursuant
11 to this act shall comply, whenever practical, with the objectives and
12 goals of minority and women-owned business enterprises pursuant to arti-
13 cle 15-A of the executive law or, if the project receives federal aid,
14 shall comply with applicable federal requirements for disadvantaged
15 business enterprises.

16 § 9. The project undertaken by the authorized authority pursuant to
17 this act shall be subject to the requirements of article 8 of the envi-
18 ronmental conservation law, and, where applicable, the requirements of
19 the national environmental policy act.

20 § 10. (a) Notwithstanding any provision of law to the contrary, all
21 rights and benefits, including terms and conditions of employment, and
22 protection of civil service and collective bargaining status of all
23 employees of the authorized authority in connection with the project
24 shall be preserved and protected.

25 (b) Nothing in this act shall result in the: (1) displacement of any
26 currently employed worker or loss of position (including partial
27 displacement such as a reduction in the hours of non-overtime work,
28 wages or employment benefits), or result in the impairment of existing
29 collective bargaining agreements; and (2) transfer of existing duties
30 and functions related to maintenance and operations currently performed
31 by existing employees of the authorized authority to a contractor.

32 (c) Employees of the authorized authority that perform work in
33 connection with the project serving in positions in newly created titles
34 shall be assigned to the appropriate bargaining unit.

35 (d) Nothing contained in this act shall be construed to affect: (1)
36 the existing rights and benefits of employees of the authorized authori-
37 ty pursuant to an existing collective bargaining agreement and the civil
38 service law, including terms and conditions of employment; (2) the
39 existing representational relationships among employee organizations
40 representing employees of the authorized authority; or (3) the bargain-
41 ing relationships between the authorized authority and such employee
42 organizations.

43 § 11. If otherwise applicable, the project undertaken by the author-
44 ized authority pursuant to this act shall be governed by the public
45 housing law.

46 § 12. The submission of a proposal or responses or the execution of a
47 design-build contract pursuant to this act shall not be construed to be
48 a violation of section 6512 of the education law.

49 § 13. Nothing contained in this act shall limit the right or obli-
50 gation of the authorized authority to comply with the provisions of any
51 existing contract, including any existing contract with or for the bene-
52 fit of the holders of the obligations of the authorized authority, or to
53 award contracts as otherwise provided by law.

54 § 14. This act shall take effect immediately and shall expire and be
55 deemed repealed 4 years after such date, provided that, if the New York
56 city housing authority has issued requests for qualifications for the

project prior to such repeal, such project shall be permitted to continue under this act notwithstanding such repeal.
