AN ACT to amend the public authorities law and the vehicle and traffic law, in relation to mitigating the closure of the L subway line in the city of New York; and to amend the public authorities law, the vehicle and traffic law and the public officers law, in relation to establishing a temporary high-occupancy vehicle program on the Williamsburg bridge by means of mobile or stationary photo devices; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The L subway line is of vital impor-
2 tance to commuters, the local community, and businesses within the
3 service area of the line. Hundreds of thousands of New Yorkers ride the
4 line on a daily basis, and such ridership volume is essential to the
5 economic vitality of nearby businesses. Officials from the metropolitan
6 transportation authority (MTA) have indicated that portions of the L
7 subway line will be temporarily closed for repair work beginning in
8 April of 2019. The closure is anticipated to last fifteen months and
9 affect all L subway line stations west of the Bedford Avenue Station.
10 The temporary closure of the L subway line will cause individual and
11 economic hardships for those who rely on the line for transportation and
12 economic opportunities. Currently, there is no statutory requirement
13 that would mandate the MTA to develop a plan to address the impacts of
14 such a closure, allow for public feedback, and provide the plan to the
15 community. It is the intent of the legislature that there be a legal
16 requirement for the MTA to consider and address all of the impacts of

1 such a significant closure and provide a plan to the public in a timely
2 manner. Such plan shall require the MTA to address timelines involved
3 with the proposed closure, transportation alternatives to accommodate
4 diverted riders, transportation facility improvements and expansion, the
5 authority to utilize bus lane cameras to facilitate alternative forms of
6 transportation, and provide for public input throughout the planning
7 process and the L subway line closure. Public notice and involvement
8 throughout the process is essential so that everyday riders are able to
9 adjust their commuting habits and businesses are able to adapt to such a
10 change as a result of the closure. The legislature hereby finds and
11 declares that the L subway line closure and its impacts are a signif-
12 icant concern. The legislature further finds and declares that the MTA
13 shall be required to have a plan, prior to the L subway line closure,
14 that would mitigate the effects of, and accommodate those affected by,
15 the closure. Finally, the legislature finds and declares that such plan
16 shall provide for public input and be provided to the community.

17 § 2. The public authorities law is amended by adding a new section
18 1279-e to read as follows:

19 § 1279-e. L subway line closure mitigation plan. 1. The authority, in

27 and shall contain a warning to advise the person so pleading or contest-
28 ing that failure to appear on the date designated, or on any subsequent
29 adjourned date, shall be deemed an admission of liability, and that a
30 default judgment may be entered thereon.

31 1-c. Fines and penalties. Whenever a plea of not guilty has been
32 entered, or the bureau has been notified that an allegation of liability
33 in accordance with section eleven hundred ten-a of this chapter is being
34 contested, by a person in a timely fashion and a hearing on the merits

47 d. The hearing examiner shall at the request of the person charged on
48 a showing of good cause and need therefor, or in his or her own
49 discretion, issue a subpoena to compel the appearance at a hearing of
50 the officer who served the notice of violation or of other persons to
51 give testimony, and may issue a subpoena duces tecum to compel the
52 production for examination or introduction into evidence, of any book,

25 deemed, for all purposes, an admission of liability and shall be grounds
26 for rendering and entering a default judgment in an amount provided by
27 the rules and regulations of the bureau. However, after the expiration
28 of the original date prescribed for contesting an allegation of liabil-
29 ity and before a default judgment may be rendered, in such case the

49 hearing, no fine or penalty shall be imposed for any reason prior to the
50 holding of the hearing. If the hearing examiner shall make a determi-
51 nation on the charges, sustaining them, he or she shall impose no great-

53 charged.

54 § 12. Subdivision 5-a of section 401 of the vehicle and traffic law is
55 amended by adding a new paragraph a-1 to read as follows:

Where an application is denied pursuant to this section, the commissioner may, in his or her discretion, deny a registration or renewal application to any other person for the same vehicle and may deny a registration or renewal application for any other motor vehicle registered in the name of the applicant where the commissioner has determined that such registrant's intent has been to evade the purposes of this subdivision and where the commissioner has reasonable grounds to believe that such registration or renewal will have the effect of defeating the purposes of this subdivision. Such denial shall only remain in effect as long as the summonses remain unanswered, or in the case of an administrative tribunal, the registrant fails to comply with the rules and regulations following entry of a final decision.

§ 13. Section 1110 of the vehicle and traffic law is amended by adding a new subdivision (f) to read as follows:

§ 1110-a. Owner liability for failure of operator to comply with temporary high-occupancy vehicle program restrictions. (a) 1. Notwithstanding any other provision of law, the city of New York in consultation with the metropolitan transportation authority is hereby authorized and empowered to establish a temporary high-occupancy vehicle (HOV) program on the Williamsburg bridge imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with HOV restrictions on such bridge in such city in accordance with the provisions of this section. The New York city department of transportation, for purposes of the implementation of such program, shall operate HOV photo devices only within designated HOV areas on the Williamsburg bridge in such city. Such HOV photo devices may be stationary or mobile and shall be activated at locations determined by such department of transportation.

2. Any image or images captured or produced by an HOV photo device shall not be used for any purpose other than as specified in this section in the absence of a court order requiring such image to be produced.

3. The city of New York shall adopt and enforce measures to protect the privacy of drivers, passengers, pedestrians and cyclists whose identity and identifying information may be captured by an HOV photo device, provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because an image produced by an HOV photo device allows for the identification of the driver, the passengers, or the contents of a vehicle, provided that the city has made a reasonable effort to comply with the provisions of this paragraph. Such protective measures shall include:

(i) the utilization of necessary technologies to ensure that images produced by such HOV photo devices shall not include images that identify the driver, the passengers, or the contents of the vehicle;

(iii) the installation of signage in advance of entry points to designated HOV areas stating that HOV photo devices are used to enforce HOV restrictions; and

(iv) oversight procedures to ensure compliance with the aforementioned privacy protection measures.

4. Within the city of New York, such HOV photo devices used in accordance with the temporary HOV program shall only be operated within designated HOV areas on the Williamsburg bridge during periods to be determined by the New York city department of transportation in consultation with the metropolitan transportation authority in order to facilitate traffic management. Determination of such periods shall be made based on factors that include, but are not limited to, empirical traffic analyses conducted by such department, input from the public, and guidance from appropriate government entities regarding mitigation strategies.

(b) If the city of New York has established a temporary HOV program pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of any HOV restrictions that apply, and such violation is evidenced by information obtained from an HOV photo device; provided, however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of any HOV restrictions.

(c) For purposes of this section, the following terms shall have the following meanings:

1. "Owner" shall have the meaning provided in article two-B of this chapter.

2. "High-occupancy vehicle" or "HOV" shall mean vehicles with a high number of occupants as determined in rules promulgated by the New York city department of transportation.

2 registered as a commercial vehicle pursuant to part one hundred six of
3 title fifteen of the New York codes, rules and regulations; (iii) an
4 authorized emergency vehicle; (iv) an access-a-ride vehicle as defined
5 in chapter five of title thirty-four of the rules of the city of New
6 York; or (v) a bus.

7 5. "Temporary HOV program" shall mean a temporary program that oper-
8 ates exclusively within designated HOV areas on the Williamsburg bridge
9 during periods of high-traffic volume to be determined by the New York
10 city department of transportation. Determination of such periods shall
11 be made based on factors that include, but are not limited to, empirical
12 traffic analyses conducted by such department, input from the public,
13 and guidance from appropriate government entities regarding mitigation
14 strategies.

15 (d) A certificate, sworn to or affirmed by a technician employed by
16 the city of New York, or a facsimile thereof, based upon inspection of
17 photographs, microphotographs, videotape or other recorded images
18 produced by an HOV photo device, shall be prima facie evidence of the
19 facts contained therein. Any photographs, microphotographs, videotape or
20 other recorded images evidencing such a violation shall be available for
21 inspection in any proceeding to adjudicate the liability for such
22 violation pursuant to this section.

23 (e) An owner liable for a violation of subdivision (f) of section
24 eleven hundred ten of this article shall be liable for monetary penal-
