

STATE OF NEW YORK

1092

2017-2018 Regular Sessions

IN SENATE

January 6, 2017

Introduced by Sens. RIVERA, PERKINS -- read twice and ordered printed,
and when printed to be committed to the Committee on Higher Education

AN ACT to require the conducting of a study by the board of regents of
feasible alternative methods of funding a college education at public
four-year institutions of higher learning in New York state

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. The legislature recognizes that post-secondary education
2 has expanded opportunities for New Yorkers to qualify for high-quality
3 jobs and entry into the middle class, providing clear benefits to this
4 state's economy.

5 Regrettably, public investment in higher education in this state has
6 decreased over the past decade, resulting in substantial increases in
7 annual tuition, fees and room and board imposed by public four-year and
8 two-year institutions of higher education in the state. These increases
9 have out-paced increases in the average family income in the state,
10 forcing students to incur larger amounts of debt in order to afford to
11 attend college. The average student loan debt of students graduating
12 from public four-year institutions of higher education in New York now
13 exceeds \$25,000.

14 Such high levels of student debt are damaging not only to the individ-
15 ual student's ability to succeed financially but also will have grave
16 consequences for the future economy of this state.

17 The legislature finds that it must halt the decrease in the state's
18 support for public education and, over time, must increase its contrib-
19 ution to the funding of higher education. It also finds that the state
20 must immediately seek another approach to financing the students' share
21 of the cost of public higher education in this state that will not
22 result in students graduating from New York's public colleges and
23 universities burdened with debt.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD01101-01-7

1 § 2. The board of regents shall consider the creation of a proposed
2 pilot program called "Pay Forward, Pay Back".

3 (a) The pilot program would:

4 (i) Replace the current system of charging students tuition and fees
5 for enrollment at public institutions of higher education; and

6 (ii) Identify one or more public institutions of higher education to
7 participate in the pilot program.

8 (b) If the board of regents determines that a pilot program is
9 warranted, the commission shall submit a proposed pilot program to the
10 2018 regular session of the legislature for approval.

11 (c) The proposed pilot program shall:

12 (i) Allow students who are residents of this state, as defined by the
13 institution, and who qualify for admission to the institution to enroll
14 in the institution without paying tuition or fees;

15 (ii) Provide that, in lieu of paying tuition or fees, students must
16 sign binding contracts to pay to the state of New York or the institu-
17 tion a certain percentage of the student's annual adjusted gross income
18 upon graduation from the institution for a specified number of years;

19 (iii) Specify the number of years and the percentage of annual
20 adjusted gross income for contracts at each participating institution
21 and base the specifications on research to date; and

22 (iv) Establish an immediate funding source for the first 15 to 20
23 years of the pilot program and include the establishment of a revolving
24 fund to deposit payments made under the pilot program.

25 (d) The pilot program may vary by institution depending on:

26 (i) The total cost of education at the institution.

27 (ii) The portion of the cost that is paid by the state.

28 (iii) The number of years specified in the contract.

29 (iv) The percentage of annual adjusted gross income specified in the
30 contract.

31 § 3. (a) The board of regents shall conduct a study on whether public
32 universities in the state can successfully implement a tuition freeze
33 that will guarantee that incoming undergraduate students have the same
34 tuition rate for four years. The study must include an analysis of:

35 (i) The 'Western Tuition Promise' offered by Western Oregon Universi-
36 ty;

37 (ii) The 'Finish in Four' program proposed in Florida; and

38 (iii) Ways of mitigating the financial strain that the adoption of a
39 tuition freeze would place on a university's finances.

40 (b) The board of regents shall submit a report on the study described
41 in subdivision (a) of this section to the committees relating to higher
42 education during the 2018 regular session of the legislature.

43 § 4. This act shall take effect immediately.
