STATE OF NEW YORK

1172

2017-2018 Regular Sessions

IN SENATE

January 6, 2017

Introduced by Sen. MARCELLINO -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT in relation to authorizing and directing the department of health to study potential health hazards from exposure to radio frequency energy emitted from cellular telephone towers and facilities

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The department of health shall study, examine, evaluate and make recommendations concerning potential health hazards resulting from exposure to radio frequency energy emitted by cellular telephone towers and facilities. Such department shall report the findings, conclusions and recommendations of such study to the governor and the legislature on or before one year after the effective date of this act, and shall submit with its report such legislative proposals as it deems necessary to implement its recommendations.

§ 2. This act shall take effect immediately.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
