STATE OF NEW YORK

1173

2017-2018 Regular Sessions

IN SENATE

January 6, 2017

Introduced by Sen. MARCELLINO -- read twice and ordered printed, and when printed to be committed to the Committee on Transportation

AN ACT to amend the vehicle and traffic law, in relation to the operation of motor vehicles with a display device

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 24 of section 375 of the vehicle and traffic law, as amended by chapter 39 of the laws of 1989, is amended to read as follows:

24. **(a)** It shall be unlawful to operate upon any public highway in this state a motor vehicle which is equipped with a [~~television receiving set~~] **display device** within view of the operator or in which a [~~television receiving set~~] **display device** is in operation within the view of the operator. A motor vehicle shall not be deemed to be equipped with a [~~television receiving set~~] **display device (i)** solely because such [~~set~~] **display device** utilizes power from such vehicle **or (ii) if such display device is equipped with a functioning device that disables such equipment whenever such motor vehicle is in motion**. The provisions of this subdivision shall not prohibit a vehicle with a weight of ten thousand pounds or more or a school bus from using closed-circuit television receiving equipment exclusively for safety and maneuvering purposes, in accordance with regulations to be established by the commissioner.

(b) For the purposes of this subdivision, the term "display device" shall mean equipment designed and used for the purpose of receiving and displaying broadcast television images, visual images from a digital video disc recorder or player or video cassette recorder or player, or visual images while transmitted by wireless digital technology. Such term shall not include:

(i) vehicle information or instrumentation displays;

(ii) a global positioning, navigational or mapping display;

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD03083-01-7

(iii) a visual display produced by technology, which is not a closed circuit video camera and monitor, that enhances or supplements the driver's view of the exterior to the front or sides of a motor vehicle for the purpose of maneuvering the vehicle and avoiding contact with persons, animals or objects; and

(iv) a closed circuit video camera and monitor or other visual display that enhances or supplements the driver's view of the exterior to the rear of a motor vehicle for the purpose of maneuvering the vehicle and avoiding contact with persons, animals or objects, provided that such monitor or visual display is deactivated when such motor vehicle is shifted out of park or reverse gear.

§ 2. This act shall take effect on the one hundred twentieth day after it shall have become a law; provided, however, that effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date is authorized and directed to be made and completed on or before such effective date.
