§ 2. Paragraph (c) of subdivision 3 of section 2807-p of the public health law, as amended by section 55 of part A of chapter 58 of the laws of 2007, is amended to read as follows:

(c) To be eligible for an allocation of funds or a rate adjustment pursuant to this section, a diagnostic and treatment center must provide a comprehensive range of primary health care services**, or is a free-standing diagnostic and treatment center receiving a comprehensive family planning reproductive health services grant from the department,** and must demonstrate that a minimum of five percent of total clinic visits reported during the applicable base year period were to uninsured individuals. The commissioner may retrospectively reduce the allocations of funds or the rate adjustments to a diagnostic and treatment center if it is determined that provider management actions or decisions have caused a significant reduction for the grant period in the delivery of comprehensive primary health care services to uncompensated care residents of the community.

§ 3. This act shall take effect April 1, 2018.
