

# STATE OF NEW YORK

2358

2017-2018 Regular Sessions

## IN SENATE

January 13, 2017

Introduced by Sen. PARKER -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications

AN ACT to amend the public authorities law, in relation to directing the New York state energy research and development authority to conduct a study related to a comprehensive energy plan for the downstate region of the state

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public authorities law is amended by adding a new  
2 section 1855-a to read as follows:

3 § 1855-a. Comprehensive energy management plan. 1. The authority is  
4 hereby authorized and directed to conduct a comprehensive study to  
5 analyze the electricity and steam capacity and power distribution grid  
6 conditions in the downstate region of the state. For purposes of this  
7 section, "downstate" shall be defined as that region located south of  
8 the Millwood - South transmission interface. Such study shall include,  
9 but shall not be limited to:

10 (a) an analysis of projected power needs and an assessment of exist-  
11 ing:

12 (i) generating facilities with a capacity of twenty megawatts or more;

13 (ii) power grid capacity and load pockets;

14 (iii) natural gas and other fuel source capacity;

15 (iv) substation transformers; and

16 (v) emergency generators;

17 (b) an analysis of future power needs;

18 (c) an environmental assessment of generating facilities with a capac-  
19 ity of twenty megawatts or more including, but not limited to:

20 (i) emissions;

21 (ii) water impacts;

22 (iii) land use impacts;

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD07390-01-7

1 (iv) traffic impacts; and  
2 (v) noise impacts;  
3 (d) the identification of areas of oversaturation of power facilities;  
4 and  
5 (e) an assessment of alternatives, such as:  
6 (i) energy efficiency;  
7 (ii) load curtailment;  
8 (iii) clean distributed generation; and  
9 (iv) co-generation.

10 2. The authority shall submit a copy of such study to the governor,  
11 the temporary president of the senate, the speaker of the assembly, the  
12 chairperson of the senate energy and telecommunications committee and  
13 the chairperson of the assembly energy committee no later than January  
14 first, two thousand eighteen.

15 3. Upon completion of the study conducted pursuant to subdivision one  
16 of this section, the authority shall develop an overall comprehensive  
17 energy management plan. Such plan shall take into account the results  
18 and findings of such study, and shall include, but shall not be limited  
19 to the following:

20 (a) an outline of guidelines and requirements for siting power plants;  
21 (b) the research of potential sites for future power plant locations  
22 that meet the guidelines and requirements established pursuant to para-  
23 graph (a) of this subdivision and are not located in areas of oversatu-  
24 ration;

25 (c) an identification of existing plants that should be targeted for  
26 re-powering with more efficient generators; and

27 (d) a requirement that at least two public hearings be held within the  
28 downstate region described in subdivision one of this section within  
29 sixty days of the publication of such management plan, and provide  
30 adequate opportunity for written testimony regarding such plan.

31 4. The authority shall submit a copy of such management plan to the  
32 governor, the temporary president of the senate, the speaker of the  
33 assembly, the chairperson of the senate energy and telecommunications  
34 committee and the chairperson of the assembly energy committee no later  
35 than September first, two thousand eighteen.

36 § 2. This act shall take effect immediately.
