STATE OF NEW YORK

2455--A

Cal. No. 94

2017-2018 Regular Sessions

IN SENATE

January 13, 2017

Introduced by Sen. HAMILTON -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications -- recommitted to the Committee on Energy and Telecommunications in accordance with Senate Rule 6, sec. 8 -- reported favorably from said committee, ordered to first report, amended on first report, ordered to a second report and ordered reprinted, retaining its place in the order of second report

AN ACT to require the public service commission and the New York state energy research and development authority to provide that Green Bank funds include fund programs assisting certain building owners with installing energy efficient upgrades

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Notwithstanding any law, rule, regulation or order to the 2 contrary, the public service commission and the New York state energy 3 research and development authority shall provide that the Green Bank 4 program is made accessible for funding programs to assist residential, multi-family building owners, hospitals and commercial owners with 6 installing upgrades to heating and cooling systems through the installa-7 tion of a high efficiency boiler or furnace or replacement of a burner in a boiler that results in incremental emissions reductions and 9 increased energy efficiency. Heating and cooling improvement programs 10 established pursuant to this section shall be designed to increase effi-11 ciency by at least twenty percent or reduce fuel usage by at least twen-12 ty percent and lead to a significant reduction in carbon and/or methane 13 emissions as defined by the authority guidelines, developed after 14 consultation with the department of environmental conservation, provided that such projects shall have a return on investment of five years or 15 16 less. The Green Bank funding and the programs established pursuant to 17 this section shall not be used for converting heating and cooling 18 systems from one fuel source to another. The Green Bank shall seek to

1 develop program guidelines that provide a level of support that is pro 2 rata to the increase in efficiency, reduction of fuel use or reduction 3 in emissions, such that enhancements that result in the greatest envi-4 ronmental benefits are provided a higher level of support.

- § 2. The funding streams for the Green Bank shall be made available for programs as described in section one of this act and may consist of monies derived from assessments on transmission and distribution companies under direct oversight of the public service commission collected on or after July 1, 2006 and monies collected by auctions administered 10 under the regional greenhouse gas initiative or any other monies administered by the New York state energy research and development authority 12 that may be available for such purpose.
- § 3. This act shall take effect on the thirtieth day after it shall 13 14 have become a law.
