If a military voter designates a preference for facsimile transmission or electronic mail but does not provide the necessary facsimile number or e-mail address, the board of education shall transmit the voter registration application, military ballot application or military ballot by mail and request the omitted information. All communications to the military voter shall include the mailing address of the board of education.

3. Irrespective of the preferred method of transmission designated by a military voter, a military voter's original military ballot application and military ballot must be returned by mail or in person.

4. Ballots for military voters shall be mailed or otherwise distributed by the board of education, in accordance with the preferred method of transmission, as soon as practicable, but not later than twenty-five days before any election as provided in this article, and fourteen days before any election as provided in article fifty-three of this title.

5 the nomination of any candidate named on a military ballot is found
6 invalid, the ballot shall still be valid, but no vote cast for any such
7 candidate on such ballot shall be counted at the election. The failure
8 of any school board to include the name of any candidate or any proposi-
