

# STATE OF NEW YORK

---

372--A

2017-2018 Regular Sessions

## IN SENATE

(Prefiled)

January 4, 2017

---

Introduced by Sen. ORTT -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation -- recommitted to the Committee on Environmental Conservation in accordance with Senate Rule 6, sec. 8 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the environmental conservation law, in relation to the regulation of live restraint cable devices to take wildlife; and providing for the repeal of such provisions upon the expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 5 of section 11-1101 of the environmental  
2 conservation law is amended to read as follows:

3 5. Except as provided in subdivision 1 or 2 of section 11-0523 of this  
4 article with respect to destructive and menacing wildlife, no person  
5 shall (a) set or use a trap of the leg-gripping type having teeth in the  
6 jaws; (b) set a leg hold trap so that wildlife when caught is suspended;  
7 (c) use, locate or set a snare or a device consisting of a noose of any  
8 material whereby an animal may be taken, except the department may, by  
9 regulation, authorize the use of live restraint cable devices to take  
10 coyote and other species as allowed by the department in the state,  
11 except in the following counties: Westchester, Rockland, Richmond,  
12 Suffolk and Nassau. These regulations shall include live cable restraint  
13 devices consisting of at least one swivel, a relaxing lock, a deer stop,  
14 and a break away device. For the purposes of this provision:

15 (1) a swivel is a device incorporated at the end of the cable  
16 restraint which allows the captured animal to freely rotate;

17 (2) a relaxing lock is a device that allows the cable loop to stop  
18 restricting when the captured animal stops pulling;

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD04318-02-8

1     (3) a deer stop is a device incorporated into the loop of the cable  
2     restraint that keeps the cable restraint from closing beyond a specified  
3     circumference to allow deer that may encounter the restraint to escape;  
4     and

5     (4) a break away device allows the loop of the cable restraint to  
6     break open when a specified amount of force is applied.

7     Trappers using live cable restraint devices must complete a training  
8     course in their construction and use offered by the department.

9     § 2. This act shall take effect immediately and shall expire and be  
10  deemed repealed February 16, 2021.
