

STATE OF NEW YORK

3774--A

2017-2018 Regular Sessions

IN SENATE

January 26, 2017

Introduced by Sen. MURPHY -- read twice and ordered printed, and when printed to be committed to the Committee on Infrastructure and Capital Investment -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to enact the "New York state water infrastructure relief act"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "New York state water infrastructure relief act".

3 § 2. For purposes of this act:

4 (a) "water quality infrastructure project" shall mean "sewage treat-
5 ment works", as defined in section 17-1903 of the environmental conser-
6 vation law; "eligible project", as defined in paragraphs (a), (b), (c)
7 and (e) of subdivision 4 of section 1160 of the public health law;
8 "stormwater collecting system", as defined in subdivision 27 of section
9 56-0101 of the environmental conservation law; or septic system.

10 (b) "construction" shall mean:

11 (1) for sewage treatment works, as defined in section 17-1903 of the
12 environmental conservation law;

13 (2) for eligible projects, as defined in section 1160 of the public
14 health law;

15 (3) for stormwater collecting systems, as defined in subdivision 27 of
16 section 56-0101 of the environmental conservation law the erection,
17 building, acquisition, alteration, reconstruction, improvement or exten-
18 sion of stormwater collecting systems; the inspection and supervision
19 thereof; and the engineering, architectural, legal, fiscal and economic
20 investigations and studies, surveys, designs, plans, working drawings,
21 specifications, procedures, and other actions necessary thereto; and

22 (4) for septic systems, the erection, building, acquisition, alter-
23 ation, reconstruction, improvement or extension of septic systems; the
24 inspection and supervision thereof; and the engineering, architectural,

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

1 legal, fiscal and economic investigations and studies, surveys, designs,
2 plans, working drawings, specifications, procedures, and other actions
3 necessary thereto.

4 (c) "municipality" shall mean any county, city, town, village,
5 district corporation, county or town improvement district, school
6 district, Indian nation or tribe recognized by the state or the United
7 States with a reservation wholly or partly within the boundaries of New
8 York state, any public benefit corporation or public authority estab-
9 lished pursuant to the laws of New York or any agency of the state which
10 is empowered to construct and operate a water quality infrastructure
11 project, or any two or more of the foregoing which are acting jointly in
12 connection with a water quality infrastructure project.

13 § 3. (a) The environmental facilities corporation shall undertake and
14 provide state financial assistance payments, from funds appropriated for
15 such purpose, to municipalities in support of water quality infrastruc-
16 ture projects; provided, however, that in any such year that funds are
17 made available pursuant to the clean water bond act of 2017 for such
18 purpose, no municipality shall receive more than ten million dollars of
19 such funds. Such financial assistance payments shall be awarded only to
20 water quality infrastructure projects for:

21 (1) replacement, updating, installation, construction or repair of
22 infrastructure; or

23 (2) compliance with environmental conservation and public health laws
24 and regulations related to water quality.

25 (b) Any financial assistance payment awarded pursuant to this act
26 shall not exceed eighty percent of the project cost.

27 (c) A municipality may make an application for such financial assist-
28 ance payment, in a manner, form and timeframe and containing such infor-
29 mation as the environmental facilities corporation may require;
30 provided, however, such requirements shall not include a requirement for
31 prior listing on the intended use plan.

32 (d) In addition to any application process and requirements that the
33 environmental facilities corporation may establish pursuant to subdivi-
34 sion (c) of this section, such corporation shall establish an expedited,
35 emergency application and financial assistance payment process for a
36 municipality submitting an application therefor. Such process shall
37 require an applicant municipality to provide such evidence as shall be
38 determined to be necessary by the environmental facilities corporation
39 to prove that there exists a serious and immediate risk to public health
40 or the environment which requires construction of the municipality's
41 water quality infrastructure project as soon as practicable. Such corpo-
42 ration shall accept and review such applications on a twenty-four hour a
43 day, seven days a week basis to ensure virtually immediate response
44 thereto. The environmental facilities corporation shall review and make
45 a determination of whether to approve or deny an emergency application,
46 and provide notice thereof to the municipality within 48 hours of the
47 receipt of such application. Furthermore, within 24 hours of making a
48 determination upon an emergency application, the environmental facili-
49 ties corporation shall post the reasons for the determination of
50 approval or denial on its internet website. In the event that an emer-
51 gency application is approved, the environmental facilities corporation
52 shall cause the financial assistance payment to be transmitted to the
53 municipality within 72 hours of such approval. The denial of a munici-
54 pality's emergency application shall not be deemed to bar such munici-
55 pality from submitting an application pursuant to subdivision (c) of

1 this section nor shall it be deemed to be a determination of the appli-
2 cation submitted pursuant to such subdivision.

3 (e) A municipality shall not be required to accept environmental
4 facilities corporation loan financing in order to obtain a financial
5 assistance payment pursuant to this act if it can provide proof of
6 having obtained similarly low cost financing or other funding from
7 another source.

8 (f) In awarding such state financial assistance payments, the environ-
9 mental facilities corporation shall consider and give preference to
10 projects that result in the greatest water quality improvement or great-
11 est reduction in serious risk to public health.

12 § 4. This act shall take effect upon the approval of the electorate of
13 the clean water bond act of 2017.
