

STATE OF NEW YORK

3837--A

2017-2018 Regular Sessions

IN SENATE

January 27, 2017

Introduced by Sen. RITCHIE -- read twice and ordered printed, and when printed to be committed to the Committee on Investigations and Government Operations -- recommitted to the Committee on Investigations and Government Operations in accordance with Senate Rule 6, sec. 8 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the tax law and the state finance law, in relation to allocating certain revenue to the tobacco use prevention and control program fund for programs to help smokers quit and to keep children from smoking

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Statement of legislative intent. The legislature finds
2 that:

3 New York state has raised over twelve billion dollars in tobacco
4 revenues over the past seven years, yet only three and one-half percent
5 of these revenues have been spent on the state's Tobacco Use Prevention
6 and Control Program.

7 In the year 2013, New York state spent only sixteen percent of the
8 amount recommended by the Centers for Disease Control and Prevention on
9 tobacco control. New York state was once a leader in tobacco control
10 support spending, but now ranks twenty-first in the United States.

11 From the years 2007-2013, funding for the New York State Tobacco Use
12 Prevention and Control Program was cut by more than half. This inadequate
13 funding level for the program stands in contrast to promises made
14 in 1998 by public officials to invest state dollars earned from the
15 Tobacco Master Settlement Agreement in tobacco control programs.

16 The Tobacco Master Settlement Agreement states that its purpose is to
17 "achieve for the Settling States and their citizens significant funding
18 for the advancement of public health" and "the implementation of important
19 tobacco-related public health measures."

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

1 When more adequately funded, the State Tobacco Use Prevention and
2 Control Program achieved successes in the effort to curb tobacco use.
3 Teenage and adult tobacco use rates had fallen faster in New York state
4 than in the United States as a whole.

5 Limited funding prevents the State Tobacco Use Prevention and Control
6 Program from reaching the most vulnerable populations with the highest
7 rates of smoking, individuals with limited income. A recent analysis by
8 the American Cancer Society of New York and New Jersey found that lung
9 cancer rates in upstate New York are higher than the national average.

10 Tobacco use takes a terrible toll on New York. In the year 2009, twenty-five thousand four hundred lives were prematurely lost due to tobacco
11 use, with an estimated nine thousand six hundred ten of those deaths
12 resulting from cancer. Tobacco costs New Yorkers over eight billion
13 dollars in health care costs, including nearly two billion seven hundred
14 thousand dollars in Medicaid expenditures.

15
16 The legislature therefore declares that New York state should fulfill
17 the promise made by state policy makers at the time of the State Tobacco
18 Master Settlement Agreement to use tobacco revenues for programs to help
19 smokers quit and to keep children from smoking. The legislature further
20 declares that funding for the Tobacco Use Prevention and Control Program
21 should be incrementally increased on an annual basis over the next ten
22 years to reach the level recommended by the United States Centers for
23 Disease Control and Prevention that would be current by the year 2029.

24 § 2. Section 482 of the tax law, as amended by section 2 of part T of
25 chapter 61 of the laws of 2011, is amended to read as follows:

38 percent; and effective on and after July first, two thousand ten, seventy-six percent collected or received under those sections must be deposited to the credit of the tobacco control and insurance initiatives pool to be established and distributed by the commissioner of health in accordance with section twenty-eight hundred seven-v of the public health law. Notwithstanding the provisions of section one hundred

39 seventy-one-a of this chapter, as added by chapter sixty-nine of the
40 laws of nineteen hundred seventy-eight, as amended, from the taxes
41 collected or received by the commissioner pursuant to this article,
42 effective on and after April first, two thousand nineteen, fifty-two
43 million dollars and, effective from April first, two thousand twenty
44 until April first, two thousand twenty-eight at least five percent shall
45 annually be additionally credited to and deposited in the tobacco use

6 read as follows:

9 commissioner of taxation and finance a special fund to be known as the

15 3. The moneys received by such fund shall be expended pursuant to
16 appropriation only for the purposes of implementing the tobacco use
