STATE OF NEW YORK

4928

2017-2018 Regular Sessions

IN SENATE

March 3, 2017

Introduced by Sen. DIAZ -- read twice and ordered printed, and when printed to be committed to the Committee on Transportation

AN ACT to amend the transportation law and the public authorities law, in relation to the study and examination of the state's roadways and the thruway in reducing certain motor vehicle risks

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 14 of the transportation law is amended by adding 2 a new subdivision 36 to read as follows:

36. To study and examine the performance of the state's roadways in 4 reducing the risk of motor vehicles departing the travel lane and overturning, or colliding with fixed objects, or colliding with motorized or non-motorized vehicles or pedestrians, or leaving the roadway. Such study and examination shall include, but not be limited to, segments of 8 the state's roadways with a high number of fatal crashes, and segments 9 of roadway with hazardous features such as steep slopes, embankments, 10 cliffs, drop-offs or deep bodies of water. The commissioner shall submit a report on lane departures, utilizing existing data whenever possible, 11 12 beginning no later than August thirty-first, two thousand eighteen and 13 annually thereafter, to the governor and the legislature which report 14 shall include but shall not be limited to: (a) the number and type of 15 travel lane departure crashes on the state's roadways including, but not 16 limited to, fixed object, head-on, cross-over, rollover and sideswipe crashes, roadway departures, and those involving non-motorized vehicles 17 and pedestrians; (b) the extent to which the department has analyzed 18 19 crash data and identified and considered the safety needs of the state's 20 roadways including but not limited to high-fatality segments and 21 segments with hazardous features such as steep slopes, embankments, cliffs, drop-offs or deep bodies of water; and (c) the measures and 22 strategies that the department has undertaken, or plans to undertake, to 24 improve roadway performance and reduce the risk of motor vehicle travel

lane departures and crashes. No provision of this subdivision shall be 1 deemed to conflict with or supersede the evidentiary and discovery 2 3 protections and rights as provided for in federal or state law. Notwith-4 standing any other provision of law, any reports, surveys, schedules, 5 lists, or data compiled or collected for the purpose of identifying, 6 evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, 7 8 pursuant to federal or state law or for the purpose of developing any 9 highway safety construction improvement project shall not be subject to 10 discovery or admitted into evidence in a federal or state court proceeding or considered for other purposes in any action for damages arising 11 from any occurrence at a location mentioned or addressed in such 12 13 reports, surveys, schedules, lists, or data.

§ 2. Section 361 of the public authorities law is amended by adding a new subdivision 3 to read as follows:

16 3. The authority shall study and examine the performance of the thru-17 way in reducing the risk of motor vehicles departing the travel lane and overturning, or colliding with fixed objects, or colliding with motor-18 19 ized or non-motorized vehicles or pedestrians, or leaving the thruway. 20 Such study and examination shall include, but not be limited to, 21 segments of the thruway with a high number of fatal crashes, and segments with hazardous features such as steep slopes, embankments, 22 cliffs, drop-offs or deep bodies of water. The authority shall submit a 23 report on lane departures, utilizing existing data whenever possible, 24 25 beginning no later than August thirty-first, two thousand eighteen and 26 annually thereafter, to the governor and the legislature which report 27 shall include but shall not be limited to: (a) the number and type of travel lane departure crashes on the thruway including, but not limited 28 29 to, fixed object, head-on, cross-over, rollover and sideswipe crashes, roadway departures, and those involving non-motorized vehicles and 30 31 pedestrians; (b) the extent to which the authority has analyzed crash 32 data and identified and considered the safety needs of the thruway 33 including but not limited to high-fatality segments and segments with 34 hazardous features such as steep slopes, embankments, cliffs, drop-offs 35 or deep bodies of water; and (c) the measures and strategies that the authority has undertaken, or plans to undertake, to improve thruway 36 performance and reduce the risk of motor vehicle travel lane departures 37 and crashes. No provision of this subdivision shall be deemed to 38 conflict with or supersede the evidentiary and discovery protections and 39 rights as provided for in federal or state law. Notwithstanding any 40 41 other provision of law, any reports, surveys, schedules, lists, or data 42 compiled or collected for the purpose of identifying, evaluating, or 43 planning the safety enhancement of potential accident sites, hazardous 44 roadway conditions, or railway-highway crossings, pursuant to federal or 45 state law or for the purpose of developing any highway safety 46 construction improvement project shall not be subject to discovery or admitted into evidence in a federal or state court proceeding or consid-47 ered for other purposes in any action for damages arising from any 48 occurrence at a location mentioned or addressed in such reports, 49 surveys, schedules, lists, or data. 50

51 § 3. This act shall take effect on the sixtieth day after it shall 52 have become a law.
