a. (i) When commodities are available, in the form, function and utility required by a state agency, public authority, commission, public benefit corporation or political subdivision, said commodities must be purchased first from the correctional industries program of the department of corrections and community supervision;

(ii) When commodities are available, in the form, function and utility required by, a state agency or political subdivision or public benefit corporation having their own purchasing agency, and such commodities are not available pursuant to subparagraph (i) of this paragraph, said commodities shall then be purchased from approved charitable non-profit-making agencies for the blind;

If more than one preferred source or facilitating entity 11 identified in paragraph e of subdivision six of this section submits 12 notification of intent and meets the requirements, [costs] price shall 13 be the determining factor for purchase among the preferred sources;

14 (iii) if, within ten days of the notification required by subparagraph 15 (i) of this paragraph, no preferred source or facilitating entity iden-16 tified in paragraph e of subdivision six of this section indicates 17 intent to provide the service, then the service shall be procured in accordance with section one hundred sixty-three of this article.
