3 chapter, clinical or non-clinical, prescribed to treat the person's  
4 mental illness and to assist the person in living and functioning in the

6 reasonably be predicted to result in [~~suicide~~] serious physical harm to  
7 any person or the need for hospitalization.

8 (2) "director" shall mean the director of community services of a

37 (b) Programs. The director of community services of each local govern-  
38 mental unit shall operate, direct and supervise an assisted outpatient  
39 treatment program. The director of a hospital licensed or operated by  
40 the office [~~of mental health~~] may operate, direct and supervise an  
41 assisted outpatient treatment program, upon approval by the commis-  
42 sioner. Directors of community services shall be permitted to satisfy the  
43 provisions of this subdivision through the operation of joint assisted  
44 outpatient treatment programs. Nothing in this subdivision shall be  
45 interpreted to preclude the combination or coordination of efforts  
46 between and among local governmental units and hospitals in providing  
47 and coordinating assisted outpatient treatment.

48 (c) Criteria. A person may be ordered to receive assisted outpatient  
49 treatment if the court finds that such person:

- 50 (1) is eighteen years of age or older; and  
51 (2) is suffering from a mental illness; and  
52 (3) is unlikely to survive safely in the community without super-  
53 vision, based on a clinical determination; and  
54 (4) has a history of lack of compliance with treatment for mental  
55 illness that has:

(i) ~~[prior to the filing of the petition,]~~ at least twice within the ~~[last]~~ thirty-six months prior to the filing of the petition been a significant factor in necessitating hospitalization in a hospital, or receipt of services in a forensic or other mental health unit of a correctional facility or a local correctional facility~~[, not including];~~ provided that such thirty-six month period shall be extended by the length of any current period[, or period ending] of hospitalization or incarceration, and any such period that ended within the last six months~~[, during which the person was or is hospitalized or incarcerated];~~ or

(ii) within forty-eight months prior to the filing of the petition, resulted in one or more acts of serious violent behavior toward self or others or threats of, or attempts at, serious physical harm to self or others ~~[within the last forty-eight months, not including];~~ provided that such forty-eight month period shall be extended by the length of any current period[, or period ending] of hospitalization or incarceration, and any such period that ended within the last six months~~[, in which the person was or is hospitalized or incarcerated];~~ and

(6) in view of his or her treatment history and current behavior, is in need of assisted outpatient treatment in order to prevent a relapse or deterioration which would be likely to result in serious harm to the person or others as defined in section 9.01 of this article; and

(7) is likely to benefit from assisted outpatient treatment.

(d) Health care proxy. Nothing in this section shall preclude a person with a health care proxy from being subject to a petition pursuant to this chapter and consistent with article twenty-nine-C of the public health law.

(e) Investigation of reports. The commissioner shall promulgate regulations establishing a procedure to ensure that reports of a person who may be in need of assisted outpatient treatment, including those received from family and community members of such person, are investigated in a timely manner and, where appropriate, result in the filing of petitions for assisted outpatient treatment.

(f) Petition to the court. (1) A petition for an order authorizing assisted outpatient treatment may be filed in the supreme or county court in the county in which the subject of the petition is present or reasonably believed to be present. When a director of community services has reason to believe that an assisted outpatient has changed his or her county of residence, future petitions and applications under this section may be filed in the supreme or county court in the new county of residence, which shall have concurrent jurisdiction with the court that initially ordered such treatment. Such petition may be initiated only by the following persons:

(i) any person eighteen years of age or older with whom the subject of the petition resides; or

(ii) the parent, spouse, sibling eighteen years of age or older, or child eighteen years of age or older of the subject of the petition; or

(iii) the director of a hospital in which the subject of the petition is hospitalized, or pursuant to section four hundred four of the correction law; or

(iv) the director of any public or charitable organization, agency or home providing mental health services to the subject of the petition or in whose institution the subject of the petition resides; or

(v) a qualified psychiatrist who is either supervising the treatment of or treating the subject of the petition for a mental illness; or

(vi) a psychologist, licensed pursuant to article one hundred fifty-three of the education law, or a social worker, licensed pursuant to article one hundred fifty-four of the education law, who is treating the subject of the petition for a mental illness; or

(vii) the director of community services, or his or her designee, or the social services official, as defined in the social services law, of the city or county in which the subject of the petition is present or reasonably believed to be present; or

(viii) a parole officer or probation officer assigned to supervise the subject of the petition~~[-]~~; or

(ix) the director of the hospital or the superintendent of a correctional facility in which the subject of the petition is imprisoned, pursuant to section four hundred four of the correction law.

(2) The commissioner shall promulgate regulations pursuant to which persons initiating a petition, pursuant to subparagraphs (i) and (ii) of paragraph one of this subdivision, may receive assistance in filing such petitions, where appropriate, as determined pursuant to subdivision (e) of this section.

(3) The petition shall state:

(i) each of the criteria for assisted outpatient treatment as set forth in subdivision (c) of this section;

(ii) facts which support the petitioner's belief that the subject of the petition meets each criterion, provided that the hearing on the petition need not be limited to the stated facts; and

(iii) that the subject of the petition is present, or is reasonably believed to be present, within the county where such petition is filed.

~~[(3)]~~ (4) The petition shall be accompanied by an affirmation or affidavit of a physician, who shall not be the petitioner, stating that such physician is willing and able to testify at the hearing on the petition and that either ~~[that]~~:

(i) such physician has personally examined the subject of the petition no more than ten days prior to the submission of the petition~~[-]~~ and recommends assisted outpatient treatment for the subject of the petition~~[-, and is willing and able to testify at the hearing on the petition]~~; or

(ii) no more than ten days prior to the filing of the petition, such physician or his or her designee has made appropriate attempts but has not been successful in eliciting the cooperation of the subject of the petition to submit to an examination, such physician has reason to suspect that the subject of the petition meets the criteria for assisted outpatient treatment, and such physician is willing and able to examine the subject of the petition ~~[and testify at the hearing on the petition]~~ prior to providing testimony.

~~[(4)]~~ (5) In counties with a population of less than eighty thousand, the affirmation or affidavit required by paragraph ~~[three]~~ four of this subdivision may be made by a physician who is an employee of the office. The office is authorized and directed to make available, at no cost to the county, a qualified physician for the purpose of making such affirmation or affidavit consistent with the provisions of such paragraph.

~~[(5)]~~ (g) Service. The petitioner shall cause written notice of the petition to be given to the subject of the petition and a copy thereof to be given personally or by mail to the persons listed in section 9.29 of this article, the mental hygiene legal service, the health care agent if any such agent is known to the petitioner, the appropriate program

1 coordinator, and the appropriate director of community services, if such  
2 director is not the petitioner.

3 [~~(g)~~] (h) Right to counsel. The subject of the petition shall have the  
4 right to be represented by the mental hygiene legal service, or private-  
5 ly financed counsel, at all stages of a proceeding commenced under this  
6 section.

7 [~~(h)~~] (i) Hearing. (1) Upon receipt of the petition, the court shall  
8 fix the date for a hearing. Such date shall be no later than three days  
9 from the date such petition is received by the court, excluding Satur-  
10 days, Sundays and holidays. Adjournments shall be permitted only for  
11 good cause shown. In granting adjournments, the court shall consider the  
12 need for further examination by a physician or the potential need to  
13 provide assisted outpatient treatment expeditiously. The court shall  
14 cause the subject of the petition, any other person receiving notice  
15 pursuant to subdivision [~~(f)~~] (g) of this section, the petitioner, the  
16 physician whose affirmation or affidavit accompanied the petition, and  
17 such other persons as the court may determine to be advised of such  
18 date. Upon such date, or upon such other date to which the proceeding  
19 may be adjourned, the court shall hear testimony and, if it be deemed  
20 advisable and the subject of the petition is available, examine the  
21 subject of the petition in or out of court. If the subject of the peti-  
22 tion does not appear at the hearing, and appropriate attempts to elicit  
23 the attendance of the subject have failed, the court may conduct the  
24 hearing in the subject's absence. In such case, the court shall set  
25 forth the factual basis for conducting the hearing without the presence  
26 of the subject of the petition.

27 (2) The court shall not order assisted outpatient treatment unless an  
28 examining physician, who recommends assisted outpatient treatment and  
29 has personally examined the subject of the petition no more than ten  
30 days before the filing of the petition, testifies in person at the hear-  
31 ing. Such physician shall state the facts and clinical determinations  
32 which support the allegation that the subject of the petition meets each  
33 of the criteria for assisted outpatient treatment; provided that the  
34 parties may stipulate, upon mutual consent, that such physician need not  
35 testify.

36 (3) If the subject of the petition has refused to be examined by a  
37 physician, the court may request the subject to consent to an examina-  
38 tion by a physician appointed by the court. If the subject of the peti-  
39 tion does not consent and the court finds reasonable cause to believe  
40 that the allegations in the petition are true, the court may order peace  
41 officers, acting pursuant to their special duties, or police officers  
42 who are members of an authorized police department or force, or of a  
43 sheriff's department to take the subject of the petition into custody  
44 and transport him or her to a hospital for examination by a physician.  
45 Retention of the subject of the petition under such order shall not  
46 exceed twenty-four hours. The examination of the subject of the petition  
47 may be performed by the physician whose affirmation or affidavit accom-  
48 panied the petition pursuant to paragraph [~~three~~] four of subdivision  
49 [~~(e)~~] (f) of this section, if such physician is privileged by such  
50 hospital or otherwise authorized by such hospital to do so. If such  
51 examination is performed by another physician, the examining physician  
52 may consult with the physician whose affirmation or affidavit accompa-  
53 nied the petition as to whether the subject meets the criteria for  
54 assisted outpatient treatment.

55 (4) A physician who testifies pursuant to paragraph two of this subdi-  
56 vision shall state: (i) the facts [~~which~~] and clinical determinations

1 ~~that~~ support the allegation that the subject meets each of the criteria  
2 for assisted outpatient treatment, (ii) that the treatment is the least  
3 restrictive alternative, (iii) the recommended assisted outpatient  
4 treatment, and (iv) the rationale for the recommended assisted outpa-  
5 tient treatment. If the recommended assisted outpatient treatment  
6 includes medication, such physician's testimony shall describe the types  
7 or classes of medication which should be authorized, shall describe the  
8 beneficial and detrimental physical and mental effects of such medica-  
9 tion, and shall recommend whether such medication should be self-admin-  
10 istered or administered by authorized personnel.

11 (5) The subject of the petition shall be afforded an opportunity to  
12 present evidence, to call witnesses on his or her behalf, and to cross-  
13 examine adverse witnesses.

14 [~~(i)~~] (j) Written treatment plan. (1) The court shall not order  
15 assisted outpatient treatment unless a physician appointed by the appro-  
16 priate director, in consultation with such director, develops and  
17 provides to the court a proposed written treatment plan. The written  
18 treatment plan shall include case management services or assertive  
19 community treatment team services to provide care coordination. The  
20 written treatment plan also shall include all categories of services, as  
21 set forth in paragraph one of subdivision (a) of this section, which  
22 such physician recommends that the subject of the petition receive. All  
23 service providers shall be notified regarding their inclusion in the  
24 written treatment plan. If the written treatment plan includes medica-  
25 tion, it shall state whether such medication should be self-administered  
26 or administered by authorized personnel, and shall specify type and  
27 dosage range of medication most likely to provide maximum benefit for  
28 the subject. If the written treatment plan includes alcohol or substance  
29 abuse counseling and treatment, such plan may include a provision  
30 requiring relevant testing for either alcohol or illegal substances  
31 provided the physician's clinical basis for recommending such plan  
32 provides sufficient facts for the court to find (i) that such person has  
33 a history of alcohol or substance abuse that is clinically related to  
34 the mental illness; and (ii) that such testing is necessary to prevent a  
35 relapse or deterioration which would be likely to result in serious harm  
36 to the person or others. If a director is the petitioner, the written  
37 treatment plan shall be provided to the court no later than the date of  
38 the hearing on the petition. If a person other than a director is the  
39 petitioner, such plan shall be provided to the court no later than the  
40 date set by the court pursuant to paragraph three of subdivision [~~(j)~~]  
41 (k) of this section.

42 (2) The physician appointed to develop the written treatment plan  
43 shall provide the following persons with an opportunity to actively  
44 participate in the development of such plan: the subject of the peti-  
45 tion; the treating physician, if any; and upon the request of the  
46 subject of the petition, an individual significant to the subject  
47 including any relative, close friend or individual otherwise concerned  
48 with the welfare of the subject. The appointed physician shall make a  
49 reasonable effort to gather relevant information for the development of  
50 the treatment plan from the subject of the petition's family member or  
51 members, or his or her significant other. If the subject of the petition  
52 has executed a health care proxy, the appointed physician shall consider  
53 any directions included in such proxy in developing the written treat-  
54 ment plan.

55 (3) The court shall not order assisted outpatient treatment unless a  
56 physician appearing on behalf of a director testifies to explain the

1 written proposed treatment plan; provided that the parties may stipu-  
2 late, upon mutual consent, that such physician need not testify. Such  
3 physician shall state the categories of assisted outpatient treatment  
4 recommended, the rationale for each such category, facts which establish  
5 that such treatment is the least restrictive alternative, and, if the  
6 recommended assisted outpatient treatment plan includes medication, such  
7 physician shall state the types or classes of medication recommended,  
8 the beneficial and detrimental physical and mental effects of such medi-  
9 cation, and whether such medication should be self-administered or  
10 administered by an authorized professional. If the subject of the peti-  
11 tion has executed a health care proxy, such physician shall state the  
12 consideration given to any directions included in such proxy in develop-  
13 ing the written treatment plan. If a director is the petitioner, testi-  
14 mony pursuant to this paragraph shall be given at the hearing on the  
15 petition. If a person other than a director is the petitioner, such  
16 testimony shall be given on the date set by the court pursuant to para-  
17 graph three of subdivision ~~(+j)~~ (k) of this section.

18 ~~(+j)~~ (k) Disposition. (1) If after hearing all relevant evidence, the  
19 court does not find by clear and convincing evidence that the subject of  
20 the petition meets the criteria for assisted outpatient treatment, the  
21 court shall dismiss the petition.

22 (2) If after hearing all relevant evidence, the court finds by clear  
23 and convincing evidence that the subject of the petition meets the  
24 criteria for assisted outpatient treatment, and there is no appropriate  
25 and feasible less restrictive alternative, the court may order the  
26 subject to receive assisted outpatient treatment for an initial period  
27 not to exceed one year. In fashioning the order, the court shall specif-  
28 ically make findings by clear and convincing evidence that the proposed  
29 treatment is the least restrictive treatment appropriate and feasible  
30 for the subject. The order shall state an assisted outpatient treatment  
31 plan, which shall include all categories of assisted outpatient treat-  
32 ment, as set forth in paragraph one of subdivision (a) of this section,  
33 which the assisted outpatient is to receive, but shall not include any  
34 such category that has not been recommended in ~~both~~ the proposed writ-  
35 ten treatment plan and ~~the~~ in any testimony provided to the court  
36 pursuant to subdivision ~~(+i)~~ (j) of this section.

37 (3) If after hearing all relevant evidence presented by a petitioner  
38 who is not a director, the court finds by clear and convincing evidence  
39 that the subject of the petition meets the criteria for assisted outpa-  
40 tient treatment, and the court has yet to be provided with a written  
41 proposed treatment plan and testimony pursuant to subdivision ~~(+i)~~ (j)  
42 of this section, the court shall order the appropriate director to  
43 provide the court with such plan and testimony no later than the third  
44 day, excluding Saturdays, Sundays and holidays, immediately following  
45 the date of such order; provided that the parties may stipulate upon  
46 mutual consent that such testimony need not be provided. Upon receiving  
47 such plan and any required testimony, the court may order assisted  
48 outpatient treatment as provided in paragraph two of this subdivision.

49 (4) A court may order the patient to self-administer psychotropic  
50 drugs or accept the administration of such drugs by authorized personnel  
51 as part of an assisted outpatient treatment program. Such order may  
52 specify the type and dosage range of such psychotropic drugs and such  
53 order shall be effective for the duration of such assisted outpatient  
54 treatment.

55 (5) If the petitioner is the director of a hospital that operates an  
56 assisted outpatient treatment program, the court order shall direct the

1 hospital director to provide or arrange for all categories of assisted  
2 outpatient treatment for the assisted outpatient throughout the period  
3 of the order. In all other instances, the order shall require the appro-  
4 priate director, as that term is defined in this section, to provide or  
5 arrange for all categories of assisted outpatient treatment for the  
6 assisted outpatient throughout the period of the order. Orders issued  
7 on or after the effective date of the chapter of the laws of two thou-  
8 sand eighteen that amended this section shall require the appropriate  
9 director "as determined by the program coordinator" to provide or  
10 arrange for all categories of assisted outpatient treatment for the  
11 assisted outpatient throughout the period of the order.

12 (6) The director shall cause a copy of any court order issued pursuant  
13 to this section to be served personally, or by mail, facsimile or elec-  
14 tronic means, upon the assisted outpatient, the mental hygiene legal  
15 service or anyone acting on the assisted outpatient's behalf, the  
16 original petitioner, identified service providers, and all others enti-  
17 tled to notice under subdivision ~~(f)~~ (g) of this section.

18 ~~(k)~~ (1) Relocation of assisted outpatients. The commissioner shall  
19 promulgate regulations requiring that, during the period of the order,  
20 an assisted outpatient and any other appropriate persons shall notify  
21 the program coordinator within a reasonable time prior to such assisted

23 by the director who has been directed to provide or arrange for the

27 to be transmitted to such director.

28 (m) Petition for ~~additional periods of~~ continued treatment. (1)  
29 ~~Prior~~ Within thirty days prior to the expiration of an order pursuant  
30 to this section, the appropriate director shall review whether the  
31 assisted outpatient continues to meet the criteria for assisted outpa-

33 ~~mines that such criteria continue to be met or has made appropriate~~  
34 ~~attempts to, but has not been successful in eliciting, the cooperation~~

36 ~~the expiration of an order of assisted outpatient treatment, such direc-~~  
37 ~~tor may petition the court to order continued assisted outpatient treat-~~  
38 ~~ment pursuant to paragraph two of this subdivision. Upon determining~~  
39 ~~whether such criteria continue to be met, such director shall notify the~~  
40 ~~program coordinator in writing as to whether a petition for continued~~  
41 ~~assisted outpatient treatment is warranted and whether such a petition~~  
42 ~~was or will be filed.]~~ Upon determining that one or more of such crite-  
43 ria are no longer met, such director shall notify the program coordina-  
44 tor in writing that a petition for continued assisted outpatient treat-  
45 ment is not warranted. Upon determining that such criteria continue to  
46 be met, he or she shall petition the court to order continued assisted  
47 outpatient treatment for a period not to exceed one year from the expi-  
48 ration date of the current order. If the court's disposition of such  
49 petition does not occur prior to the expiration date of the current  
50 order, the current order shall remain in effect until such disposition.  
51 The procedures for obtaining any order pursuant to this subdivision  
52 shall be in accordance with the provisions of the foregoing subdivision  
53 of this section; provided that the time restrictions included in para-  
54 graph four of subdivision (c) of this section shall not be applicable.  
55 The notice provisions set forth in paragraph six of subdivision (k) of  
56 this section shall be applicable. Any court order requiring periodic

blood tests or urinalysis for the presence of alcohol or illegal drugs shall be subject to review after six months by the physician who developed the written treatment plan or another physician designated by the director, and such physician shall be authorized to terminate such blood tests or urinalysis without further action by the court.

(2) Within thirty days prior to the expiration of an order of assisted outpatient treatment, [~~the appropriate director or~~] the current petitioner, if the current petition was filed pursuant to subparagraph (i) or (ii) of paragraph one of subdivision [~~(e)~~] (f) of this section, and the current petitioner retains his or her original status pursuant to the applicable subparagraph, may petition the court to order continued assisted outpatient treatment for a period not to exceed one year from the expiration date of the current order. If the court's disposition of such petition does not occur prior to the expiration date of the current order, the current order shall remain in effect until such disposition. The procedures for obtaining any order pursuant to this subdivision shall be in accordance with the provisions of the foregoing subdivisions of this section; provided that the time restrictions included in paragraph four of subdivision (c) of this section shall not be applicable. The notice provisions set forth in paragraph six of subdivision [~~(j)~~] (k) of this section shall be applicable. Any court order requiring periodic blood tests or urinalysis for the presence of alcohol or illegal drugs shall be subject to review after six months by the physician who developed the written treatment plan or another physician designated by the director, and such physician shall be authorized to terminate such blood tests or urinalysis without further action by the court.

[~~(i)~~] (3) If neither the appropriate director nor the current petitioner petition for continued assisted outpatient treatment pursuant to this paragraph and the order of the court expires, any other person authorized to petition pursuant to paragraph one of subdivision (f) of this section may bring a new petition for assisted outpatient treatment. If such new petition is filed less than sixty days after the expiration of such order, the time restrictions provided in paragraph four of subdivision (c) of this section shall not be applicable to the new petition.

(4) If, thirty days prior to the expiration of an order, the assisted outpatient is deemed by the appropriate director to be missing and thereby unavailable for evaluation as to whether he or she continues to meet the criteria for assisted outpatient treatment, such director shall petition the court to extend the term of the current order until sixty days after such time as the assisted outpatient is located. If the court grants the extension, the director shall continue reasonable efforts to locate the assisted outpatient. Upon location of the assisted outpatient, the director shall review whether the assisted outpatient continues to meet the criteria for assisted outpatient treatment, pursuant to paragraph two of this subdivision.

(n) Petition for an order to stay, vacate or modify. (1) In addition to any other right or remedy available by law with respect to the order for assisted outpatient treatment, the assisted outpatient, the mental hygiene legal service, or anyone acting on the assisted outpatient's behalf may petition the court on notice to the director, the original petitioner, and all others entitled to notice under subdivision [~~(f)~~] (g) of this section to stay, vacate or modify the order.

(2) The appropriate director shall petition the court for approval before instituting a proposed material change in the assisted outpatient treatment plan, unless such change is authorized by the order of the

1 court. Such petitions to change an assisted outpatient treatment plan,  
2 as well as petitions for continued treatment, may be made to any judge  
3 of the supreme or county courts in the county in which the subject of  
4 the petition is present or reasonably believed to be present. Such peti-  
5 tion shall be filed on notice to all parties entitled to notice under  
6 subdivision ~~(f)~~ (g) of this section. Not later than five days after  
7 receiving such petition, excluding Saturdays, Sundays and holidays, the  
8 court shall hold a hearing on the petition; provided that if the  
9 assisted outpatient informs the court that he or she agrees to the  
10 proposed material change, the court may approve such change without a  
11 hearing. Non-material changes may be instituted by the director without  
12 court approval. For the purposes of this paragraph, a material change is  
13 an addition or deletion of a category of services to or from a current  
14 assisted outpatient treatment plan, or any deviation without the  
15 assisted outpatient's consent from the terms of a current order relating  
16 to the administration of psychotropic drugs.

17 ~~(m)~~ (o) Appeals. Review of an order issued pursuant to this section  
18 shall be had in like manner as specified in section 9.35 of this  
19 article; provided that notice shall be provided to all parties entitled  
20 to notice under subdivision (g) of this section.

21 ~~(n)~~ (p) Failure to comply with assisted outpatient treatment. Where  
22 in the clinical judgment of a physician, (i) the assisted outpatient,  
23 has failed or refused to comply with the assisted outpatient treatment,  
24 (ii) efforts were made to solicit compliance, and (iii) such assisted  
25 outpatient may be in need of involuntary admission to a hospital pursu-  
26 ant to section 9.27 of this article or immediate observation, care and  
27 treatment pursuant to section 9.39 or 9.40 of this article, such physi-  
28 cian may request the appropriate director of community services, the  
29 director's designee, or any physician designated by the director of  
30 community services pursuant to section 9.37 of this article, to direct  
31 the removal of such assisted outpatient to an appropriate hospital for  
32 an examination to determine if such person has a mental illness for  
33 which he or she is in need of hospitalization is necessary pursuant to  
34 section 9.27, 9.39 or 9.40 of this article~~]. Furthermore, if such~~  
35 ~~assisted outpatient refuses to take medications as required by the court~~  
36 ~~order, or he or she refuses to take, or fails a blood test, urinalysis,~~  
37 ~~or alcohol or drug test as required by the court order, such physician~~  
38 ~~may consider such refusal or failure when determining whether]; provided~~  
39 that if, after efforts to solicit compliance, such physician determines  
40 that the assisted outpatient's failure to comply with the assisted  
41 outpatient treatment includes a substantial failure to take medication,  
42 pass or submit to blood testing or urinalysis, or receive treatment for  
43 alcohol or substance abuse, such physician may presume that the assisted  
44 outpatient is in need of an examination to determine whether he or she  
45 has a mental illness for which hospitalization is necessary. Upon the  
46 request of such physician, the appropriate director, the director's  
47 designee, or any physician designated pursuant to section 9.37 of this  
48 article, may direct peace officers, acting pursuant to their special  
49 duties, or police officers who are members of an authorized police  
50 department or force or of a sheriff's department to take the assisted  
51 outpatient into custody and transport him or her to the hospital operat-  
52 ing the assisted outpatient treatment program or to any hospital author-  
53 ized by the director of community services to receive such persons. Such  
54 law enforcement officials shall carry out such directive. Upon the  
55 request of such physician, the appropriate director, the director's  
56 designee, or any physician designated pursuant to section 9.37 of this

1 article, an ambulance service, as defined by subdivision two of section  
2 three thousand one of the public health law, or an approved mobile

4 authorized to take into custody and transport any such person to the  
5 hospital operating the assisted outpatient treatment program, or to any  
6 other hospital authorized by the appropriate director of community  
7 services to receive such persons. Any director of community services, or  
8 designee, shall be authorized to direct the removal of an assisted  
9 outpatient who is present in his or her county to an appropriate hospi-  
10 tal, in accordance with the provisions of this subdivision, based upon a  
11 determination of the appropriate director of community services direct-  
12 ing the removal of such assisted outpatient pursuant to this subdivi-  
13 sion. Such person may be retained for observation, care and treatment  
14 and further examination in the hospital for up to seventy-two hours to  
15 permit a physician to determine whether such person has a mental illness  
16 and is in need of involuntary care and treatment in a hospital pursuant  
17 to the provisions of this article. Any continued involuntary retention  
18 of the assisted outpatient in such hospital beyond the initial seventy-  
19 two hour period shall be in accordance with the provisions of this arti-  
20 cle relating to the involuntary admission and retention of a person. If  
21 at any time during the seventy-two hour period the person is determined  
22 not to meet the involuntary admission and retention provisions of this  
23 article, and does not agree to stay in the hospital as a voluntary or  
24 informal patient, he or she must be released. Failure to comply with an  
25 order of assisted outpatient treatment shall not be grounds for involun-  
26 tary civil commitment or a finding of contempt of court.

27 ~~[(e)]~~ (g) Effect of determination that a person is in need of assisted  
28 outpatient treatment. The determination by a court that a person is in  
29 need of assisted outpatient treatment shall not be construed as or  
30 deemed to be a determination that such person is incapacitated pursuant  
31 to article eighty-one of this chapter.

32 ~~[(p)]~~ (r) False petition. A person making a false statement or provid-  
33 ing false information or false testimony in a petition or hearing under  
34 this section shall be subject to criminal prosecution pursuant to arti-  
35 cle one hundred seventy-five or article two hundred ten of the penal  
36 law.

37 ~~[(q)]~~ (s) Exception. Nothing in this section shall be construed to  
38 affect the ability of the director of a hospital to receive, admit, or  
39 retain patients who otherwise meet the provisions of this article  
40 regarding receipt, retention or admission.

41 ~~[(r)]~~ (t) Education and training. (1) The office ~~[of mental health]~~,  
42 in consultation with the office of court administration, shall prepare

45 services, judges, court personnel, law enforcement officials and the  
46 general public.

47 (2) The office, in consultation with the office of court adminis-

52 section and generally address issues relating to mental illness and  
53 mental health treatment.
