IN SENATE

March 10, 2017

Introduced by Sen. MURPHY -- read twice and ordered printed, and when printed to be committed to the Committee on Cities

AN ACT to amend the administrative code of the city of New York, in relation to the authority to contract for energy

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 22-302 of the administrative code of the city of
2 New York is amended to read as follows:

3 § 22-302 Acquisition of energy and facilities. The city shall contract
4 for or otherwise purchase or acquire hydroelectric or other forms of
5 energy as shall be available from the power authority of the state of
6 New York, the state, any state agency, any other municipal corporation,
7 or any private or public corporation, and shall arrange to use, lease or
8 acquire the transmission, substation and distribution facilities neces-
9 sary to furnish such power to the city and, for compensation, to resi-
10 dential, commercial, industrial and other customers; provided, however,
11 that the city will not acquire or build any electric or gas transmission
12 or distribution facilities which are parallel to, or duplicative of
13 electric or gas transmission or distribution facilities of any utility
14 companies within the city, nor take any action to impair any agreements,
15 franchises, rights or obligations of any utility company within the city
16 including, to provide safe, adequate and efficient service to conduct
17 its business in the city and to protect its assets unless so authorized
18 by further local law and public referendum.

19 Notwithstanding the provisions of any law, rule, regulation, policy,
20 order or executive action to the contrary, the city shall not contract
21 for or otherwise purchase energy or environmental attributes associated
22 with energy from the power authority of the state of New York, or any
23 individual, trustee, partnership, association, corporation, company,
24 municipality, state, political subdivision or other legal entity if such
25 energy is transmitted over an electric transmission line, including but
