FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill will change the date of the annual increase in the overtime ceiling that can be included in the calculation of final average salary for Tier 6 members of certain public retirement systems from April 1 to January 1. The annual increase will be based on the increase in the consumer price index in the one year period ending on the September thirtieth prior to each ensuing January first. This change will become effective on January 1, 2018.

If this bill is enacted, insofar as it would affect the New York State and Local Employees Retirement System, we estimate that there would be a small initial administrative cost to the system.
