FISCAL NOTE. -- Pursuant to Legislative law, section 50:

PROVISIONS OF PROPOSED LEGISLATION: The proposed legislation would  
 amend General Municipal Law (GML) Section 208-f to provide Special Acci-  
 dental Death Benefits (SADB) to eligible beneficiaries of employees of  
 the City of New York (the City) who are employed in the Uniformed Force  
 of the Department of Sanitation (Sanitation), are members of the New  
 York City Employees' Retirement System (NYCERS), and die as a natural  
 and proximate result of an accident sustained in the performance of duty  
 on or after November 1, 1996.

The proposed legislation further amends Retirement and Social Security  
 Law (RSSL) Sections 501 and 601 to prospectively expand the definition  
 of a Tier 4 and 6 (modified Tier 3) eligible beneficiary for Accidental  
 Death Benefits contained in RSSL Sections 509 and 607 to include a  
 surviving spouse who remarries after the eligible member's death.

The Effective Date of the proposed legislation would be the date of  
 enactment, provided that the SADB would be retroactive to accidental  
 deaths sustained in the performance of duty on and after November 1,  
 1996.

IMPACT ON SADB BENEFITS PAYABLE: The SADB provided by GML 208-f is paid to the deceased member's surviving spouse, if alive. If the spouse is no longer alive, then the SADB is paid to the deceased member's children until age eighteen or until age twenty-three if a student.

Under the proposed legislation, eligible beneficiaries of deceased Sanitation members, who met or meet the criteria of GML Section 208-f on and after November 1, 1996, would receive the SADB.

Under GML Section 208-f, the basic SADB is defined to equal:

\* The salary of the deceased member at date of death (or, in certain instances, a greater salary based on rank or other status)(Final Salary),

Reduced by:

\* Any Accidental Death Benefit (generally equal to an annual pension of 50% of Final Salary) as adjusted by any Supplementation or Cost-of-Living Adjustment (COLA) paid to the deceased member's eligible beneficiaries,

\* Any death benefit paid by Social Security to the deceased member's eligible beneficiaries, and

\* Any Workers' Compensation benefit paid to the deceased member's eligible beneficiaries (but it is the understanding of the OA that Sanitation members are ineligible for Workers' Compensation benefits).

The GML also provides that the SADB has been subject in the past to escalation based on the calendar year of the member's death.

IMPACT ON ACCIDENTAL DEATH BENEFITS PAYABLE: The Accidental Death Benefits provided by RSSL Sections 509 and 607 (generally 50% of Final Salary as adjusted by any Supplementation or COLA) are paid to the deceased member's surviving spouse, who has not renounced survivorship rights in a separation agreement, if alive and until remarriage.

If the surviving spouse is no longer alive or no longer eligible, then the Accidental Death Benefit is paid in successive order to any surviving children until age twenty-five, or any dependent parents. RSSL Section 509 further provides an additional successive class of any dependents listed on the member's federal income in the year immediately preceding the member's death.

Under the proposed legislation, a Sanitation member's surviving spouse, who has not renounced survivorship rights in a separation agreement, would continue to receive Accidental Death Benefits for life, even after remarriage.

FINANCIAL IMPACT - ACTUARIAL PRESENT VALUES OF BENEFITS (APVB): With respect to the eligible beneficiaries of deceased NYCERS members who would be impacted by this proposed legislation, under the actuarial assumptions used in the Preliminary June 30, 2016 (Lag) actuarial valuations of NYCERS, the enactment of this proposed legislation would increase the APVB by approximately \$48.2 million as of June 30, 2016. This amount is the sum of:

\* APVB of retroactive payments to current beneficiaries\*: \$8.9 million

\* APVB of prospective payments to current beneficiaries: \$25.3 million

\* APVB of prospective payments to beneficiaries of current active members: \$14.0 million

\*It has been assumed that no interest will be credited on these retroactive payments.

The APVB was calculated without regard to any death benefit paid by Social Security to the deceased member's eligible beneficiaries.

FINANCIAL IMPACT - EMPLOYER PAYMENTS: In accordance with the Administrative Code of the City of New York (ACNY) Section 13.638.2(k-2), new UAAL attributable to benefit changes are to be amortized as determined

by the Actuary but generally over the remaining working lifetime of those impacted by the benefit changes. As of June 30, 2016, the remaining working lifetime of the Sanitation members and beneficiaries that would be impacted by the proposed legislation is approximately 11 years.

With respect to NYCERS based on the actuarial assumptions and methods used in the Preliminary June 30, 2016 valuations of NYCERS, the enactment of this proposed legislation would increase annual employer contributions by approximately \$6.8 million per year beginning in Fiscal Year 2018.

Historically, the State of New York (the State) reimbursed the City for most GML Section 208-f payments. However, it is the understanding of the Actuary that since 2009 the State has limited its reimbursement to a fixed amount. Assuming this procedure is the same and the State does not reimburse beyond the current fixed amount, then the additional cost of this proposed legislation would be borne entirely by the City of New York.

**OTHER COSTS:** The enactment of this proposed legislation would also be expected to result in modest increases in administrative expenses of NYCERS.

**CENSUS DATA:** As of June 30, 2016, there are 7,338 active Sanitation members with an average age of approximately 42.9, average service of 12.0 years, and an average salary of approximately \$94,000.

As of June 30, 2016, there are 24 Sanitation beneficiaries of members who died on or after November 1, 1996 currently in receipt of accidental death benefits with an average age of approximately 53.3, average number of years in receipt of an accidental death benefit of 8.8 years, and an average annual pension benefit of approximately \$36,200.

**ACTUARIAL ASSUMPTIONS AND METHODS:** The additional APVB presented herein have been calculated based on the actuarial assumptions and methods in effect for the Preliminary June 30, 2016 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2018 employer contributions of NYCERS. Also, for purposes of this Fiscal Note, we have assumed that the escalation of 3% per year provided historically to this benefit will continue in the future.
