8 2. The center shall additionally provide support and access in govern-

12 § 2. Section 1836-a of the public authorities law, as added by chapter
 13 788 of the laws of 1983, is amended to read as follows:

14 § 1836-a. Legislative findings. The legislature hereby finds and
 15 declares that [~~the health, safety and general welfare of the people of~~
 16 ~~this state are directly dependent upon the state economy, and that one~~
 17 ~~of the principal problems of our present economy is the permanent clos-~~
 18 ~~ing of industrial and manufacturing plants, and their relocation out of~~
 19 ~~state, which results in the loss of jobs and increasing unemployment.~~

20 ~~It is the purpose of this subtitle to encourage the employees of~~
 21 ~~plants that are about to be permanently closed, or relocated, to acquire~~
 22 ~~such plants and to continue to operate them as employee-owned enter-~~
 23 ~~prises, thereby retaining the jobs that would otherwise be lost, and~~
 24 ~~strengthening the economic base of this state] employee ownership
 25 program is a mainstream aspect of the United States economy with approx-
 26 imately thirteen and a half million workers participating in some form
 27 of employee ownership program at over seven thousand companies. The vast
 28 majority of such programs are the result of a transfer from the business
 29 owners to the employees and in accordance with federal law that seeks to
 30 facilitate such transfers. Employee ownership transfers are in the
 31 interest of business owners, who seek to liquidate their ownership
 32 interest and retire. Such transfers are also in the interest of the
 33 employees, who gain the opportunity to ensure the future survival of the
 34 firm and their jobs.~~

35 The legislature also finds and declares that employee-owned busi-
 36 nesses are more productive, enjoy increased sales, lower turnover rate
 37 and greater longevity, offer better employment opportunities, and are
 38 more likely to retain jobs in-state and less likely to relocate out-of-
 39 state. Employee-owned businesses also sustain the state tax base
 40 through employee and corporate income tax, while saving costs on unem-
 41 ployment insurance and other state benefit programs. It is the purpose
 42 of this subtitle to amplify federal programs in support of employee
 43 ownership at the state level through loans and loan guarantees that
 44 provide financing for the conversion of existing businesses to employee
 45 ownership.

46 § 3. Subdivisions 3, 4, 5, 6, 7 and 8 of section 1836-b of the public
